NEW YORK, Jan. 18 .- The promoters of delphia matter. The promoters of the new the new base ball association met the arbitration board of the National league at the Fifth Avenue hotel today. As a result of the advice given to the new magnates. by the solons, they went back to the Hotel Mariborough tonight, made a few important changes in their original plans as to the circuit, effected a permanent organization and began work on a constitution. Tomorrow the promoters will once more appear before the national board, sign the national agreement, secure protection and then elect officers.

Two important changes in the proposed circuit were made after today's session. As a result the American association will not have a team in Chicago. The magnates of the new organization decided to take in Detroit instead. The other change will be in the management of the Philadelphia team. H. K. Niles will be the controlling power in the Philadelphia party instead of H. K. Koch, the man originally selected by the magnates. Mr. Koch is

to have the Detroit franchise. In the change of arrangements in Philadelphia the big magnates issued their first rebuke to the new association and for a time it looked as though there would b serious trouble over the matter. While the magnates refused to discuss the trouble tonight, it is said they went into

of the new association: The American association met at the Hotel Mariborough tonight and effected a permanent organization. Permission to use the name American association was granted by the National league. The following circuit was decided upon: Washington. Baltimore. Philadelphia and Boston in the east: Detroit, Milwaukee, Louisville and Indianapolis in the west. After effecting permanent organization the members got to work on a constitution. They will then elect officers. Tomorrow the association will go before the national board and sign the agreement and ask for protection.
