Allies Insist Upon Several New Conditions as Precedent to Peace.

CITY OF PEKIN MUST BE MADE OPEN PORT

Inland Capital to Enjoy Same Commercial Freedom as Coast Towns.

ACTION THAT WOULD BENEFIT FOREIGNERS

Imperial Power in Matter of Capital Punishment May Be Curtailed.

TRIAL BY JURY SEEMS A PROBABILITY

Southern Vicecons Deprecate Execution of Acting Vicecons of Chi Li. Favorably Disposed.

WASHINGTON, Nov. 13.—In addition to the points already agreed upon at Peking as a basis for settlement with China, as announced in cable dispatches, it is understood that several other points are likely to receive attention when the matter is taken up with the Chinese envoys. This does not apply to the city of Peking as an "open port," for while it is not on the seacoast, the purpose is to extend to it that freedom of commerce and intercourse with foreigners which now applies only to those open ports designated by treaty with China. The suggestion that this action be taken has been made in high Chinese quarters and its advisability is urged because Peking, as the capital of the Chinese empire, is the center of influence throughout the country.

Another point which may be proposed is that capital punishment, by beheading or otherwise, shall not occur in future by imperial edict alone, but only after a trial such as is given in civilized countries, the accused having an opportunity to be heard. This does not apply to the executions made necessary by the Boxer movement.

SCENE WAS A TERRIBLE ONE

Belgian Describes the Massacre of Chinese by the Russian Soldiers.

LONDON, Nov. 13.—The Globe this afternoon publishes a letter from a Belgian gentleman who has been in the city of Peking via the Trans-Siberian railroad. He describes, under date of September 6, what he saw in the Amur river. His accounts surpass in horror those previously published.

The scenes I have witnessed during the three days since the steamer left Blagovestchensk," he says, "are horrible beyond the power of description. It is the closing tableau of a fearful human tragedy. Two thousand were deliberately drowned in the morning, 2,000 at Haba and 8,000 around Blagovestchensk, a total of 12,000 corpses encumbering the river, among which were thousands of women and children. Navigation was all but impossible. Last week a boat had to plow its way through a tangled and mangled mass of corpses lashed together by their long hair. The banks were literally covered with corpses. In the curves of the stream were dark, putrid, smelly masses of human flesh and bone, arising and sinking in the steaming water. The captain vainly ordered full speed ahead. The sleet and snow will be ever with us."

HONORS KETTLER'S WIDOW

German Emperor Desires Her Return in Order to Decorate Her.

NEW YORK, Nov. 13.—According to a dispatch from Berlin to the Journal and Advertiser the kaiser has just given further evidence of his regard for Baron von Kettler, who was assassinated in China, by inviting the ambassador's American widow to Germany, in order that he may express to her his keen sense, not only of her husband's services, but also of the courage and gallantry which she herself displayed throughout the terrible siege of the city.

WILL STAY AWAY FROM PEKIN

Growing Belief That Empress Dowager Will Never Again Venture in China's Capital City.

PEKIN, Sunday, Nov. 11.—(Via Shanghai, Nov. 13.)—Another German expedition goes north tomorrow in spite of the fact that these punitive raids are strongly criticized here, as serving no good purpose.

The reports of the death of the dowager empress are persistent, though there is no official confirmation of them, communication with the court being very irregular. There is a growing belief, however, that she will never return to Peking.

THE LAST CHAPTER.

Copyright, 1900, by Press Publishing Co. LONDON, Nov. 13.—(New York World Cablegram-Special Telegram.)—May Yohé the American singer and actress, after six years of exclusion, has at last been received into the bosom of the Newcastle family by her husband, Lord Francis Hope. The two have just returned from Clumber, the Newcastle family seat, where they were included in a large shooting party. Since the marriage of Lord Francis and the actress the only member of the family who received Lady Francis was the dowager duchess, whose life has been devoted to works of charity and benevolence. Through her instrumentality the duke and duchess have now become friends with their possible successors to the title.

A dispatch from Tientsin, dated November 9, says that as a result of the British representation to the St. Petersburg government Russia is officially handing over the railroad between Tong Ku and Peking to Field Marshal Count von Waldersee, commander-in-chief of the international forces, who will give it up to the British owners.

He wished he could say that he was able to decrease the budget, but the government's expenditure had been enormous, especially in China and South Africa. He declared emphatically that the Transvaal would have to bear part of the South African expenses.

LONDON, Nov. 13.—Lord Rossignol, in view of Lord Roberts' denial, has written to the prince of Wales regretting that he was misinformed and tendering an apology in the following language: "I owe to the regiments whose honor my publication of a groundless report has called in question, the deepest apology and the fullest reparation. I offer it to you, sir, as colonel-in-chief. I offer it to the colonels of the various regiments. I offer it to every soldier, non-commissioned officer and man, and I sincerely trust that this unqualified apology will be accepted in the spirit in which it is offered."

FEAR FOR CONCERT OF POWERS

London Journals Anxious at Position Assumed by the United States.

LONDON, Nov. 14.—The London morning papers are again agitated concerning the stability of the concert of powers in China. The attitude of Germany and the United States meets with disapproval, the former because Count von Waldersee has sent a column to destroy the Ming tombs, an act which is regarded as needlessly vindictive, and the latter because it threatens to break up the concert.

The Daily Chronicle comments strongly upon the American attitude as a "feeble compromise which it is impossible to accept."

The Morning Post says: "It would be unreasonable for the United States to break up the concert because they do not desire indemnity. The powers probably would be willing to consider America's objections, if, however, the United States have in view some more radical proposals."

DAVIS MAY NOT RECOVER

New Complications Alarm Physicians of the Senator from Minnesota.

ST. PAUL, Minn., Nov. 13.—The grave complications disclosed by the bulletin issued last evening by the physicians in attendance upon Senator C. K. Davis have caused a depression in his family and friends, who hitherto have been hopeful of a favorable outcome of his prolonged illness.

Senator Davis' family fear that his weakened condition will finally enable him to fight the disease as he might have done had he not been subjected to a wearisome siege of nine weeks. It is said the senator suffers but little pain and the wounded foot is beginning to heal slowly, but few symptoms are noted so far as the lungs are concerned.

"Mrs. Stone and Lankester yesterday discovered evidence of Bright's disease. Ungrave for kidney trouble, this disease is thought best to acquire Dr. Murphy of Chicago of the changed condition. Dr. Murphy arrived today and corroborated the diagnosis. He regards the case now as grave for kidney trouble, this disease is a serious symptom. When Dr. Murphy was last here he believed there was a fair chance for recovery. He is not so sanguine now."

The faction headed by John W. Hayes also arrived and this morning the committee, composed of the delegates of this faction was called to order in Macnolia hall by Grand Master Workman I. D. Chamberlain of Colorado, who delivered his annual address. Preliminary organization was effected, after which the convention settled down to work.

The Parsons faction met this afternoon in Emmons hall and was called to order by Grand Master Workman Parsons, who delivered his annual address.

Committees were appointed and adjournment taken until tomorrow morning. There is much bitterness between the two factions.

ALL INVITED TO STAY

President Anxious That His Official Household Continue as It Is.

HIS WISHES ARE MADE KNOWN TO CABINET

McKinley Pays Tribute to the Wisdom and Faithfulness of His Counselors.

NONE SIGNIFY INTENTION OF RESIGNING

Secretary Hay Responds on Behalf of His Fellow Members.

GRIGGS STAYS ONLY AT GREAT SACRIFICE

Only Absentee at Yesterday's Meeting Was Secretary of War Root, Who Is Situated Similarly to the Attorney General.

WASHINGTON, Nov. 13.—President McKinley today announced clearly and forcibly to the members of his cabinet his desire that they should all remain with him during the four years of his continued administration. His wishes were made known in an extended speech at the cabinet meeting in the White House today. Responses were made by all of the members present and while there is no definite pledge from any of them that they would accept the position thus tendered afresh there was on the other hand no definite declaration.

Today's proceedings set forth the wishes of the president in the matter and relieve the members of the cabinet of the customary obligation of resigning their resignations at the end of the term, unless they have made an irrevocable decision that it will be impossible for them to continue in office. It also sets at rest all speculation and slating of the country's political prophets, for it is understood generally that there is but one doubtful factor in the homogeneity of the present cabinet. That factor is Attorney General Griggs, as he holds his present position at a great personal sacrifice.

Mr. Griggs replied in terms of warm appreciation of the president's remarks of the president and voiced no intention of retiring from his present position.

PRESIDENT COMPLIMENTS CABINET

This is not the first time that the president has expressed to the members of the cabinet his pleasure at the support they had given to him. He said as much in a general way at the last cabinet meeting when the members, several of whom had been scattered by political campaigning, got together for the first time and congratulated him upon the outcome of the election. Today the president more accurately reviewed the work of the administration in the last four years—four of the most exciting years the country has known in three decades. It was rather a surprise, even to the cabinet members themselves, to note how accurately the president had fixed in his memory the sequence of events and how calmly he relinquished the present credit for successful strokes of policy or prudence and attributed the honor to the members of his official family in whose immediate department the matter in question had arisen.

He said that if the result of the recent election was an endorsement of his administration, it was no less an endorsement of the more common-sense aims of routine business and the discussion of the salient features of the president's coming message to congress, after which the members left with renewed expressions of regard. The meeting stands as one of the most remarkable cabinet sessions on record.
