

KIDNAPING A PULPIT TOPIC

Rev. Sargent Takes Cudaby Case as a Theme.
POINTS OUT THE PATH OF DANGER
Speaker Dwells at Length on Drink,
Avarice and Other Evils with
Which Manifold is Beset
in This Age.

A large congregation attended the St. Mary's Avenue Congregational church at the morning service to hear Rev. C. S. Sargent's sermon on "Kidnaping." Rev. Mr. Sargent took his text from Acts 1, 24: "They watched at the gate at night to kill him." Among other things Rev. Mr. Sargent said: "At the dawn of the twentieth century the world, or the United States at least, has been started by the kidnaping of a boy named a baby or a little girl, but a boy entering into manhood. The whole country has been aroused at the bold details of the abduction. The police have scoured every part of the west without finding a trace...

STRAIGHT TALK BY REV. HIRST.
He Discourses at Length on "How to Build Aright."
"Would you reform the world? Would you empty the jails of their wrong-doers and the prisons of their felons? There is a way. A law passed by the legislature compelling every man and every woman in the land to turn the soul's eye on his neighbor each day will do it. Self-scrutiny and sin cannot exist together." Rev. A. C. Hirst held spellbound a throng of young men which filled the drawing rooms of the Young Men's Christian association and overflowed into the hall Sunday afternoon when he addressed them on "The Way to Build Aright."

To Escape Danger.
"There are many other points in the progress of the world that might be touched on, but this is not the sermon that I have chosen for you. Today let us look at the dangers that surround us and then consider what are the opportunities of escape from those dangers. In the first place, there is the great evil of the rum shop. Every year 100,000 drunkards totter with heavy eye and inflame step to their destruction, and every year 100,000 boys from your home and mine go to take new places in the depleted ranks.

EVERY MAN DEBTOR TO THE WORLD
Interesting Discourse on Public Duty
Paul's words: "I am debtor to the Greeks and barbarians, both to the wise and unwise," were the theme of Rev. Edward Hart Jenks' sermon at the First Presbyterian church yesterday morning.

DISCUSSES DUTY OF CHRISTIANS.
Rev. C. B. Allen, Jr., Points the Way to a Better Future.
Rev. C. B. Allen, jr., pastor of the First Baptist church, preached Sunday morning on "The Hour, and the Duty of the Hour." He passed in brief review the century just closed, noting some of the advantages it had wrought to the human race, and then said:

URGENT NECESSITY OF SALVATION.
Rev. Herring Touches Briefly on Cudaby Kidnaping Case.
Rev. Hubert C. Herring spoke of the necessity of the world's salvation in his Sunday morning sermon at the First Congregational church. His text was Hebrews vii, 25: "Wherefore he is able also to save them to the uttermost that come unto God by him, seeing he ever liveth to make intercession for them."

How to Cure Croup.
Mr. R. Gray, who lives near Amesla, Duchesne county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure. When given as soon as the child becomes hoarse or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by all druggists."

CLUB BUILDING PROPOSED

Members of Commercial Club Discussing Project to Build.
SOUND FINANCIAL SCHEME SUGGESTED
How a Hundred Thousand Dollar Property for Exclusive Use of Club Could Be Made to Pay Handsomely.

Members of the Commercial club are quietly discussing the feasibility of erecting a building for the exclusive use of their organization. The project has not yet taken any definite form, for the business club is considering the matter until the Auditorium fund is practically completed. Just as soon as the Auditorium is well under way, which will be early in the coming summer, the Commercial building enterprise will probably be taken up and carried out.

Club Could Increase Its Income.
"With these added attractions the club could easily increase its membership to 200 and advance the annual dues to \$40. By this I will not provide a paltry sum to business in Omaha who would refuse to contribute \$10 a year, less than \$1 a week, to the support of such a club ought to be ostracized. Now, with 600 members at \$40 a year each, the annual income of the club would be \$240,000. My plan would provide for the payment of \$5,000 a year rent to the company that should be organized to build and own the house, leaving \$12,000 a year for the other expenses of the club."

BISHOPS WILL BE OVERTAXED
Death of Bishop Ninde Puts Additional Burden on Other Members of the House.
The sudden death of Bishop Ninde last week has created a great effect on the movements of the other members of the Methodist house of bishops, and incidentally upon the affairs of the First Methodist church of Omaha.

MISSIONARY WORK AT HOME
Miss Thompson Makes a Strong Plea for the Southern Negro.
At First Christian church Sunday afternoon Miss Lura V. Thompson of Illinois, national organizer of the Christian Woman's Board of Christian Missions, addressed the members of the society on the work of the organization. Miss Thompson comes to Nebraska on invitation of the officers of the state board. In her address she called attention to the efforts of the organization to establish a chain of day schools in every town having a state educational institution, especially at state university seats.

W. C. May of Gothenburg Talks of Affairs in His Building.
W. C. May of Gothenburg was in the city yesterday and spent several hours at the Her Grand. Speaking of conditions in the neighborhood of his home, he said: "At the present time we are interested in the proposed action of the legislature in the matter of irrigation. Gothenburg and the surrounding country is suffering under the recent decision of the supreme court and do not think that later-day Nebraska should be bound by the archaic laws of medieval England. What we want is a law which will permit the creation and maintaining of irrigation ditches all over the western part of the state. Out in my country we saw the effects of irrigation this year."
