## Corner Farnam and Fifteenth Streets, Omaha.

### JUNK LOT OF STATIONERY

Gleaming Example of Reckless Expenditure of Nebraska State Funds.

### TWO BILLS FOR EDUCATIONAL INTERESTS

One is a Modification of Free High School Law, and Other is a Substitute for Compulsory Attendance Law.

LINCOLN, Jan. 5.—(Special.)—The reckless expenditure of state funds during the last few days of the fusion administration is forcibly reflected by the immense amount of stationery and supplies purchased for the legislature. Not only was an extravagant price paid for the material, but it was prepared in such a way as to be practically worthless for official use. The stationery is of poor quality and the printing is in keeping only with the circus poster style of art. Some of the newspapers is labeled in large, glaring letters, "Twenty-sixth session," while an equally large amount contains the inscription, "Thirty-sixth session." Not a single piece of stationery in the entire lot can be found that does not contain an error of some kind, either in the spelling, wording or punctuation.

The general worthless condition of the material will make it necessary for the legislature to authorize the printing of an entire new lot of stationery and the purchase of another lot of supplies. Some of the legislators' desks were supplied with penholders without pens and others were given pens, but no penholders. Many of the members purchased their own desk supplies on the second day of the session, but they

insist that the state should furnish stationery.

### Benefit of Education.

Superintendent Fowler and several prominent school men are directing the preparation of two bills for the benefit of the educational interests of the state. One will be a modification of the free high school law which was enacted by the last legislature and the other will be submitted as a substitute for the existing compulsory attendance law. The high school act was declared unconstitutional and the compulsory attendance law was almost as ineffective for the reason that no means were provided by the legislature for enforcing its provisions.

The court's objection to the high school act was that it provided for unequal taxation. The men who are remodeling the measure are finding great difficulty in overcoming this obstacle, but they insist that they will be able to submit a bill to the legislature which will accomplish the desired purpose without violating that portion of the constitution which relates to taxation.

The compulsory attendance act will be similar to that of its neighbor in the act now in force, but it will contain different provisions for enforcing its requirements.

### Smallpox in St. Edward.

Governor Dietrich has been officially notified of the existence of smallpox in St. Edward. The people there have appealed to him for assistance in stamping out the disease. The matter will be referred to the State Board of Health with instructions to do everything possible to prevent the disease from spreading.

**Cases for Supreme Court.**

The following cases have been assigned for hearing before the supreme court at the next sitting, which begins January 22: Chicago, Burlington & Quincy Railroad company against Wolfe, from Phelps county; Cummins against People's Building and Loan association, from Cass county; County of Hayes against Christner, from Hayes county; Naden against Continental National Bank of Boston, from Lancaster county; Jerabek against Kennedy, from Nance county; Garrett against Republican Publishing company, from Custer county; Elkhorn Valley bank against Marley, from Holt county; President and Directors' Insurance Company of North America against Ackerman, from Douglas county; Greenwood against Ingersoll, from Douglas county; Chicago, Burlington & Quincy Railroad company against Williams, from Seward county; McCullough against Dovey, from Cass county; State against Missouri Pacific Railroad company, original; State against Union Pacific Railroad company, original; Bank of Stockham against Alter, from Hamilton county; Dryden against Parrotte, from Buffalo county; Doherty against Linn, from Douglas county; Dobson against State, from Cherry county; County of Dodge against Acom, from Dodge county; Hills against State, from Washington county; Soheld against State, from Custer county.

### Fusion State Central Committees.

The fusion state central committees will meet at the Grand hotel in this city on January 14 at 2 p. m. The calls issued by the chairmen assert that the meetings are to be held "for the purpose of considering the interests of the people of Nebraska."

**Protest Against Posthouse.**

The citizens of the First ward held an indignation meeting last night to protest against the location of a smallpox hospital on Haymarket square. The Board of Health suggested this location and the residents of the neighborhood promptly expressed their disapproval. Haymarket square extends from Q to R streets, between Ninth

and Tenth streets, adjoining the city hall and facing the university campus at the Tenth and R street corners.

### Omaha Diamond is Lost.

Mrs. V. B. Walker of Omaha reported to the authorities the loss of a diamond earring from her apartments in the Capitol hotel. She was unable to determine whether the article was lost by accident or was stolen.

### LEGISLATORS DESERT LINCOLN

Only a Few Whose Residences Are Remote Stay in Town Over Sunday.

LINCOLN, Jan. 5.—(Special.)—The hotel lobbies, which have been crowded for many weeks, are practically deserted tonight. Many of the legislators left for their homes yesterday and last night and this afternoon many more, who remained for the purpose of accomplishing committee work, also departed, the committee on privileges and elections, the last to do so, having adjourned this afternoon until Monday. Only a few of the legislators, who live in the more remote sections of the state, remain in the city.

Many of the fellows who have been here all week looking for various legislative jobs have also gone home to spend Sunday, but as many of these positions have not yet been given out the applicants will be on hand again Monday to renew their efforts.

It is reported that the senate committee on standing committees has nearly all of its committees made up, agreed upon, and it is very likely that the committees will be given out Monday.

The senate and house chambers presented a desolate appearance today, there being no one about except one or two members in each chamber who spent some time at their desks in preparing bills and work for future legislation.

### Lone Robber's Bold Trick.

MEDICINE HOLE, Wyo., Jan. 5.—(Special.)—A lone highwayman entered the general merchandise store of William Taylor here Thursday night just as the clerks were closing up and robbed the cash drawer of over \$100 in money and stole several articles from the shelves. He was armed with two revolvers and kept the three clerks covered while he operated. The robber was not mounted and after securing his plunder he backed out of the front door of the store and fled across the prairie. The clerks secured guns and started in pursuit, but the robber got away. Word was sent to Sheriff McDaniel of Rawlins and he started at once in pursuit.

### Court Dates.

TECUMSEH, Neb., Jan. 5.—(Special.)—Judges Stull and Letton of the First judicial district of Nebraska have decided upon the following dates for the holding of district court in the counties as specified: Gage county, February 11, April 29, September 16; Jefferson county, April 8, May 27, October 21; Johnson county, March 11, May 6, October 1; Pawnee county, March 25, May 20, October 21; Nemaha county, February 18, April 22, September 16; Richardson county, April 8, June 3, November 11. All terms in Johnson county will be jury terms.

**Paid After Seven Suits.**

PLATTSMOUTH, Neb., Jan. 5.—(Special.)—Judge A. N. Sullivan today paid the clerk of the district court in this city \$6,114.60, in settlement in full of the judgment obtained by W. K. Fox, administrator of the estate of Amos Thompson, against the Missouri Pacific Railway Company. In October, 1893, while breaking up a train for the company, Thompson was killed by the train at Union. The case was tried four times in the district court and three times in the supreme court.

### FINISH ANOTHER PRECINCT

Legislative Committee Winds Up with First District of Third Ward.

### ADJOURNMENT TAKEN UNTIL MONDAY

Douglas County Cases to Be Resumed Tuesday—Personal Intercession Entitles the Close of the Session.

LINCOLN, Jan. 5.—(Special Telegram.)—The house and senate committees on the 14th and 15th of this morning completed the count of ballots cast in the First district of the Third ward in South Omaha. The result, compared with the original count by the election board, follows:

Recount.		Original.
Colson	139	139
Schultz	109	109
Johnson	109	109
Hanson	296	296
Hunt	281	274
Johnson	271	271
Bohler	141	141
Young	145	145

Further counts of the ballots was waived by the attorneys representing both sides, and at noon the committees adjourned to 9 o'clock Monday morning. The Douglas county cases, however, will not be taken up again until Tuesday.

The proceedings were interrupted this morning by a personal intercession between E. W. Simeral and W. S. Strawa. The former insisted that the latter was attempting to inject himself into the case, whereupon Mr. Strawa called Mr. Simeral a liar. Simeral replied to this by applying an epithet to the other attorney, who resorted to violence, grabbing Mr. Simeral's throat and attempting to strike him.

The men were at once separated by Representatives Wagner and Brown. The committees required to apologize before proceedings were resumed.

### Internal Burns Kill a Child.

GRAND ISLAND, Neb., Jan. 5.—(Special.)—A most distressing accident occurred in the family of L. D. Bullis, resulting in the death of the only child. Mrs. Bullis, just before the supper hour, heard their little 3-year-old daughter, Myrtle, scream. The latter was in the room adjoining the kitchen, in which Mrs. Bullis was occupied. The child was romping with a dog and the mother saw that the clothing about the child was afire. She promptly smothered the flames. There were some burns and a physician was immediately called. He found the external injuries not serious, but it was apparent from the little one's suffering and complaints that she had inhaled the flames and internal injuries resulted in death about seven hours later.

### When Dr. Kern Takes Charge.

HASTINGS, Neb., Jan. 5.—(Special.)—At a recent conference between Governor Dietrich and Dr. Kern of Wood River, who has been appointed superintendent of the Asylum for Incurable Insane at this place, and Harry Haverly, newly appointed steward of the same institution, it was decided to have the asylum turned over to the new officials about the first of February. This will give everybody connected with the institution ample time for all the necessary preparations they are compelled to make. This does not exactly suit retiring Superintendent Steele, as he says he would like to remain until March in order to have everything in perfect condition when he steps down and out. However, he will retire gracefully whenever it pleases Dr. Kern.

### IOWA YOUTH'S PREDICAMENT

Arrested at Home of Best Girl on Charge of Stealing Father's Horse.

FORT DODGE, Ia., Jan. 5.—(Special Telegram.)—Fred Nelson of Lehigh was arrested at the home of his sweetheart at Mondamin, Ia., on Friday night on a charge of horse-stealing and was held to the grand jury on \$1,000 bonds this morning. Nelson, it is alleged, stole his father's horse, brought it to Fort Dodge and sold it for \$30 to W. M. Arthur of this city. His father reclaimed the animal and the matter was placed in the hands of the sheriff, who located the son at Mondamin after a long search. The case has aroused much excitement at Lehigh, as the young man is well connected.

### Monona County Docket.

ONAWA, Ia., Jan. 5.—(Special.)—The Monona county district court will open Monday, January 7, Judge John P. Oliver presiding. There is a large docket, with some very important cases. One of the prominent ones is the case of Annie Jennings against the Chicago & North-western railway, a suit growing out of the wreck at Lehigh some years ago. It was tried here some time ago and a judgment for \$3,250 rendered in favor of the plaintiff, but it was reversed by the supreme court and by stipulation will be tried in Monona county at this term. There are a large number of witnesses, and it is expected to occupy some days. There are also about twenty estate cases, mostly for violation of the mulct law, that will come up at this term.

### One Contest in Sac County.

GRINNELL, Ia., Jan. 5.—(Special Telegram.)—Sac county will have one contest for office over the Titus amendment. All of the county officers with one exception will step out without protest. County Clerk W. C. Waddell, however, will assert his rights and will refuse to step out until deposed by the courts.

### Will Print No Daily Journal.

PLATTSMOUTH, Neb., Jan. 5.—(Special.)—G. E. Towle, formerly of Omaha, has bought the Plattsmouth Journal plant from H. B. Groves, who will retire from the business. Mr. Towle announces that for the present he will discontinue the Daily Journal and devote his whole time and attention to the weekly. The politics of the paper will remain unchanged.

### Death Marks the House.

PAPILLION, Neb., Jan. 5.—(Special.)—Death seems to have made a chosen victim of the home of W. T. Ireland, in Barry county, near Gilmore. A week ago William, aged 14, died of typhoid pneumonia; last night Theodore, an elder brother, succumbed to the same disease, and now it is reported that the mother and two daughters are not expected to live.

### Engineer Inherits Estate.

M'COOL JUNCTION, Neb., Jan. 5.—(Special.)—William Hilma and family started for Germany, where, through the death of an uncle, Mr. Hilma will inherit quite an estate. For years he was a locomotive engineer on the Burlington, running out of Lincoln.

### Looking for a Teacher.

TECUMSEH, Neb., Jan. 5.—(Special.)—The Tecumseh school board is looking for a teacher for the primary department. Miss Nellie Schlotz today resigned as teacher of the West ward school, as she has a better offer in Hastings.

### Hopkins Has the Hotel Again.

TECUMSEH, Neb., Jan. 5.—(Special.)—P. H. Hopkins again has charge of the Hotel Hopkins here. J. E. Boquet has sold him his furnishings and turned the business over with same.
