

BRYAN'S COURAGE GIVES OUT

No Longer Does He Claim New York as Belonging to Him. CANNOT WIN WITHOUT THE EMPIRE STATE. Much Glom Settles Over Popocate as Result of a Conference Held After Return of the Candidate.

LINCOLN, Nov. 5.—(Special.)—W. J. Bryan does not expect a democratic victory in New York state. This he practically admitted to political friends who conferred with him at his home last night. He professed to be hopeful of the general result, however, and maintains that conditions are favorable for democratic success in Illinois, Indiana and Ohio. Democratic and populist party leaders in this city now agree with Mr. Bryan, but before he turned them all thought that New York was more likely to go democratic than any of the other states mentioned.

Vice Chairman Edmiston of the populist national committee has contended that the general result depended entirely on the vote in the Empire state, and as he is now disposed to concede it to the republicans, it is concluded that he believes the fight is lost. Members of Bryan's traveling party look upon New York state as safely republican and they do not think that more than one of the other states will go democratic.

One of the men who conferred with Bryan last night, said: "It is very clear that Bryan will have to carry New York, Ohio or Illinois and Ohio to be elected. The signs are not so favorable for carrying the former state as they were two months ago and although we hope to get the other states the indications are not so encouraging as they might be. Mr. Bryan thinks he will succeed, but if half of the reports that come from Illinois and Ohio are true I cannot see where he can possibly get a majority of the electoral votes."

Should Put Aside Politics. COLUMBIA, Nov. 5.—(Special.)—Rev. G. A. Monroe, in the Times of this city, speaks thus of the republican candidate for state superintendent of public instruction: "There is at least one state office that should be entirely divorced from politics and that is the office of state superintendent of public instruction. It is a position that should be held by a man who is not a politician, but a man who is a scholar, a man who is a student of the human mind, a man who is a student of the human mind, a man who is a student of the human mind."

Republicans Offer Reward. HARRISBURG, Nov. 5.—(Special.)—The article which appeared in the World-Herald of November 3 to the effect that N. M. Graham (state county superintendent of schools for this county) had written Chairman Edmiston of the populist state committee, that he had offered to offer to pay the fare and expenses of two fusion voters if they would go to Omaha and stay over election, has been taken up by the republican county committee, who make the offer of \$100 for the arrest and conviction of any republican making the offer.

Rally at Douglas. DOUGLAS, Nov. 5.—(Special.)—Charles E. Winter of Omaha delivered a two hours speech at the republican rally Saturday night. The meeting was held in the opera house and was well attended. Many fusionists were present in such a manner that even the fusionists admitted it was a good speech. Although this is a community where few changes are ever made, a number of conversions from Bryan to McKinley have been reported. The republican vote will show up well.

Fulton Rally a Failure. TRENTON, Neb. Nov. 5.—(Special.)—The widely advertised and much-talked-of county fusion rally was almost a complete failure. No speakers could be obtained, although G. M. Hitchcock was expected. A few local speakers spoke to the small crowd that assembled. Little enthusiasm was demonstrated, as the people can easily read in the eastern sky four more years of good times and victory that is written in letters of gold. Indications point to larger republican majorities than for some time in this county.

Fusion Campaign Closed. NORTH LOUIS, Neb. Nov. 5.—(Special.)—The last rally of the campaign was held here by the democrats, Saturday evening. A fair crowd was in attendance and all the candidates for office were present. District Judge Nunn was the principal speaker. W. E. Whitner, candidate for state senator, and J. A. Allen, for the house, made laborious efforts to catch a few farmers' votes. Nothing new was said and enthusiasm was conspicuously absent.

Registration at Plattsmouth. PLATTSMOUTH, Neb. Nov. 5.—(Special.)—The total registration in this county is 1,102. There will probably be over 1,200 votes cast here, as many did not register.

REMEMBER

That you have a right to express your choice for the two men you want the legislature to elect to represent Nebraska in the United States senate. This right is given to you by the constitution of Nebraska as the nearest approach to the election of senators by direct vote of the people. Remember, also, that an expression of preference must be followed by a vote for the legislative candidates who will carry out the popular will. In other words, be sure to put a cross opposite the name of your preferred candidate for United States senator and also opposite the names of the republican candidates for the legislature.

NEBRASKA CITY IS UNITED

Democrats and Republicans Join Hands in Standing Up for Welfare of Town. NEBRASKA CITY, Nov. 5.—(Special.)—The overall theater was filled to overflowing tonight by citizens of the city of all shades of political belief, who gathered to listen to speeches by business and professional men who discussed the political issues from a nonpartisan standpoint. They applauded the action of the attorney general in commencing the suit against the starch factory and urged their hearers to stand up for the material welfare of their town by voting the republican ticket. Mayor John Maties was chairman of the meeting and delivered a strong address. John W. Steinbarr, cashier of the Otse County National bank and a life-long democrat, made a logical and forcible speech. William H. Hayward and John W. Dixon also delivered addresses.

At the conclusion of the program, there were loud calls for J. Sterling Morton, who responded briefly. He stated that if Nebraska City gives a majority for McKinley tomorrow that the capacity of the starch factory will be increased 4,000 bushels within this year. He concluded by saying that he would vote the straight republican ticket and urged every business man and laboring man to do likewise.

The fusionists wound up their campaign by an attempt to stir up a riot outside and a speech by George W. Bryan, candidate for congress. Less than thirty voters marched in the parade and a small hall was amply sufficient to hold the people who cared to listen to George's speech. The fusionists had all hope of carrying the county.

REPUBLICAN VICTORY ASSURED.

Democrats Lose Hope After Registration Results Become Known. BEATRICE, Neb. Nov. 5.—(Special.)—The registration in the city up to Saturday night is 1,951, of which 1,218 are registered as republicans. This gives a republican majority of 543 votes, which it is thought will increase at least 100 by the votes cast on election day. The republican ticket held their last grand demonstration before election in the city tonight. A grand torchlight procession over a mile in length was the order of the evening. The parade was the largest ever held in the city and great enthusiasm was manifested.

The democrats have practically given up the fight in this county and are discouraged. A number who would have voted for Forster are now determined to vote the republican state ticket, owing to the bad state of affairs at the institute for the Feeble Minded. Ever since Dr. Downing has had charge he has been out campaigning and as a consequence the inmates have lacked proper medical attention in the outside world. Day of Speaking at Holdrege. HOLDREGE, Neb. Nov. 5.—(Special.)—The greatest political rally held in this city during the present campaign was held here today. The day's deliberations opened with a political address in 10:41 a. m. by special train, accompanied by Governor Forster, A. Schallenbarger and other fusion candidates.

Bryan Meetings at Pawnee. PAWNEE, Neb. Nov. 5.—(Special.)—The campaign closed here last night at which time the citizens listened to the best speech of the campaign. Hon. Davies, being the speaker. His argument was convincing and yet not offensive. The Plattsmouth News quartet was present and their campaign songs were loudly applauded.

Injured in Runaway. PLATTSMOUTH, Neb. Nov. 5.—(Special.)—While Mark White and wife were returning to their home in the country from this city last evening, the team became frightened and ran away, throwing both of the buggy. Each was more or less bruised and it is reported that he lost one ear. They were brought to this city and a physician dressed the wounds.

MILLIONS IN STATE BANKS

Report of Nebraska Institutions Shows a Satisfactory Condition. GENERAL DEPOSITS UNCOMMONLY HEAVY. Secretary Hall Gives Out a Statement Which He Says Will Compare Favorably with Any State in the Union.

LINCOLN, Nov. 5.—(Special.)—No better evidence of the general prosperous condition of Nebraska can be found than in the quarterly report of all state, private and savings banks, which was issued this morning by the state auditor, Mr. Hall. This report shows an increase in all important items excepting real-estate and bills payable. In the item of deposits there is an increase of \$1,450,049.99. In loans and discounts the increase amounts to \$450,000.11.

Attached to the report is the following comment by Secretary Hall: "This report, like the one preceding it, is a very flattering showing for our banks and will compare favorably with the showing made by the banks of any state in the union." In comparison with preceding reports the showing of the Nebraska institutions is unparalleled. For three years there has been a steady increase in deposits, but never in recent years has the item reached such a high mark as shown in the last report.

Following is the summary of the condition of all Nebraska banks, exclusive of national banks: RESOURCES. Loans and discounts, \$1,450,049.99. Overdrafts, 260,800.00. Stocks, securities, judgments, claims, etc., 100,000.00. Deposits from national, state and private banks and trust companies, 10,000,000.00. Banking house furniture and fixtures, 115,454.72. Real estate, 1,100,000.00. Current expenses and taxes paid, 75,000.00. Cash on hand, 1,000,000.00. Assets not otherwise enumerated, 11,000,000.00. Cash items, 1,000,000.00. Total, 21,995,354.71. Liabilities. Capital stock paid in, \$3,850,000.00. Surplus funds, 1,100,000.00. Dividends unpaid, 1,000,000.00. General deposits, 10,000,000.00. Other liabilities, 1,045,354.71. Notes and bills rediscounted, 49,254.71. Bills payable, 1,000,000.00. Total, 21,995,354.71.

Secretary Hall, who issued this report, is chairman of the democratic state central committee and today he traveled with Mr. Bryan, telling the people there is no prosperity in the state and quoting from old mortgage statistics to prove his statements.

RALLY AT LINCOLN A WINNER

Closing Gathering of Republicans Surpasses the Season's Record for Enthusiasm. LINCOLN, Neb. Nov. 5.—(Special.)—In marked contrast was the final republican rally tonight with the closing event of the fusion campaign on Saturday evening. More than four times as many persons marched in procession through densely crowded streets and more than three times as many persons listened to the speaking.

Charles H. Dietrich, the gubernatorial nominee, Congressman E. J. Burkett and Gus Hyers, the latter a mechanic employed in the Burlington shops at Havelock, were the speakers. The meeting was held in the auditorium and the crowd assembled there was as large as the attendance at any of the meetings held in the city. Every seat was filled long before the speaking began and when Charles H. Dietrich was introduced there was no vacant standing room in the building.

The parade was one of the longest of the campaign, fully 1,500 men being in line. Following a platoon of police, a drum corps and the parade marshal came the carriers containing the speakers and prominent republicans, and then the following clubs: Union Veterans, German McKinley Traveling Men, Ladies McKinley Scandinavian, Havelock Flambeau, University Place, Colored Republican, McKinley Junior, Hayward and the seven ward clubs.

Mr. Dietrich next spoke of the mismanagement of state institutions, the improper administration and devoted some to a discussion of national issues. He called attention to the fact that the only states that supported Bryan in 1896 were "the southern states that never allowed the constitution nor the Declaration of Independence to follow the flag, the western drought-stricken states and the silver-producing states. Not a single state north of Mason and Dixon's line went for Bryan then, and none of them will do so tomorrow."

He spoke of prosperity and then of the Philippine policy, saying: "Shall we, like a lot of weaklings, shrink the responsibility we owe to humanity and tear down the flag in these islands and allow the innumerable tribes and foreign nations to engage in the trade in the slave trade and allow the flag to float where it now stands?"

Closing Rally at McCook. MCCOOK, Neb. Nov. 5.—(Special.)—The congressional senatorial and county campaigns were closed in this city tonight with a tremendous rally, the opera house being utterly inadequate to accommodate the people who came out to celebrate the event with their enthusiasm and deep interest. Short speeches were made by W. R. Starr, candidate for county attorney, Dr. J. E. Haathorn, nominee for representative, after which Hon. W. S. Morlan delivered a brief speech on the issues of the campaign from the republican point of view. His speech was received with deep interest and closest attention, his utterances being cheered at many points as he presented the policies and principles upon which the republican party hopes to win this campaign in the Fifth district and in the nation.

The Nebraska Brigade band and the McCook Glee club were in evidence, the former playing a concert before the speeches and later contributing an excellent set of dances interspersed during the meeting. It was a fitting close to an important campaign closely fought, a campaign that republicans have great confidence will mean victory for the party in the Fifth district at the polls tomorrow.

Sets a Man on Fire. WINNETON, Neb. Nov. 5.—(Special.)—A very pleasant dancing party here Saturday night ended suddenly and almost disastrously at about 11 o'clock by the death of a man who was set on fire by a lighted match. The man was in an instant in a mass of flames, and making a rush for the door nearly set fire to others. No one aside from the burned man was injured and he was not burned badly.

WARM FINISH AT HASTINGS

Different Party Followers Line Up in Two Rival Parades. PRIZE DEMONSTRATION BY REPUBLICANS. City in a Blaze of Red Fire and Dense Crowds March the Streets to the Noise of Many Discordant Bands.

HASTINGS, Neb. Nov. 5.—(Special.)—The city of Hastings was ablaze with enthusiasm and fireworks. The thoroughfare was a mass of humans packed so closely that moving was difficult almost everywhere and on Second street it was impossible. There were scores of bands playing in the parade and the national air was blown by the wind, which made a commingling of anything but music. The heavens were ablaze with a magnificent display of fireworks and had an electric spark been touched to the fuse of the grander sight could have been witnessed.

Comparison of Parades. The republican parade was at least five or six times as long as that of the fusionists and was enveloped with six brass bands and two drum corps, while their opponents were content with one. The republican demonstration witnessed here tonight was the largest and most enthusiastic rally the western part of Nebraska has seen for eight years and if tonight's demonstrators are an indication as to how the state will vote, Nebraska will be placed in the republican column after tomorrow. Many of those who had taken an active part in politics four years ago in the interest of Bryan were at the head of the parade and were recognized by the spectators along the line of march by a mighty uproar of cheers went up, followed by thousands of balls of colored fire that punctured the atmosphere in every direction.
