WORDS OF PRAISE FOR PARISH

Professional Associates Speak of Him in Terms of Commendation.

COME FROM BENCH AND BAR ALIKE

Characterized as an Able, Contentious and Fearless Lawyer Who Will Not Shrink Any Duty.

Among his intimate friends and professional associates no man stands higher than John W. Parish, the republican nominee for county attorney of Douglas county. In his years of service at the Douglas county bar he has established a reputation as an honest, painstaking and honorable attorney which is second to none among the younger lawyers. This is shown by the expressions of his friends and associates, presented herewith:

William W. Keyser, Judge of the district court: "I have known Mr. J. W. Parish, who is now the republican candidate for the office of county attorney of Douglas county, for ten or twelve years, both as a brother attorney and as a practitioner before me in the district court of this district. I have always found him to be a careful, prompt and industrious lawyer, courteous to the court, resolute in the prosecution or defense of the rights of his client, and gentlemanly to all with whom he came in contact in the trial of causes. I believe that Mr. Parish, if elected, will conscientiously devote his time and ability to the duties of his office."

ABSOLUTE SECURITY. Genuine Carter's Little Liver Pills.

Must Bear Signature of Brewster Wood

and he has made himself the capable attorney of Douglas county a clear, vigorous administration of the office of county attorney. I can say to the voters, without hesitation, that they will make no mistake in electing him to that office. Mr. Parish is a lawyer of ability, a man of convictions and with the courage of his convictions."

E. M. Bartlett: "I have known John W. Parish for the last twelve years as a hard working, painstaking, conscientious young lawyer. I know him to be a young man of ability and worthy the position of county attorney. I believe that Mr. Parish would fill the position ably. He is a young man of excellent character and above reproach."

J. M. Woolworth: "I have known John W. Parish for many years, both professionally and otherwise. In my opinion he will make a competent, energetic and conscientious county attorney if he is elected. As I hope he will be."

W. A. Corson: "Yes, sir, I know John W. Parish—has known him for eleven years. He is able, conscientious, a hustler and has the nerve to do his duty. I certainly shall vote for him, as I believe he will make an honest, efficient county attorney."

W. D. McHugh: "I have known Mr. Parish for years and know him to be straightforward, honest and a capable attorney."

Will Make Ideal County Attorney. D. M. Vinsonhaier, county judge: "I have known John W. Parish for the last ten years; have known him intimately and have always found him a pleasant and agreeable man, with an ambition to succeed in his profession. He is honest, energetic and trustworthy and will make an ideal county attorney. He should and will be elected."

H. H. Baldrige: "I have known Mr. Parish, the republican candidate for county attorney, ever since he was admitted to the Douglas county bar. As a partner of Mr. Isaac Congdon he has had, for a young man, a very extensive practice at the bar. He has proved himself to be an honest and conscientious worker in his profession and has shown much more than ordinary ability. I believe he has the qualifications of a good trial lawyer. The office of county attorney is a very important one and calls for a high order of administrative ability. I believe that Mr. Parish will bring to the office that painstaking care and studious regard for the details of the office that would make his term of service a very successful one. There is no reason why he should not secure every republican vote in the county."

Came Near Dying. "For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lowther, clerk of the district court, Centerville, Ia. "I thought I should surely die and tried a dozen different medicines, but all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and three doses relieved me entirely. I went to sleep and did not awake for eight hours. On awakening a few hours ago I felt so gratified that the first work I do on going to the office is to write to the manufacturers of this remedy and offer them my grateful thanks and say: 'God bless you and the splendid medicine you make.'"

Controversy Will Go Over. WASHINGTON, Oct. 26.—The adjustment of the controversy between the Navy department and the armor plate companies over the price of armor plate probably will go over until after the return of Secretary Long from the west, as there is no prospect of his being able to dispose of the matter before his departure.

His western trip probably will consume ten days and then the secretary will go to Massachusetts to vote.

WOMEN CAN'T VOTE FOR BONDS

Attorney Herring of Board of Education Decides Against Them.

JUDGES ARE INSTRUCTED ACCORDINGLY

State Superintendent Jackson Re-affirms His Former Ruling, but It Will Not Be Enforced.

Women will not be permitted to vote on the High school bond proposition at the coming election. Carl E. Herring, attorney for the Board of Education, has decided that the validity of the bonds might be questioned in case women vote and will have all judges instructed not to take women's ballots on the bond proposition. The Board of Education ticket and the bond proposition will be printed on separate ballots, so there will be no danger of confusing the ballots cast by women.

Herring, "but I know how cautious investment companies are concerning elections at which bonds are voted, and I think it is best to avoid any difficulty. There is no question that the proposition will carry without the assistance of the women and allowing them to vote might cause much confusion."

Secretary Burgess of the Board of Education wrote State Superintendent W. R. Jackson for an opinion in the matter and received the following reply under date of October 24:

In reply to your inquiry I will say it is my opinion that women who are entitled to vote for members of the Board of Education in metropolitan cities are entitled to vote upon the question of issuing bonds for the erection of school buildings. W. R. JACKSON.

SPOONER'S VOICE GIVES OUT

Judge James B. Belford of Colorado Will Speak in His Stead at Trocadero Meeting.

The state republican committee received a telegram from Senator John C. Spooner of Wisconsin yesterday stating that his throat had given out under the strain of constant speaking and that he would be obliged to cancel his engagement at the Trocadero theater in Omaha Saturday night. The committee found some difficulty in filling the vacancy at such a late date, but after correspondence with Judge James B. Belford of Colorado, Senator Dooliver of Iowa and Patrick O'Donnell of New York managed to secure the services of Judge Belford, who, it is believed, will fill the Wisconsin senator's place satisfactorily.

For a Cold in the Head.

LAXATIVE BROMO-QUININE TABLETS. Building Permits. The city inspector of buildings has issued the following permits: W. F. Olson, 1125 North Seventeenth, repairs, \$50. Atlantic Realty association, Thirty-second and Cumming, frame cottage, \$1500. S. W. Horton, Tenth and Arbor, frame dwelling, \$1000. T. N. Julian, Fifth and Bancroft, frame dwelling, \$1500.

LAWYERS GIVEN DAMAGES

Chicago Men Secure Decision for Injuries Received from City's Smoke.

CHICAGO, Oct. 26.—A verdict which it is thought will result either in endless litigation or in the abatement of the smoke nuisance, and which, if sustained by the supreme court, may serve as a precedent for decisions in other smoke-clouded cities, was rendered today in the circuit court. Lawyers Emory S. Walker and Brode B. Davis, having offices in the Twelfth story of the Association building, by the verdict are awarded \$1000 damages for injuries received from the smoke from the New York Life building.

Bishop Must Hang.

FRANKFORT, Ky., Oct. 26.—The court of appeals today affirmed the death penalty judgment of the Kenton circuit court in the case of Wallace Bishop, sentenced to hang for the murder of a Covington policeman while resisting arrest for the murder of a tramp. His home was in Illinois.

Relief for Indians.

PHOENIX, Ariz., Oct. 26.—The government is preparing to relieve the suffering of the drought-stricken Indians on the Sacaton reservation. Several carloads of rations will leave here in a few days and will be distributed among the destitute.
