

POPULISTS BOUND TO LEAD

Democrats Will Still Have to Play Second Fiddle in Nebraska.

NEITHER EDMISTEN NOR MORTON WANTED

State House Patriots Issue Edicts Against a Pair of Statesmen Out of Jobs Who Are Obnoxious.

LINCOLN, Nov. 15.—(Special.)—Several of the fusion officeholders at the state house have sufficiently recovered from the shock of the election to begin discussing plans for the future reorganization of the "reform" forces. One small element of disappointed politicians has already nominated W. J. Bryan for governor two years hence; another element has decided that he shall remain out of active politics in Nebraska for at least four or five years. Stimulated by the recently published interview with Senator Allen the populists have declared that their party will continue to be the overtopping factor of the fusion forces, but on this point the democrats disagree with their reform brethren. Two propositions, however, the retiring statesmen agree perfectly. One is that Chairman J. H. Edmisten of the populist state central committee must be thrown over the transom and the other is that J. Sterling Morton must not be allowed to go to Lincoln in the democratic party. They insist that if there is any reorganizing to be done the work must not be trusted to a man who has been fighting them. The grievance against Edmisten arose when it was learned that he had been dealing treacherously with one of their candidates, the only man to whom many of them looked for influence to assist them in retaining their positions. It has been said here that prominent democrats of Cole county have been notified not to send Mr. Morton to the next democratic convention.

Cash in Treasurer's Hands.

A monthly report of the state treasurer, filed this morning in the auditor's office, discloses the fact that the state is receiving no benefit from an enormous portion of the educational trust funds, which the treasurer is required by law to invest for the benefit of state educational institutions. In the early days of the campaign, when the uninvested portion of these funds amounted to over \$200,000, the state treasurer announced through the fusion newspapers that within four months he would have practically all this money invested in the name of the state. The monthly balance sheets show that, notwithstanding the treasurer's declaration, the amount of school money "on hand" did not decrease. Today's balance sheet shows that of the four educational funds the uninvested portion amounts to \$209,489.93. The following shows the increase or decrease in the amount of each fund on hand during the month of October:

Table with 2 columns: Fund Name and Amount. Includes Agricultural college, Normal university, Normal high school, Normal industrial school, Normal manual school, Normal agricultural school, Normal domestic science school, Normal kindergarten, Normal primary school, Normal grammar school, Normal high school, Normal normal school, Normal teacher training school, Normal normal institute, Normal normal school, Normal normal school, Normal normal school, Normal normal school.

Campaign Expense Reported.

Several additional expense accounts of candidates have been filed in the secretary of state's office. Charles H. Dietrich has accounted for the expenditure of \$422.15 in the interests of his candidacy. George W. Marsh, elected secretary of state, for \$270; William Stuefer, elected treasurer, for \$363.60; P. V. Prout, elected auditor general, for \$272.50; Charles Weston, elected auditor, for \$241; Theodore Griest, defeated candidate for auditor, expended \$294.50 for campaign expenses. In the Fourth district W. L. Stark, fusion candidate for congressman, spent more than either of the gubernatorial candidates.

In the statement of William A. Poynter there is no accounting for contributions to the populist committee. The other candidates on the fusion ticket contributed sums ranging from \$19 to \$100. Poynter at the state house are charging J. H. Edmisten of the populist committee with treachery because he made no effort in behalf of Mr. Poynter. It has been suggested that Mr. Poynter failed to contribute to the committee because of the strained relations existing between the chairman and himself.

George D. Pollmer, who will succeed J. V. Wolfe as commissioner of public lands and buildings, visited the state house this morning. He spent an hour in the commissioner's office, where he was given some information concerning his new work by Deputy Commissioner Lynch. Mr. Lynch told the next commissioner that he could feel at liberty to call upon him at any time after his inauguration for further information relative to the work of the office.

Hamilton County Rural Delivery.

HAMILTON, Neb., Nov. 15.—(Special.)—Hamilton county may now boast of four rural free delivery routes. The first, established in August of this year, runs southwest of Aurora to Gilmer, taking in about forty-eight square miles. The second runs north of Hampton, covering about the same area as that of the first route. The third starts at Stockham and runs northeast, extending the service to about 600 persons. The fourth runs north of Aurora.

Points Worth Remembering

If you wish to learn about the greatest family entertainment on earth visit the Talking Machine Theatre where we are always pleased to show you the very latest improvements and play any special up-to-date records as requested.

Wittmann COMPANY logo and address: 1621 Parham and 305 So. 17th St. Phone 1055. Open evenings.

extending the service to about 600 persons. The fourth runs north of Aurora. Monday night the republicans held their ratification meeting here. There was a large crowd, and the torchlight parade led nearly around the square. Several leading republicans spoke, among them Hon. E. J. Haines, who said we meet, not to rejoice in the downfall of our enemy, but in the upholding of the flag.

The first number of the Aurora entertainment course was an entire success. The opera house was crowded to its full capacity and many thought it the best lecture that has been given in the city.

South Omaha News.

Charles R. Hannan of Council Bluffs purchased the issue of \$70,000 funding bonds last night at a premium of \$2,400. An adjourned meeting of the city council was held for the purpose of entertaining bids on these bonds. The city had lost out with bid in their make-up. It was evident from the start that there was no chance this time, each bidder working for himself. Edgar M. McManis, Jr., Philip Potter, T. J. O'Neil and Charles R. Hannan were the bidders.

Bidding was started at \$750 and was run up to \$2,150 before the bidders came to and realized that they would not get any interest for November, as Johnston had so stipulated in a resolution. Then it had to be run up again until it reached \$2,400 by Mr. McManis, who started out at \$1,900. This was kind of a stunner to the others, but they stood bravely by the game until the end, but when Hannan bid \$2,400 the other three bidders threw up their hands and asked for the return of their money checks. At the suggestion of Mayor Kelly the council at once ratified the sale of the bonds and Mr. Hannan's check was retained as an evidence of good faith.

The bonds are sold with a proviso as to the legality of the action against the city of the history and the buyer to pay for the legal opinion. It is expected that an attempt will be made to throw out some of the Twenty-fourth street paving bonds and then pay a pro rata premium. If this is done the premium will be lost.

An effort has been made by the city for some time past to induce the Union Pacific to construct a bridge across its tracks at Madison street, but without avail. The city now proposes to build a bridge across the Union Pacific tracks and to compel the erection of bridges or else the placing of watchmen at grade crossings. This matter has been referred to the streets and alleys committee and the city engineer, with instructions to report at the next meeting.

Major Wolcott, who is traveling with representatives of the Union Stock Yards company, returned yesterday from an extended western trip. In speaking of the sheep market, he said that in northeastern Colorado and at Fort Collins, Fort Morgan and Greeley about 500,000 head of sheep will be fed this winter, which is an increase of at least 20 per cent over last year. The major says an unusually large amount of northwestern lambs will be fed in the west this year and this means that the flocks will be kept in better condition. Many New Mexican lambs are being fed on ranges along the Arkansas river and new feeding grounds have been started at Wheatland, on the Cheyenne & Northern road. The new business of a success to the Alliance to Guernsey, said the major, has opened up an entirely new territory, which is an especially productive one. As this is a Guernsey route is in an alfalfa country, it is expected that the feeding of sheep will become a feature of a republic.

It is also named for clerk of the board of railway commissioners, and a republican will also succeed Mr. Bowler as warden of the penitentiary. Besides these there will be an inspector of mines, oil inspector, public works, general auditor, a commissioner of charities and corrections, five commissioners of the Soldiers' Home, three members of the State Board of Health, an adjutant general and positions at half a dozen police institutions, together with forty or fifty other positions of great importance, but with fair salary attachments.

On recommendation of the Board of Pardons, the governor has granted pardons to the former Thompson, sentenced from Pennington county for criminal assault; Hiram and Benjamin Howe, sentenced from Bon Homme county for grand larceny; Hiram Cole, sentenced from Clark county for grand larceny; and Charles W. Barker, sentenced from Spink county on the charge of assault with intent to kill, and John Wyck, sentenced from Union county on a grand larceny charge.

Brule County Celebrates Generously. CHAMBERLAIN, S. D., Nov. 15.—(Special.)—The republicans of Brule county and vicinity have arranged for a great barbecue on the county ticket at Chamberlain on Saturday, November 17, in honor of the republican victory in the state and nation. The fact that the republicans succeeded in reducing Bryan's majority to less than 100 in this county as well as electing candidates on the county ticket, the auditor, county judge and county superintendent (something that has not happened in a number of years) naturally adds to the joy of the local republicans and will add local enthusiasm to the demonstration.

Magic City Gossip. Philip Stinson, a stockman, was in town yesterday. A strong demand is being made to have the city cleaned up. It is a bad case. The annual session of the Royal Arcanum will give a dance Friday night at Masonic hall. Mrs. B. M. Bailey of Lemars, Ia., is the guest of G. H. Thompson, Twenty-fourth and J streets. Dr. John Meredith of York was in the city yesterday on business and incidentally visiting old friends. The office is being painted and frescoed and when completed will present a neat, clean appearance. The police say that in the future all persons violating the alibi law of the town will be promptly arrested.

Richard Martin of Alliance was on the streets yesterday. He brought in cattle from near G. N. P. On Saturday night of this week Philip Kearney and the Woman's Relief corps will hold a joint memorial meeting in memory of Michael "Doc" O'Rourke.

An effort will be made to awaken more interest in the coming banquet of the Commercial club, which will be given at the Exchange dining hall on the 20th. A banquet will be given at the Commercial club, which will be given at the Exchange dining hall on the 20th.

NOVEL POINT IN INDIAN LAW

Jurisdiction of United States Over Mixed Bloods is Questioned.

RIGHT OF THE RED MAN TO BUY LIQUOR

Meiklejohn Law is Brought Into Court for the First Time on an Appeal from the South Dakota District.

SIoux FALLS, S. D., Nov. 15.—(Special.)—Are the Sisseton Indians full citizens of the United States because they have taken allotments of land and adopted the mode of living of their white neighbors and thus are amenable to the laws of the United States prohibiting the sale of intoxicating liquor to Indians or halfbreeds, is a question just raised in the United States circuit court here and which will be sent to the United States circuit court of appeal for the eighth circuit.

At the last term of court Anthony Farrell, a resident of Veblen, was convicted of selling liquor to a halfbreed Sisseton Indian named Glorie LaFramboise. His attorney, S. H. VanBuskirk of Watertown, expanded the case, and actually argued for South Dakota, moved for a new trial, raising the question of the court's jurisdiction in such cases. Judge Carland overruled the motion and has just sentenced Farrell to pay a fine of \$100 and serve a term of one year in the penitentiary.

The case will be appealed to the United States circuit court of appeals, on the ground that the United States court is without jurisdiction; that LaFramboise is not an Indian or a member of any tribe of Indians, that the statute which is sought to be enforced against her is unconstitutional insofar as it attempts to make it a criminal offense to sell intoxicating liquor to a mixed-blood Indian whose paternal ancestors were white men and who maintained the habits of a civilized life and maintains the same and has been made a citizen of the United States and subject to the laws, civil and criminal, of the state of South Dakota.

Assistant United States Attorney Porter, who is handling the government's side of the case, contends that under the Meiklejohn law of January 20, 1857, federal courts have jurisdiction over Indians and mixed-bloods who have taken allotments of land. The title is held in trust by the government for a period of twenty-five years. While the Sisseton Indians have taken their allotments of land and are duly qualified voters of South Dakota, the title to the lands is held in trust by the government for the period stated.

The higher courts have never passed upon the constitutionality of the act of congress prohibiting the sale of liquor to Indians or mixed-bloods who have taken allotments of land. The government's attorney and Attorney VanBuskirk believes that the circuit court of appeals will sustain his contention and order the release of his client, Farrell, from the penitentiary.

South Dakota Claims the Banner. HURON, S. D., Nov. 15.—(Special.)—Returns by states of the votes cast for William McKinley for president on November 6 and generally about 500,000 head of sheep will be fed this winter, which is an increase of at least 20 per cent over last year. The major says an unusually large amount of northwestern lambs will be fed in the west this year and this means that the flocks will be kept in better condition.

Many New Mexican lambs are being fed on ranges along the Arkansas river and new feeding grounds have been started at Wheatland, on the Cheyenne & Northern road. The new business of a success to the Alliance to Guernsey, said the major, has opened up an entirely new territory, which is an especially productive one.

As this is a Guernsey route is in an alfalfa country, it is expected that the feeding of sheep will become a feature of a republic. It is also named for clerk of the board of railway commissioners, and a republican will also succeed Mr. Bowler as warden of the penitentiary.

Test for Yourself the Wonderful Curative Properties of Swamp-Root

To Prove What the Great Kidney and Bladder Remedy Swamp-Root Will do for YOU, Every Reader of The Bee May Have a Sample Bottle Free.

Reporters Have Convincing Interviews with Prominent People Regarding Wonderful Cures by Swamp Root

DR. KILMER & CO., BINGHAMTON, N. Y.: Gentlemen: In justice to you I feel it is my duty to send you an acknowledgment of the receipt of the sample bottle of Swamp-Root you so kindly sent me. I had been out of health for the past five years with kidney and bladder trouble. Had our best physicians prescribe for me. They would relieve me for the time being, but the old complaint would in a short time return again. I sent for a sample bottle of Swamp-Root and I found it did me a world of good. Since then I have taken eight small bottles bought at my drug store and I consider myself perfectly cured. It seemed as though by back would break in two after stooping. I do not have to get up during the night to urinate, as I formerly did three or four times a night, but now sleep the sleep of peace. My back is all right again and in every way I am a new man. Two of my brother officers are still using Swamp-Root. They, like myself, cannot say too much in praise of it. It is a boon to mankind. We recommend it to all humanity who are suffering from kidney and bladder diseases.

65TH POLICE PRECINCT. GREATER NEW YORK, Oct. 11, 1900.

My brother officers (whose signatures accompany this letter), as well as myself, thank you for the blessing you have brought to the human race in the compounding of Swamp-Root. We remain, yours very truly,

JAMES COOK, HUGH E. BOYLKE, JOHN J. HODKIN.

Officers of the 65th Police Precinct, Greater New York.

Women As Well As Men Are Made Miserable by Kidney and Bladder Troubles.

"You have no idea how well I feel. I am satisfied that I do not need any more medicine, as I am in as good health as I ever was in my life." So says Mrs. Mary Engelhardt of 2835 Madison street, St. Louis, Mo., to a reporter of the St. Louis Globe-Democrat.

"For more than ten years I had suffered with what the doctor termed female trouble; acute heart trouble, with swelling of the feet and limbs. Last summer I felt so badly that I thought I had not long to live. I consulted doctor after doctor and took their medicines, but felt no better. The physicians told me my kidneys were not affected, but I felt sure that they were the cause of my trouble. A friend recommended me to try Dr. Kilmer's Swamp-Root and I must say I derived immense benefit almost from the first week. I continued the medicine, taking it regularly, and I am now in splendid health. The pains and aches have all gone. I have heartily endorsed Swamp-Root from every standpoint. There is such a pleasant taste to Swamp-Root and it goes right to the weak spots and drives them out of the system." MRS. MARY ENGELHARDT.

EDITORIAL NOTICE—Swamp-Root, the great Kidney, Liver and Bladder remedy, is so remarkably successful that a special arrangement has been made by which all readers of The Bee who have not already tried it may have a sample bottle sent absolutely free by mail.
