The with two of the most prominent fusion England, eloquent testimony to the tidal

waves of the past. But there is little of other testimony save such as has been pre-CEDAR RAPIDS, Neb., Oct. 3-(Special.) served in the records of seaport towns. -This part of Boone county will show quite One of the greatest cataclysms ever oca change over 1896 and in place of Boone curring on the British coast was that on the coast of Lincolnshire in 1571. This has leased, 18, amount, \$18,175. Town and city and exchange of farms. The mortgages Kinley and Dietrich will carry it. The tide been commemorated in verse by Jean Ingehas set in for the republicans and will low in the poem entitled. "High Tide Off. the Coast of Lincolnshire." The Lincolnshire coast is almost uniformly low and marshyso lew, in fact, at some places that the shore requires the defense of an embankment to save it from the encroachments of the sea. A sea wall had been built when the great tidal wave of 1571 came, but it appears to have been absolutely useless as a defense of the country and the neople at that time. At the present day the fens of Lincolnshire are defended from the North Sea by some of the finest engineering cash on hand in the three banks in 1896. The first political rally of the season was works in the world and yet it is much to be doubted whether they would prove ef cash on band in the same banks amounted W. D. Oldham and Tom Neary talked fective against such invasions as that which

to \$807,935-more than three times the about imperialism. Mark Hanna and has just overwhelmed Galveston. There are ancient town records in nearly all the seacoast towns of Lincoinshire which tell of the inundation of 1751. There was then, as there is now, a chime of bells gram.;-The Weekly News of this city, a in the tower of St. Botelph, Boston, and populist organ, has suspended publication when the tide was seen to be sweeping from lack of support. Myers Brothers away the barriers the mayor of Boston of this city will attempt to revive it to himself mounted the belfry stairs and had played the old love song called "The Brides of Enderby" as an alarm to the country there having been no premention of it in storm or tempest, that the meaning of the was held at Barneston tonight and the chimes was not understood. Savants have never had an explanation of the Lincolnshire tide, coming as it did so unheralded by anything threatening a cataclyam. The

food found the people unprepared and Roses at \$150 Each and Orchids at thousands fell victims to its fury. Many of the most fatal ridal waves of The costliest of all flowers produced of which we have any history have been ac inte years, says Stray Stories, is the Rotheumpanied by earthquakes adding to their say rose, a strange-looking, flesh-colored orrors, but making it impossible to say whether the earthquake or the inundation velvety, and just like the check of a healthy has been the more fatal and destructive haby in tint. Every petal is wrinkled like The great earthquake at Lisbon in 1755 was accompanied by a tidal wave which. colling up the Tagus river from the ocean. submorged all the lower parts of the city and destroyed thousands of lives which might possibly have escaped the earthquake shocks. When the earthquake came to Caracas in 1812 there was a tidal wave at La Guayra, the entreput of Caracas, which destroyed many lives. Pive years ago a price of tidal waves, accompanied by or alternating with earthquake shocks, visited some of the most populous islands of Japan. The tidal waves reached from fifeen to twenty miles inland, being of such

ieight, force and volume ten miles from he ocean, particularly when restricted to narrow valleys, as to be capable of de-stroying much life. The number of human ves lost at that time has never been tated in any English newspaper, but that ran far into the thousands there is no com to doubt. Ten thousand is more apt o be an under than an over estimate, such were the rawages of the combined sqismic and cataclyemic terrors visited upon that part of the world during nearly a week of tays and nights of horror which, fortunately, came but seldom in the experience

f the race. A blue peony seems to be as likely a thing The affliction of Texas, while much less to encounter as a blue horse. However, a han this, is still monumental, and will Iways rank among the great catastrophes nore destructive of life, in times or places where it was impossible that any record You can pay as much as \$40 a blossom for of them should be left. But few such are has fallen upon our gulf coast.
