INDIANAPOLIS JUMPS TO NEW CIRCUIT

Cities Besides Those of Indiana and Kentucky Are Boston, Washing-Philadelphia, St. Louis, Baltimore and Milwaukee.

LOUISVILLE, Ky., Jan. 5.- The war of the National league against Ban Johnson and the American league is to be to the knife and the first blood is with the National league. Indianapolis has broken away from the American league and there are prospects that Detroit will do likewise, while Louisville, which had been looked upon as favorable to Johnson, has gone over to the League's new organization.

At a meeting held at the Louisville hotel this afternoon papers were signed for the eighth club of what is to be the American association, backed by and with the support the National league. The circuit may, however, not be confined to eight clubs. but may be extended to ten. It all depends upon Detroit. There were present at he meeting W. H. Watkins of Indianapolis, Pulliam of this city, late secretary of the Pittsburg club, and J. J. Sanders, H. B. Burford and J. J. McClosky, who want the Louisville territory. As a result of the meeting it can be said that an agreement has been signed by the eight clubs interested and that in two weeks a meeting will be called and steps taken for the granting of reorganization and the disposition of the surplus players left by the new rule Hmiting the clubs of the National league to sixteen players each. The new circuit, with either the manager or the financial backer, or both, is as follows: Boston-Arthur Irwin and H. Havemeyer;

New York-Andrew Freedman; Manhattan

Baltimore-Von Der Horst, McGraw and Robinson; Union park. Washington-Wagner Bros.; League park.

Louisville-McClosky, Saunders and Bur-St. Louis-Al Spink. indianapolis-W. H. Watkins.

Milwaukee-H. D. Quin and Koch In addition Detroit may be induced to cllow the lead of Watkins. If so the franthise will be given to Burns and Stalling and, to balance the circuit, the old Athletics will be resurrected in Philadelphia and F. G. Richter given the franchise.

### YOUNG BLOOD FOR BALL TEAM

Manager Rourke Signs Three Promising Diamond Artists for the Forthcoming Season.

"I have just signed three cracking good youngsters for Omaha's team next year, said Manager Rourke yesterday. of them come highly recommended, with splendid records back of them, and they will given a chance to make good, if they can. Otherwise, they will have to give place to others. Our team next year is going to be the peer of anything Omaha has ever had, I do not consider it essential that none but old-stagers be given a show. It is the young blood that often turns out the best and along with the men of established reputations whom we shall sign I expect to give chance to a number of clever young ones." The men who have been signed are Gordon, the clever young twirler who pitched last season with the University of Nebraska, and is at present a student at the university. He will be given a chance to show what he can do on the slab and everyhas seen his work believes that he has the elements of a first-rate pitcher. Tom Anderson of Minneapolis has been signed for an outfielder. Manager Rourke says he believes that Anderson will turn out to be another Slagle. He is built like Slagle, is a young fellow, fast on his feet and a remarkably good hitter. The third man is Lew Walters of Decatur, Ill., who has been playing second base for a season or two in pretty fast company over in Illinois. Walters is a promising young fellow and comes highly recommended.

WALTHOUR WINS LONG RACE Southern Rider First in Boston's Six Day Event by Just Two Lengths,

with Others Close Up.

BOSTON, Jan. 5.—In another of the cyclone finishes for which he is famous Bobby Walthour of Atlanta, the southern champion, and the seventy-three-hour world's champion, won the international six-day bleycle race at Park Square Garden, which ended tonight. He did not let himself out until the last lap and when he did it did not seem as if any of the others were riding at all. Will C. Stinson of Cambridge came in second piace, while Arcaie McEachern of Toronto was third. The distance was 1.099 miles 2 laps.

The final score, the end of the sixtleth hour, was as follows: Walthour (leading by two lengths), 1.099.2; Stinson, 1.099.2; McLean, 1.099.2; McLean, 1.099.2; Fischer, 1.09.2; Kaser, 1.099.2; Downey, 1.099.2. Babcock and Mulier left the track after the fifty-ninth hour, so the leaders could be given as clear as field as possible.

Among the most sensational features of the day were the gaining of laps by Babcock and Mulier during the evening.

The riding has been uniformly good and was marred by no serious accidents. There were fully 10,000 persons in attendance during the evening. The racing has been ten hours each day during the week and ended at 11:09 tonight.

Elliott at the Top of His Form.

NEW YORK, Jan. 5.—Fresh from his victory over William R. Crosby for the casting championship medal at live birds. James R. Elliott of Kansas City kept up his winning streak by defeating today at Interstate park Louis T. Duryea, shooting under the name of Davenport, by a score of 94 to 87 in their match at 100 birds for \$250. The winner is at the top of his form and was never in thetter shape. He never permitted the birds released for him to become dangerous and brought those killed down in convincing style. "Davenport" from his first bird on was seemingly tied up and did not act at all like himself.

The afterneon proved perfect for the competition and according to the shooters the birds were a fast and rare lot. The match was decided in a little more than an hour. From the initial twenty-five on the westerner was in the lead and he increased his advantage with each bunch of twenty-five. His showing at each of these periods was 23, 24, 24 and 23. "Davenport's" score at these points was 21, 21, 23 and 22. The latter improved as the mach progressed, while Elliott's work was uniform.

CINCINNATI, Jan. 5.—Manager William

Dakota Senator Seeks to

Emulate the Deceased Indianian as the Great Objector. WASHINGTON, Jan. 5 .- While the senate was in session for more than three hours

today little important legislation was accomplished. The committee amendments objection had been raised, were agreed to, but none of the contested amendments was considered. Dilatory tactics were employed by Pettigrew of South Dakota to prevent the consideration of matters that would advance the business of the senate. A few unobjected measures were taken from the calendar and passed.

When the section of the army reorganization bill was reached providing for the appointment of volunteer officers to be officers in the regular army, an extended discussion ensued.

Mr. Money declared there were many officers in the volunteer army who as clearly entitled, as gentlemen and officers, to commissions in the regular army as the cadets who, by hazing and by their testimony before investigating committees "are today disgracing the whole country, at West Point. The committee amendment providing that

volunteer officers might be appointed to second lieutenancies was disagreed to, thus restoring the house provision that volunteer officers might be appointed to the grade of first lieutenant.

No Regular Army "400" Wanted. Commenting upon this part of the bill Mr. Daniel of West Virginia declared that he wholly disagreed with the committee which had drawn the bill. As to the preparation for the appointment of volunteer officers to the regular army, Mr. Daniels

"It looks like a skillful piece of engineering by a regular army officer to keep out of the army many of the brightest and best military spirits of the country. This is the most proscriptive bill against the volunteers of this country that has ever been

"This is an exclusive bill," declared Sena-tor Daniel, "provided for the purpose of being exclusive. I am not in favor of turning over the military affairs of the country to the regular army.'

This completed the bill so far as committee amendments are concerned, all except those to which objection had been offered having been agreed to. At 1:45 the senate proceeded to the consideration be reduced in all states where the right to of executive business, but after a few minvote is abridged. He claimed ten states utes business was resumed in open session. Mr. Platt of Connecticut asked for per cent. They were: California, 7.7 per unanimous consent to proceed to the consideration of a bill to ratify and confirm an agreement with the Muscogee or Creek tribe of Indians. Mr. Pettigrew objected, but later withdrew his objections and consideration of the bill was begun. The bill after being amended in some minor particulars was passed.
