rate construction company, which has entered into a contract for the construction of the road and will sublet the work in small sections. The sub-contracts for the heavy work will be let within the next three weeks, so that work can be done during the winter. The heaviest work will be in the south part of Hardin county and along Skunk river, in this county, and this will be the first work done. It is expected that in January contracts will be let for the work along Four-Mile creek and it is the intention of the contractors to have this road well under way by early summer and finish it next season. Mr. Ellsworth is a stockholder in the Burlington, Cedar Rapids & Northern and built parts of that line as separate roads and turned the property over to the Cedar Rapids route when completed. The rival company, the Duluth & New Orleans, which sought to occupy practically the same territory in Iowa, having been put out of the way, there is no doubt now that the lowa Falls line will be built and that it will be built chieffy with a view to forming close connections for the Central and the Cedar Rapids routes with Des Moines.

Auditor Reeves' Report Details the Finnneinl Status of South Dakota's **Healthy** integers.

PIERRE, S. D., Dec. 19.-(Special)-The report of State Auditor Reeves for the past fiscal year will be of particular value to the people of the state, from the fact of its detail of county financial affairs. The total liabilities of the counties are shown to be \$3,928,534.15, with assets amounting to \$4.871,676,44. The liabilitie consist of money due the state school fund outstanding bonds amounting to \$1,980,451 The assets and warrants to \$755,783.62. consist of money due on school loans, un paid taxes, buildings and grounds, cash or hand and miscellancous items.

The total receipts of the various countle for the year amounted to \$5,862,059.84 and the expenditures reached \$5,931,326.66, while there is cash on hand in the various treasuries amounting to \$1,002,880.85. The total expenditure for common schools

was \$1,538,235 for the year, of which \$13,-561.85 was for school tooks. But few counties have secured any ad-

vantage from that provision of law which is intended to secure interest on public funds, the total amount secured from this source being only \$2,599.62, of which over \$500 went to Hand county alone. A number of counties have no bonded in-

debtedness and some of these have but little, if any, warrant indebtedness, Pherson county has a total debt of only \$11,60 and Aurora only \$45.74. Other counties without a bond debt are heavy warrant debtors.
