### BEDFELLOWSHIP.

The Time When Girls Exchange Confidences.

After the prolonged separation of a year when girl school chums meet again, they are apt to put off all conversation of intimate and private matters until bed-time. Then reviving dormitory days of old they open their hearts and tell the secrets accumulated in twelve long months. And some of these confidences are very sad. It is sad when the girl who was a crack at tennis, could pull an oar and swing a golf club has to admit that she has given up all those things because her back aches so incessantly. The rite is that such because her The pity is that such break-downs are so common among young women. They

"A few years ago I suffered severely with female weakness, and had at times dreadful pains," writes Mrs. Mary V. Brown, of Creswell, Harford Co., Md. "I went to my doctor, and he gave me medicine which did me good for a while, but I would get worse again. I had a sick headache nearly all the time; was so weak around my waist could harding

Female Weakness" is not a scientific term, but it is a popular term, express-ing the result rather than the condition womanly disease. Weakness must inevitably follow disease of the delicate womanly organs. Irregularity is often the beginning of more serious ailments. Drains that are at first considered chiefly as disagreeable, will in the end drain away the vigor and vitality of women. The prompt use of Dr. Pierce's Favorite Prescription would save many a woman from years of weakness and suffering. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong and sick women well.

There is no other put-up medicine for woman's peculiar iiis, purchasable from dealers which has so remarkable a record of cures as Dr. Pierce's Favorite Prescription. When physicians have said no cure was possible; when all other means and medicines have utterly failed to benefit "Favorite Prescription" has been tried and its use has resulted in a perfect and permanent cure.

"Your letter just received," writes Miss Rose Kilfether, of 43 West Sharp-nack St., Germantown, Philadelphia, "Words fail to express how thankful I am to you for your advice. I must confess that for the length of time I have been using your medicine I have found it to be the most wonderful and best remedy for female troubles that I ever have tried, and from now on I shall use no other. Sorry I did not know of your 'Favorite Prescription' years ago, but will gladly tell my friends who are suffering, of your wonderful medicine. I cannot speak too

bear anything to touch me. My feet would keep cold and I could hardly do my work. I would work awhile and then lie down awhile; was completely run-down. Suffered from disagreeable discharge and also severe paius at times. After using five bottles of Dr. Pierce's Favorite Prescription, three of his 'Golden Medical Discovery' and one vial of Dr. Pierce's Pleasant Pellets, and following the advice you gave regarding the 'Lotion Tablets,' I can truly

say that I am cured." Sick and ailing women are invited to consult Doctor Pierce, by letter, free. All communications held as sacredly confidential and womanly confidences guarded by strict professional privacy. Address Dr. R. V. Pierce, Buffalo, N. V.

A great many women have gratefully accepted the opportunity of a free consultation by letter with Dr. Pierce, as a welcome escape from the indelicate estionings, the offensive examinations and obnoxious local treatments, thought necessary by some physicians. The necessary by some physicians. The modest woman shrinking from these things often lets her disease grow and cat into her life rather than submit to a treatment which offends her delicacy. A letter to Dr. Pierce avoids all these offensive practices.

If you are persuaded that Dr. Pierce's Pavorice Prescription has cured others, do not allow yourself to be robbed of a cure by accepting some substitute medi-cine pressed on you by the dealer be-cause it pays him a little more profit.
