NEW RAILROAD A CERTANITY Senator Clark of Montana Interested in a Line Which Will Connect

Salt Lake City and Los Angeles, The building of a railroad from Salt Lake City to Los Angeles now seems an absolute certainty. Senator Clark, the Montana multi-millionaire, is backing an independent project having in view the construction of a railroad between these or two cities. The proposition was given an added impetus Tuesday night when Senator Clark was banqueted by the leading rail road and business men of Salt Lake, who assured him their hearty co-operation and assistance in the enterprise he has undertaken. Among the guests at this banquet was General Manager Dickinson of the Union Pacific.

Much interest is manifested in the build-

council of Salt Lake the donation of Pioneer square in that city for use as depot grounds and his solicitation is reported to have been received with a favor indicating

ing of this line by local rallroad officials. from the Union Pacific and officials of that company have been known to favor the move, but it is authoritatively stated that the Union Pacific has no interest in the company now heading the project. It is admitted that traffic relations will in all probability be entirely satisfactory and extremely close.
