CASE AGAINST THE MAYOR

New York World States it Has Discovered Important Telegram.
LETTER OF THE ATTORNEY GENERAL
Communication of Davis to Governor Roosevelt Shows Position Taken by Officials of the State on the Charges Against Van Wyck.
NEW YORK, Nov. 9.—In connection with the answer of Mayor Van Wyck to the charges against him filed with Governor Roosevelt regarding his alleged improper connection with the American Ice company, the World today prints a telegram purporting to have been sent by B. B. Odell, chairman of the republican state committee and nominee of the republican state convention for governor, to Governor Roosevelt as follows:
September 2, 1899.—To Theodore Roosevelt, Governor of New York, Cripple Creek, Colo.
Dear Sir: I am writing you to inform you that I have just received a telegram from Mayor Van Wyck at this time. It must be held until after the election is over. This would imperil our chances and get us into a useless wrangle. I have also wired Davis.
Mr. Odell was asked at his home in Newburgh today to affirm or deny the authenticity of the telegram, but refused to make any statement at this time.
A reporter called on Governor Roosevelt at his home in Oyster Bay today and asked him as to the genuineness of the telegram given above. The governor declined to make any statement beyond calling attention to the fact that about ten days before the election he had said to newspaper reporters that there was no possible objection to Mayor Van Wyck giving his answer, but as far as he was concerned the usual custom would be followed, and the answer, together with any communication from the attorney general, would be made public at the same time the decision was given out.
In the letter of Attorney General Davis to Governor Roosevelt, dated October 4, communicating the answer of Mayor Van Wyck, the attorney general says:
The mayor, I am advised, admits that during his incumbency of the office he has been the owner of shares of stock in the American Ice company. He also admits that during the period in which he was the owner of stock in the American Ice company he had contracts with the mayor for the sale of ice to various departments of the city and for the leasing of docks belonging to the city. In my opinion the owner of stock in the corporation is interested in the payment of that word as employed in section 1333 of the Greater New York charter in a contract between the corporation and the city.
Evidence of Guilt Necessary.
Further on in his letter to the governor the attorney general says:
In order to justify the mayor's removal I do not believe that it is necessary to establish a case against him upon which he could be convicted of a crime under the provisions of section 1333 above referred to. It is of the utmost importance that no further proceedings should be taken in this matter until such time as the evidence charges which are grounds or which would justify the removal of the mayor are clear and convincing. It is of the utmost importance that the charges are made upon information and belief, and considering the great expense, both to the state and to the mayor, I believe that if a commissioner is appointed or any further proceedings taken in this matter, you should require the petitioner to place you in possession of evidence which would justify the removal of the mayor.
In a statement, the mayor's answer would not be made public at this time. As I have already stated, the denial and allegations are explicit, and it might as well be suggested that the charges should be dismissed or that a commissioner should at once be appointed, and the mayor given a speedy opportunity to exonerate himself.
You are powerless to act in this matter during your absence from this state. You cannot do so in any other way. I am informed that Mr. Woodruff will decline to take the responsibility of appointing a commissioner.
Odell Says Telegram is a Forgery.
Governor-elect Odell came to this city tonight, and when asked about the telegram said to have been sent by him to Governor Roosevelt to support the answer of Mayor Van Wyck to the "ice trust" charges, he said:
That alleged telegram is signed "B. B. Odell." That is not my name. I never signed my name in any other way but "B. B. Odell, Jr." My father's name is B. B. Odell. I asked my father if he had sent a telegram to the governor, and he said he did not know of any other B. B. Odell.
Everyday efforts were put forward to ward the election of McKinley and Roosevelt. If I knew of any way to add fifty votes to McKinley and Roosevelt I do it. Even if I had sent that telegram, what does it amount to? I have an investigation made in this office (state headquarters), but no record has been found of any such communication to Governor Roosevelt while he was at Cripple Creek.

BADLY WANTED AT PEKIN

Waldersee Will Attempt to Force Return to Chinese Capital.
SUPPLIES OF ALL KINDS TO BE CUT OFF
Germany Believes That Russian Government Can Satisfactorily Explain Seizure of Lands at Tien Tsin.
BERLIN, Nov. 9.—The correspondent of the Associated Press heard today a statement made in high military circles to the effect that Count von Waldersee's plan of campaign principally contemplates forcing the return of Emperor Kwang Su and the empress dowager to Pekin by pushing expeditions nearer to them, cutting off the supplies and preventing large reinforcements from reaching them.
The German Foreign office has been informed regarding the alleged insult offered by Russian troops at Shan Hai Kwan to the British flag. It believes that, if there be any foundation for the report, the incident probably will be immediately adjusted by the higher officers.
Nothing has been heard officially by the Foreign office concerning the alleged annexation by Russia of the left bank of the Pei Ho at Tien Tsin. It is thought here that the report probably means that Russia is carrying out her intention, proclaimed long ago of acquiring a settlement in Tien Tsin, where Great Britain, Germany and France have already settlements. Cablegrams from Dr. Mumm von Schwartzstein, the German minister in China, are frequently received by the foreign office, but these contain, as a rule, only what is not adapted, Foreign office officials assert, for present publication and German, like the other powers, maintains silence as to the information received from its representative.
The kidneys are small but important organs. They need help occasionally. Prickly Ash Bitters is a successful kidney tonic and system regulator.

PERSONAL PARAGRAPHS.

F. M. Woods of Lincoln is in Omaha.
A. G. Murke of Lincoln is at the Millard.

LOCAL BRIVITIES.

The North Omaha sewer is being completed at the rate of seventy feet a day, which is unusually rapid work on a sewer of this length.
Peter Klewitt has been granted a building permit for a frame dwelling to be built at Fort Crook and Hickory streets at a cost of \$1,200.
Thirteen precincts are still unheard from on the school election, and Secretary Burgess does not expect to have any additional information concerning the results until the official canvass is made Monday night.
Hot ashes set off to a story and a half frame house at 310 South Twentieth street yesterday afternoon, but the blaze was extinguished before much damage was done to the structure. The damage is estimated at \$10.
A small hall adjoining the democratic county headquarters at 134 Farnam street which is used as a receptacle for ashes and other refuse, was set on fire late Friday afternoon that did little damage owing to the timely arrival of the fire department.

AMUSEMENTS.

"The Singing Girl"—
A comic opera in three acts. Book by Stephen Van Lerberghe, lyrics by Harry B. Smith. Score by Victor Herbert. Produced for the first time in Omaha at the Grand Opera House last night by Alice Nielsen and company.
CAST OF CHARACTERS.
Duke Rodolph, Governor of Linz.....Eugene Cowles
Count Otto, looking for his "well beloved".....Richie Ling
Prince Pumpernickel, one whom she cannot wed her custom.....Joseph Herbert
Aufpassen, Minister of Police.....John C. Slavin
Marie, sister of Duke Rodolph.....Viola Gillette
Elsa, betrothed of Duke Rodolph.....Alice Nielsen
Greta, the Singing Girl.....Alice Nielsen
An audience that packed Boyd's theater from the orchestra rail to the last row in the gallery saw Alice Nielsen in her latest success, "The Singing Girl," last night, and it is safe to say that, in all that great concourse, there was not one who regretted the time or the money it cost. Nothing better has been seen in Omaha this season and probably there will be nothing, because, so far as one may judge, it stands for whatever is superlative in the realm of comic opera. If a pleasing story, told in bright dialogue, and fitting lyrics set to dainty, sparkling music, and sung by fresh voices; a host of pretty girls, arrayed like Solomon, in their glory; a stage that was an ever shifting scene of pictures, full of warmth and color; a cast composed, as regards the principal roles, of artists of stellar magnitude—if all these combined can make glad the heart of the patron of the theater, then, assuredly, every one must have rejoiced last night, for all of them were very much in evidence from the moment the curtain rose until it fell upon the finale of the last act.
That "The Singing Girl" is quite the best comic opera that has been presented in the city this season cannot be gainsaid. It has been estimated that it possesses all the elements that make for popularity, and there seems no reason to doubt that, on its forthcoming visit to Europe, it will duplicate the splendid reception with which it has met in this country. Not only is the piece strong per se, and not cast dangerously near an all-star aggregation, but back of the principals is a magnificent chorus, evenly balanced, and singing with intelligence and in admirable taste. It is needless to say that the scenic investiture of the piece is superb, the costuming mere things of beauty and elegance, the stage furnishings handsome and the settings in harmony with everything else. The stage manager has been astute enough to realize that a tasteful, harmonious grouping of colors adds to the effect of the piece, and he has proved himself an artist of no mean rank in the disposition he has made of the various hues, and the effects he has obtained add not a little to the perfect satisfaction one feels while witnessing the production.
The music to which Victor Herbert has set Mr. Smith's lyrics is quite as commendable as the verses themselves. While there is nothing in the piece that can compare with the Gypsy Jan in "The Portentous Tale" there are many tuneful bits that are worthy of a place in the lighter musical literature, and the choruses are full of deep and resonant harmony that makes a pleasing contrast with the delicate and daintiness of the solo members. There is one especially good topical song which is admirably rendered by Messrs. Herbert, Cawthorn and Slavin, and the solos furnished by Miss Nielsen and Mr. Cowles are worthy of more than passing mention. Taken all in all it is very good music, not

CHANGE ON WORLD-HERALD.

Among other things dependent upon the outcome of the election for the World-Herald, it is fraught with several important changes. It is reported that the editor, H. L. Metcalf, has decided to accept the offer made by the Chicago Board of Trade, which is to purchase the paper and that he will shortly remove to the World's Fair city, where more remunerative employment awaits him. The retirement of Mr. Metcalf from the editorial staff, while Editor Howard, late of the Papillon Times, and more lately in charge of the former issue, for a long time past, has not yet been decided, nor whether there will be any shifting in the business department of the paper as a result of the change of ownership.
Changes in Federal Building.
The construction of the federal building has been authorized to make several changes of minor nature in the rooms of that building. A female employe lunch room on the second floor, which is the room where the south wing, moldings will be placed in several rooms; the new rooms on the fourth floor will be painted white. The board of directors of the building board will be placed in the offices of the clerk of the district court and the postmaster, and the basement of the annex will be remodelled according to changes in the original plans suggested by the postmaster, with the intention of handling the mails with greater rapidity.
Good Shepherd Bazaar.
The management of the Good Shepherd Bazaar for the benefit of the Good Shepherd home has arranged a matinee for children this afternoon. The several booths in the roof garden have many articles of particular interest to children, comprising a large number of hand-made, dressed dolls, toys of all kinds and other confections. Novel entertainments will be provided for the youngsters.
This evening the elders who delight in an afternoon high five will have the floor. A two-hour game for 100 persons will take place and suitable prizes will be given the winners.

ABSOLUTE SECURITY. Genuine Carter's Little Liver Pills. Must Bear Signature of Brewster. See Fac-Simile Wrapper Below. Very simple and easy to take as a rule. FOR HEADACHE, FOR DIZZINESS, FOR BILIOUSNESS, FOR TORPID LIVER, FOR CONSTIPATION, FOR SALLOW SKIN, FOR THE COMPLEXION. GURE SICK HEADACHE.

PAVING BONDS ARE VOTED Official Count Shows that They Have Carried by a Vote of Three to One. An official count of the ballots on the paving and sewer bond propositions showed that the bonds carried by a vote of more than three to one. The number of votes cast for the paving bonds was 12,725, while the number cast against the bonds was 4,367. On the sewer bonds the vote was practically the same, being 13,329 for and 4,224 against. This insures the issuance of \$75,000 worth of paving bonds and \$75,000 worth of sewer bonds during the years 1901 and 1902. The propositions submitted provide that these shall be 20-year bonds and that they shall not draw more than 4 per cent interest. The exact rate will be determined by the council and may fall below the maximum rate, as the number of applicants for the bonds has been unusually large.
