

RALLY OF GERMAN VOTERS

Blz Hundred of the German Republican Club Hear Good Speeches.

NOT SCARED BY BRYANITE BUGABOOS

Dietrich, Brucker, Rosewater and Mercer Checked to the Echo by the Bohemian Turners Hall.

The German Republican club, 600 strong, held an enthusiastic rally last night at Bohemian Turner hall on South Thirteenth street.

Robert Pink, president of the club, was chairman of the evening. Alfred J. Cleary, John F. Brucker and H. H. Baldridge, candidates for the state senate, and Mel Uhl and Burton E. Withey, candidates for the lower house of the legislature, occupied seats on the stage, together with the following: W. F. Wapshott, Paul J. Schuman, Ivan Schanahan and George Heimrod.

When Charles H. Dietrich was introduced as the next speaker of Nebraska he was greeted by a storm of applause which showed the favor in which he is held by German-Americans.

William Jennings Bryan is attempting to stand on three platforms to advance three sets of principles which are entirely different. He is willing to swallow anything which would gain him votes.

In 1896 Mr. Bryan drew his support from silver states in the west, from silver states and from the southern states whose representative stand for disfranchisement.

German-Americans have never been assured by free silver. They invested four years ago that we must have sound money and protective tariff and the result is advanced prices for cattle and hogs and millions of dollars worth of cancelled mortgages.

Under the wise guidance of William McKinley the interest on government obligations has been reduced to two per cent. Bryan prophesied that the rich would grow richer and that the poor would grow poorer under the gold standard.

where every soldier loves his country. Shall we tear down our flag in the Philippines because of the teachings of Bryan? (Cries of "No.") We will abolish slavery and polygamy and allow old glory to float "Lincoln and Liberty" McKinley and Prosperity are the watchwords which will subvert Nebraska next Tuesday.

Editor Brucker's Speech. Before beginning the discussion of national issues, Mr. Brucker commended Edward Rosewater to German voters as a desirable candidate for the United States senate and urged that C. H. Dietrich be supported by all German voters for the governorship. He spoke, in part, as follows:

If the republican party ever had reason to be proud upon its achievements, if ever it prospered in pointing to brilliant results, it was in the year 1896. If ever it only merited the gratitude of the entire nation, it was in the year 1896. It is the year 1896 that we should remember with gratitude and pride. It was in that year that the republican party gave expression to the American ideal and the progressive ideas of the American people.

Change Brought Betwixt. The change in the administration in 1898 brought all this to a halt. As the republican party was the victor of 1896, so it was the victor of 1900. It is the year 1900 that we should remember with gratitude and pride. It is the year 1900 that we should remember with gratitude and pride.

Expansion is the law of nature. The American nation has expanded ever since its infancy and has either destroyed or driven to a reservation every Indian tribe that stood in its way. It is the year 1900 that we should remember with gratitude and pride. It is the year 1900 that we should remember with gratitude and pride.

Paramount Issues are Plentiful. Paramount issues are so numerous with the democrats that they have become ludicrous. The one great issue in which we are all interested is the preservation of the republic and the continuance of prosperity. By establishing a demarcation between the labor of Americans and that of workmen in foreign lands through tariff legislation, we have protected our country and brought about prosperity which has increased the price of farm products and benefited all classes.

logical to ask: Is a man who in financial questions is such a machine not also unreliable and inconstant in other respects? The election of Bryan would be a disaster for the country and would cause a catastrophe worse than that which in 1893 followed the election of Cleveland and surrendered both houses of congress and the executive to the democracy.

The revolution in the Philippines would have ended long ago if it had not always been kept alive by the hope of a victory of the democracy. Our own soil was dragged for four years because the southern friends found moral support in a part of the northern democracy and England and France. After the defeat of Bryan on November 6 there will be no longer a rebellion in the Philippines. The democracy has no right to accuse the republican party of doing injustice to the Philippines. However, so far as the republican party has participated in colonization and in the formation of states liberty and human rights have fared well, while the democracy, wherever it has set its foot, tramples upon human rights, disfranchises the negro states, and sets up a constitution and institutes an oligarchy of the whites.

Friend Champion of Liberty.

Chairman Pink introduced Edward Rosewater as the man who, above all others in Omaha and Nebraska, has stood for religious and civil liberty. Mr. Rosewater was greeted with loud applause and was frequently interrupted during his speech by the plaudits of the enthusiastic audience. He spoke in part as follows:

In the closing of a great campaign it is fitting to look back and see what steps our American people have done in upbuilding the United States. At the beginning of the civil war the majority of German-Americans were republicans. The first shots in the war were fired by German soldiers in Missouri. Upon the Germans the United States depended for the preservation of the union. (Applause.) In the cemetery at Chattanooga and Arlington it will be found that fully one-third of the graves are those of German soldiers.

Germany are imbued with the love of liberty. The slave fought with Washington in the revolution and have always rallied to the support of the flag. Prohibition and temperance agitation drove some of them away from the republican party, but for the most part they have been loyal to the great principles advocated by republicans. They settled Pennsylvania with sturdy sons who give the republican ticket a majority of 30,000.

They cannot hoodwink the German voters into accepting a financial standard. He insists that the republican party places the dollar above the man, but German voters know that this party put the 100-cent dollar within reach of all thinking men. (Applause.) Bryan cannot make thinking men accept his theory of the laboring man and the farmer know that they are the ones who suffer when there is a change of standard. Wealth can take care of itself, but labor is dependent upon honest money.

Paramount Issues are Plentiful. Paramount issues are so numerous with the democrats that they have become ludicrous. The one great issue in which we are all interested is the preservation of the republic and the continuance of prosperity. By establishing a demarcation between the labor of Americans and that of workmen in foreign lands through tariff legislation, we have protected our country and brought about prosperity which has increased the price of farm products and benefited all classes.

The golden era did not come with the discovery of new gold fields, but in the increase of our exports, which far exceed in value the products of our mines. (Applause.) Advocates of free silver contend that there is not gold enough in the world for the proper transaction of business, but under the present financial system there is no scarcity of the precious metal. It is shoved out daily by the bankers, who are anxious to get rid of it. In Guatemala, where the silver and paper money are watered by the government, gold is worth one per cent as much as the cheaper money.

All that Bryan and Altgeld can say will never get the United States to make another attempt at stamping money and making it legal tender by legislation. Money with nothing to redeem it is worthless, and the

scant and pathetic crowd that sat shivering under the canvas tent at Fourteenth and Capitol avenue last night to hear John H. Altgeld present a sad contrast to the glowing picture of rampant enthusiasm portrayed by the speaker as existing among democrats at the eleventh hour of the presidential contest. The chill night was as a white heat compared with the political excitement that had passed physically by putting their hands in their pockets and turning up their collars, but none of the democratic spellbinders possessed the power to warm them up demagogically.

Altgeld was kept in the background for an hour after the time scheduled for his meeting to begin to give the people a chance to come. As a curtain-raiser a few of the local candidates delivered addresses. The chairman, Harry O'Neill, called first on W. F. Wapshott, who introduced as the man responsible for giving the people a chance on the state books than any other man in the state. The address was a vainglorious review of Wapshott's efforts in the legislature.

Governor Altgeld talked almost exclusively about the trust and equity opportunity. His speech was a refrain to Bryan's lament on the "Young Man Abandonment." He dwelt on the dividing chance of prominence and success the youth of the present day enjoy owing to the oppression of the trusts. Monopolies were driving the small business man and the dependent worker into the ranks of clerks, depriving them of their social liberties.

The conditions of life are becoming harder and harder for men and women doing work with their hands. The remedy proposed for all the evils brought about by the oppression of the trusts was tariff legislation. The speaker declared anti-monopoly laws unnecessary. But the democrats in power, he argued, will enact measures for the reduction of tariff that will bring the goods and commodities of foreign countries into competition with those of the American manufacturer and break the backbone of the trusts for all time to come.

Joint Club Meeting. A joint meeting of the Seventh Ward and West Omaha Republican clubs was held at Yocum and Center streets Saturday night. G. S. Anderson presided as chairman of the meeting, which was attended by republicans living in the western confines of the city. The speakers were Nelson C. Pratt, John W. Batten, W. L. Kierstead, Gus Harris and others.

Political Notes. Workmen of Omaha who will participate in the annual convention of the I. O. O. F. at St. Paul, Minn., are requested to meet in front of Labor hall at 11 o'clock Saturday morning. All Swedish-Americans will meet on the corner of Sixteenth and Harney to participate in the annual convention of the I. O. O. F. at St. Paul, Minn., on Monday night. The speakers will be G. S. Anderson, W. F. Wapshott and others. The speakers will be G. S. Anderson, W. F. Wapshott and others.

George A. Potts, Upper Sandusky, O., writes: "I have been using Dr. Greene's Nervura for the hemorrhoids and find it the best remedy I ever used. It stopped the itching immediately and relieved all soreness." Mrs. Helen J. Drug Co., Omaha, Dillman's drug store, South Omaha.

Mrs. Abbie S. Burnett, who has spent more years in India, tells the story of a bad case family. She dresses in corsets and speaks in the first person. She says she had a picture the family life and describe her experiences. From her early marriage through the terrible experience of having her only son break outside and leave home up to her supposed visit to America, she has a story to tell. She is a family nurse woman. As she gives a family picture her story is listened to with equal interest by men and women and boys and girls. She will speak in the first person. Her address is 1111 S. 10th St., Omaha, Neb. She will speak on Sunday, November 3, at 4 o'clock. You are cordially invited to come and hear her.

MUCH ENTHUSIASM FOR DIETRICH

Enthusiasm of the most pronounced sort marked the closing republican rally at the Trocadero theater Saturday night.

The meeting was a fitting climax to the campaign waged by the republicans in this city. It was lacking in no particular that might have contributed to its success. Men and women in numbers so large that the seating capacity of the theater was taxed attention to our famous \$3.00 hat, a hat that comes in all the colors and shades of the higher priced ones, also comprising their style and tone. Our line of gloves for men's wear, for all occasions, is the most complete in the city and the prices, like the quality, are satisfactory.

The meeting was a fitting climax to the campaign waged by the republicans in this city. It was lacking in no particular that might have contributed to its success. Men and women in numbers so large that the seating capacity of the theater was taxed attention to our famous \$3.00 hat, a hat that comes in all the colors and shades of the higher priced ones, also comprising their style and tone. Our line of gloves for men's wear, for all occasions, is the most complete in the city and the prices, like the quality, are satisfactory.

Mr. Frederick Hatter

says: "In calling attention to our line of new fall and winter hat styles we wish to add that this season more than any other we propose to make this the young men's store. Besides the old and reliable makes of Dunlaps and Stetsons we have given a great deal of attention to our famous \$3.00 hat, a hat that comes in all the colors and shades of the higher priced ones, also comprising their style and tone. Our line of gloves for men's wear, for all occasions, is the most complete in the city and the prices, like the quality, are satisfactory.

A Universal Food Chopper—

is a wonderful little machine that can be used for cutting meats or vegetables, a pulverizer or grater and is the simplest chopper made. It is self-sharpening, easily cleaned and adjusted, and easy to operate. It will cut all kinds of meat, raw or cooked, and all kinds of vegetables and fruit as fine or coarse as desired. It does away with the use of the chopping bowl and knife. All the week we will have a practical demonstration by an expert of this wonderful machine at our store, and invite the ladies to call.
