Ohio Supreme Court Holds Against Former Attorney General Monnett's Allegations of Contempt.

COLUMBUS, O., Dec. 11.-The supreme court today dismissed the proceedings brought by former Attorney General Monnett, charging that the Standard Oil company was in contempt of court for having failed to comply with the an order issued in 1892 demanding a dissolution of the Standard Oil trust. Six members of the court divided, Chief Justice Shauck and Justices Berkett and Davis favoring dismissal of the information in contempt and Justices Minshall, Spear and Williams dissenting. Under a rule of the court the failure of a majority to sustain the information in contempt is in effect a dismirsal of the proceedings.

The litigation against the Standard Oil company, which is thus closed, dates back to May 8, 1890, when Attorney General D. K. Watson brought suit in the supreme court to have the Standard Oil trust dissolved. In March, 1892, the allegations in the petition were sustained and the company was "ousted." On March 21 following a meeting of stockholders was called and liquidating board, consisting of John D. Rockefeller, H. M. Flagler and others was Stops the Cough and Works Off the appointed to wind up the affairs of the company.

it was impossible to close up the business of so great a concern in the time allotted. The judges of the supreme court declined to take any action extending the time in which the company's affairs might be wound up, but informally addressed a letter to the attorney of the company, which stated in effect that as long as the Standard Oil company continued its efforts to comply with the decree of the court and to wind up its affairs in Ohio the court would not be disposed to interfere. On November 9, 1897, F. S. Monnett, then attorney gen eral, filed an information in the supreme court alleging that the Standard Oil comhad not complied with the decree of the court and asking that its officers be cited for contempt. The testimony in this proceeding was taken by Allen Brinsmade of Cleveland, as master commissioner, and was submitted to the court some months

Mr. Monnett, when asked his opinion of the decision, said that while he felt that the evidence sustained the charge of contempt, he bowed to the decree of the court.

The lemonstration continued for some minutes. At its conclusion Lord Roberts made an eloquent address. After expressing deep thanks for the honors accorded him he said the war in South Africa had a peculiar interest for him, inasmuch as it enabled him to bring to what he hoped was a successful conclusion the work entrusted to him twenty years ago-that of dispelling, by force of arms, if necessary, the aspirations of the Boers to render
