BAD BLOOD, **BAD COMPLEXION.**

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, distiguring pimples.

Eternal vigilance is the price of a beautiful complexion

when such remedies are relied on.
Mr. H. T. Shobe, 2744 Lucas Avenue, Si. Louis, Mo., says: "My daughter was afficited for yvars with a disfiguring eruption on her face, which resisted all treatment. She was taken to two celebrated health springs but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. and by the time the first bottle was finished the cruption hegan to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."
S. S. S. is a positive, unfailing cure for when such remedies are relied on.

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Bad blood makes bad complexions.

SSS purifies and invigo-rates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards

carrying off the impurities from the body. If you have Eczema, Tetter, Acne, Salt

Hall Players Back from Cuba. NEW YORK, Nov. 17.—Among the pas-sengers who arrived today on board the steamer Yucatan, from Havana, were the following professional base ball players from the Brooklyn, New York and Plits-burg clubs: Thomas O'Brien, Jesse Tanne-hul, Thomas Daly, Clarence F. Foster, George S. Davis, James Seymour, William Keeler, Michael Grady, Charles Hickman and William Schriver. Manager George Davis said that the party originally consisted of twenty-two players, who went to Havana under con-tract to play a series of exhibition games, but on arrival some misunderstanding with the Cuban clubs prevented the carrying out of the teams. Finally several games were played, but without much profit. Ten of the players became disgusted with the situation and returned home. The others will stay a while in Cuba and ar-range games with the local players if pos-sible. Stretch and bruised the boy's knee. The track was fast.
