

NICK YOUNG WANTS PEACE

National League President Pours Verbal Oil on Troubled Waters.

SUPRISED AT BAN JOHNSON'S ATTITUDE

Big League Hasn't the Remotest Notion of Going into a Fight with the American or Any Other Organization.

WASHINGTON, Nov. 22.—The Post says: President Nick Young of the National league is somewhat confused by the latest expression of Ban Johnson, the American league magnate. Mr. Johnson has been talking a good deal of late and his latest pronouncements have led to the stand that the National league is preparing to fight the American league.

"As a matter of fact," said Mr. Young, "the National league does not officially or in any other way consider the American league. Some of the managers and myself have discussed its formation with Johnson and others interested in it. But one and all have evinced the liveliest sympathy with its plans and purposes, and nothing has been further from our minds than the idea of opposing Mr. Johnson and his assistant. The only man talking fight is Johnson himself and I think he is making a big mistake in doing so. A fight might not greatly benefit us, but it certainly would put an end to the American league and greatly injure the game itself."

"Mr. Johnson seems to think we want the American league to be a minor league and to sue us for protection. We have no such thoughts. We are willing to recognize the American league as an equality with us. Taking the position he does, he follows it up with remarks complimentary of the National league's treatment of minor leagues, declaring that the price paid for protection is 'blood money' and that but little if any protection is given. No one knows better than Mr. Johnson how foolish such talk is. He knows that the National league has paid five times as much to the minor leagues for players as the minor leagues paid for protection. If it had not been for the protection that the National league exercised over the minor leagues, these players could have been obtained for nothing.

OBJECTS TO PROPOSED GAME

Faculty of University of Iowa Does Not Favor Post-Season Match with Minnesota.

IOWA CITY, Nov. 22.—Prominent members of the University of Iowa faculty, including President McLean, expressed opposition today to a post-season football game with Minnesota, to determine the western championship. "A game with Minnesota would accomplish little," said President McLean, "and would settle the championship."

HIGH HONOR FOR AMERICANS

Reports from Vatican Indicate Elevation of Martinelli to Cardinalate.

ARCHBISHOP IRELAND'S NAME MENTIONED

Probable Presence in Rome of Archbishop Chappelle When Consistory Meets Next Month Give Rise to Speculation.

WASHINGTON, Nov. 22.—The approaching papal consistory at Rome is attracting much attention in the highest ecclesiastical circles of the Catholic church, owing to the growing impression that honors may be conferred upon one or more of the representatives of the church in America. Privileged advisers received recently from sources close to the Vatican express the belief that Mr. Martinelli, the present papal delegate to the United States, will be elevated to the cardinalate. This is entirely unofficial, and there can be nothing definite, but the sources of the information are such as to strengthen the belief that the appointment is under consideration and will be announced at that time, or soon thereafter.

GRACE GREENLANDER GOES TO ENGLAND

CINCINNATI, Nov. 22.—Grace Greenlander, the famous American girl, left for England today on the Boston and Plymouth. The principal sales were as follows: John M. B. Dr. Greene's Nervura

Blood and Nerve Remedy

Made Well By Nervura. Original Photographs on view at our office.

Weak, Despairing, Utterly Prostrated by Ill Health, Mr. D. R. Wood

Used Dr. Greene's Nervura, and Now Looks and Feels Like Another Man.

DR. GREENE'S NERVURA MADE HIM STRONG, VIGOROUS AND IN PERFECT HEALTH. GAINED 48 POUNDS.

"Dear Sirs: I can't say enough for Dr. Greene's Nervura blood and nerve remedy. I am the proprietor of a three-chair barber shop, and I was all broke up, my nerves being almost gone. I was so bad with nervous prostration that I could hardly eat or sleep at any time, and whenever I would lie down at night I felt as though I should choke. I was so short of breath, I was so weak I could hardly stand at my barber chair down at night I felt as though I should quit work. I went to doctors by the half dozen to find out about my case, but got no relief, and took medicine until I hated to see a bottle and patent medicines of almost every description. But they could not cure me and I had given up in sorrow and despair and prepared to meet my Creator sooner or later. But I was like a drowning man and would cling to anything I could grasp hold upon. By chance a pamphlet of Dr. Greene's Nervura came into my possession, and I read every word therein and all the testimonials, and it came to me like a dove so gentle and true, telling me to try this great remedy and be cured; and I think the maker of this great remedy, Dr. Greene's Nervura and hope no one will ever hesitate to take this remedy. I weighed 120 pounds when I commenced using the Nervura, and in fifteen months I weighed 168 pounds. All who wish can write me or call upon me personally. There is no better remedy made than Dr. Greene's Nervura blood and nerve remedy. I am a well man now. Yours truly, D. R. WOOD."

FOR SALE BY ALL DRUGGISTS.

All suffering people are cordially invited to consult Dr. Greene in confidence, personally or by letter, at his office, 35 West 14th St., New York. Each case submitted is carefully diagnosed and given special attention. There is no charge for consultation, whether you call personally or write, and under Dr. Greene's skillful treatment the cure of all nerve and blood diseases is practically certain.
