Candidate's Actions Do Not Appeal to Men Who Are Straightforward. PIERCE, Neb., Oct. 22.--(Special.)-Pierce republicans are not going to help elect Rufus A. Lowney, the fusion candi date for state senator, this year for many reasons, the most prominent being that he doesn't practice what he preaches.

Mr. Lowney was elected county clerk in 1891, and held that office for four consecutive terms in spite of the old populist saying that two terms was enough for any populist. In 1896 Mr. Lowney made a school house campaign for Bryan and free silver and many were the predictions he made as to the calamity that would befall the country if the republicans were success-Shortly after McKinley was elected Mr. Lowney went to Wyoming and to the discomfiture of his populist friends and the satisfaction of his republican friends it was learned that he had bought 3,200 head of sheep and had them shipped to his farm in Willow Creek precinct. It can be stated that Mr. Lowney was the first to field. invest in sheep in North Nebraska after McKinley was elected. He has at different times during the past four years shipped sheep to Chicago and also cattle, of which he is an extensive raiser, and has received McKinley prices for them. The question now naturally arises, was Mr. Lowney joking in 1896, or was he in earnest. The voters of Pierce are tired of such hypocrisy and will not vote for a man who is pledged to vote for Bryan and Allen for United States senators, who will go to Washington

and try and tear down what the republican party has built up.

MATTERS IN THE DISTRICT COURT. E. W. Nash is Fighting the Creditors of the Union Land Company. The suit of E. W. Nash against the Union Land Improvement company, John W. Paul and others was commenced yesterday aft-ernoon in the district court before Judge This is the case which involves the liability of Mr. Nash to pay up the balance of his alleged subscription to the stock of the defendant company. It is claimed by John W. Paul that Nash subscribed for \$100,-000 worth of stock and only paid \$30,000. Creditors of the defunct company have brought three suits in the courts here to hold Nash liable for \$70,000, the amount claimed to be due by him for the stock. Nash denies having subscribed for any stock. He says he loaned the company \$30,000 and took stock as security. H. Baldwin and Hon. Walter I Smith.

Way to Be Shown. Thomas I. Senter, living on a farm six to Council Bluffs last night in custody of Sheriff Davis of Scotland county, Missouri. | Iowa Woman Expires While Under ter is alleged to be the man who, under the name of James L. Palmer, victimized the real estate firm of Lougee & Lougee of this city on October 14, 1898, out of \$645 on a bogus farm mortgage. Senter's al-leged partner in the deal, P. C. Bonner, is now under arrest at Fairfield, Ia. The two men are alleged to have successfully played the same kind of game all over this state for the last two years.

Senter's arrest followed on a clue obtained during Sheriff Baker's trip to Lancaster, Mo., last week after a man who was thought to be the party who had turned the trick here.

Senter was indicted by the grand jury here in November, 1898, but the authorities were unable to get any trace of him until a few days ago, although the case has been in the hands of the Pinkertons for a 'year or more. Bonner's arrest in Fairfield led to the investigation of Senter's record. Senter is known to the Pinkertons by the alias of George N. Conway. He is a man past middle age and has resided on the farm near Memphis for the last seven years. When brought here last night he was positively identified by both F. C. Lougee and E. H. Lougee as the man who had victimized them.

Senter was accompanied here by his attorney, T. H. Wagner of Memphis, Mo. His bail was fixed at the time of his indictment at \$2,500, under the name of James L Palmer. Senter secured \$645 as a loan oa 120 acres in James township, this county, a deed for which he showed from Theodore Cowitz of Oklahoma, the former owner. The deed was duly recorded here, as it bore the acknowledgment of a commissioner of oaths in Harper county, Kan sas. A few days after making the loan Lougee & Lougee learned that the deed was a forgery and that Cowitz had never heard of Palmer.

Subsequently numerous other swindles of a like nature were reported from different parts of the state, believed to have been perpetuated by Senter and his partner, Bonner. Finally one deal was miscarried and led to the arrest of Bonner at Fair-

Senter was lodged in the county jail last night. His attorney expects to be able to secure ball for him. He accompanied the officers here without requisition papers and denies ever having been in Council Bluffs before last night.

MOTOR COMPANY LOSES CONTRACT.

Illinois Central and Terminal Com-panies Control East Omaha Bridge. The failure of the motor company to pro-vide the service between this city and East Omaha as called for in the franchise granted to the Suburban company has re-sulted in it running up against a large-sized snag. The Illinois Central, as lessee of the Terminal company's bridge over the Missouri, has cancelled the contract by which the Suburban company had the right to use the bridge for its tracks. The Illinois Central and the Terminal company have even gone farther and have torn up part of the motor company's tracks at both the west

and east approaches to the bridge. The contract by which the Suburban company secured the right to use the bridge was granted by the Omaha Bridge and Terminal company and it is said was condi-tional on the former company providing East Omaha with a regular train service from and to this city. This the old motor company since it absorbed the Suburban company has failed to do. It is understood that the East Omaha Land company, which secured an injunction in the Omaha courts restraining the motor company from taking up its tracks on the west side of the Ter-minal bridge, is back of this action on the stock subscription.

He understood there was some trouble about it and that some of their rails had been taken up at eithtr end of the bridge. He thought the matter would be settled satisfactorily to both sides in a few days. The motor company, he said, had been running three trains a day only to the Iowa side of the bridge, in accordance with the provisions of the Suburban's franchise.

MILWAUKEE, Wis., Oct. 22.—Judge Walber of the Milwaukee county court today refused to appoint a guardian in this county of Seth Abbott, father of the late Emma Abbott, who is living at a sanitarium west of this city and who receives a large annuity. The court said that it had no jurisdiction in the matter because Mr. Abbott owned no property in the county.
