

PLAN FOR THE BLUFF TRACT

Boundaries Are Altered to Meet the Approval of the Property Owners.

CITY COUNCIL INTRODUCES ORDINANCE

Residents of North Omaha Agree to Cut Out One End of Front and Take in Lawrence's Frontage on Sherman Avenue.

A new plan for the proposed park on the bluff tract was presented to the city council in an ordinance introduced at last night's meeting. Members of the council objected to the original plan because it took in a portion of the tract which adjoins a railroad track. That this objection might be overcome residents of North Omaha agreed to cut out the north end of front and take in a larger frontage on Sherman avenue.

As outlined in the ordinance the park would include a wide boulevard along the edge of the bluff between Pratt and West streets. In addition to this strip it would embrace a piece of ground with a frontage on Sherman avenue between Pratt and Spencer streets and extending east to connect with the boulevard along the bluff.

A committee, consisting of Joseph Hennings, George W. Holbrook, Judge A. N. Ferguson, J. C. Wood, William McKenna, L. E. Lucas, W. H. Mallory, D. W. Morrow and A. A. Lamoreaux, presented this plan to the Board of Park Commissioners at a special meeting called yesterday afternoon and the members of the board expressed their approval of the changes in the proposed park and recommended the plan to the council.

Residents of North Omaha maintain that the ground included in the proposed park can be bought for less than \$100,000. Councilman Haswell and other members who objected to the original plan have agreed to vote for the condemnation of the park in its changed form.

To Pay December Salaries.

The following resolution adopted by the council provides for the deficits in the various departments of the city and for the payment of the salaries of the various departments for the month of December. The council also adopted an ordinance providing for the payment of the salaries of the various departments for the month of December.

Resolved, That the sum of \$2,375.49 be taken out of and added to the city balance in the general fund and that the same be distributed and placed to the credit of the following departments: Police, \$1,100.00; Fire, \$1,275.49.

A communication from City Treasurer Hennings explained why there was a deficit in his department for the year 1900. One item of considerable expense was the preparation of delinquent tax lists. These were prepared, however, in such a manner that they can be used for a period of five years and will result in a great saving to the city.

Members 8 Cents Each. The bond of George C. Burr, contractor for feeding city prisoners, was approved in spite of the mayor's veto. The contract price is 8 cents per meal and in the mayor's opinion suitable meals cannot be provided at that price.

L. D. Vogel asked permission to erect a temporary factory between the railroad tracks at Sixth and Harney streets. Councilman Hope objected to granting the request as the proposed factory is within the fire limits. The matter was referred to the committee on rules.

The name of Dorcas street, between Twenty-seventh and Thirty-second avenues, was changed to its original name, Ed Creighton avenue, at the request of J. G. McGeath, who donated the street to the city.

AMERICA'S RAILROAD SUCCESS

G. M. Lamberton of Lincoln Tells Londoners a Few Things About Our Prosperity.

G. M. Lamberton of Lincoln, who is doing Europe, was in London recently, and gave a half column interview on American railroad development to a reporter for the London Daily Mail. Harnsworth's tabloid journal. Mr. Lamberton is described as the "Chief attorney for the Union Pacific company, and has within the last few weeks been reappointed attorney for the Interstate Commerce commission."

The first consideration connected with a railroad, said Mr. Lamberton, according to the Mail, is the question of capital. He firmly believes, without a single exception, the roads that have entered the interstate commerce commission are well equipped as regards equipment, and especially in this case with the western roads.

The market value of the bonds and stocks of all railroads in the United States upon the prosperity of the country. The enormous crops of the last four or five years have lifted the public attention to their utmost during the crop-moving period. Consequently the railroads have annually increased very largely, and his

HONORS QUEEN'S MEMORY

House Adopts Resolutions of Respect and Then Adjourns.

BILL FOR RELIEF OF CRAWPS ADOPTED

Senate Bill Extending Placer Mining Laws to Saline Lands is Passed, but Only After Spirited Debate.

WASHINGTON, Jan. 22.—The house today adopted a resolution expressing profound respect and sympathy with the English people on the death of Queen Victoria. The president was requested to communicate the resolution to Great Britain, and as a further mark of respect the house was adjourned.

There was not a word of dissent or debate. The resolution followed precedent and was in almost identical language with the resolution adopted on the death of the president of France and the czar of Russia. Before the announcement of the death of the queen the house passed the bill to extend the claims of the claims of the camp and sons, amounting to something over \$1,300,000 for alleged damages due to the company on account of the failure of the government to promptly furnish armor plate and other material used in the construction of the New York, Columbia, Massachusetts and Indiana. The claim has been nearly before congress for several years.

The senate bill to extend the placer mining laws to saline lands was passed after a rather spirited debate. A special rule was adopted for the consideration of the bill to consider the efficiency of the revenue cutter service after the disposal of the bill for the revision of the postal laws. The District of Columbia appropriation bill was taken up and some progress was made with it.

SENATE SENOS SYMPATHY

Resolutions Appropriate to the Death of Queen Victoria Are Adopted.

WASHINGTON, Jan. 22.—The announcement of the death of Queen Victoria today, conveyed unofficially to the senate, was recognized by that body in the adoption of an appropriate resolution, which was adopted by a unanimous vote.

During the sitting of the senate in open session, the legislative, executive and judicial appropriation bills were completed, so far as the committee amendments were concerned. It is now subject to amendment by individual senators. Little business of importance was transacted.

Soon after the senate convened today, Mr. Gallinger, chairman of the committee on pensions, made an effort to secure consideration of unadopted private pension bills. Objection was made to his request for an hour's time for that purpose today, and subsequently, when he asked that the senate hold a session tomorrow evening to consider private pension bills, objection was made by Mr. Pettigrew.

Mr. Thurston, chairman of the committee on Indian affairs, reported the Indian appropriation bill, and it was placed on the calendar. Mr. Chandler, chairman of the committee on privileges and elections, favorably reported a concurrent resolution providing that the two houses of congress assemble in the hall of the house of representatives on Wednesday, February 13, at 1 p. m., for the purpose of counting the vote cast for president and vice president of the United States.

Mr. White, chairman of the committee on Indian affairs, reported the Indian bill, and it was placed on the calendar. RELIEF OF LIEUT. TOWNLEY

Senator Tillman Reports Favorably on Senator Thurston's Bill for a Gallant Soldier.

WASHINGTON, Jan. 22.—(Special Telegram.)

Senator Tillman from the committee on naval affairs reported favorably today on the bill of Senator Thurston for the relief of Richard H. Townley, lieutenant and junior grade of retired list of United States navy. Lieutenant Townley after seventeen years' service was placed on the retired list of the navy by reason of disability incurred through arduous service.

Senator Thurston's bill was declared Townley volunteered for active duty and served continuously and creditably during the whole of the affair with the dons, and at the end of the service he was compelled to retire because he was outranked. In order to commend his services, which are recognized of distinct worth, Senator Thurston introduced the bill which is now reported favorably.

Senator Allen was authorized by the committee on claims, of which he is a member, to report favorably Senator Thurston's bill appropriating \$50,000 to the state of Nebraska in settlement of the claims which the state has against the general government for the uprising of Indians during the civil war.

FRIGHTENED!

The Agony Endured by Nervous Women.

"My nerves are all unstrung" is the expressive way in which a woman is apt to describe a condition of extreme nervousness. The figurative expression "unstrung" may be unscientific but it pathetically suggests the grand harp of the nervous system, strung and keeled for harmonies by its Maker, now become so unstrung that it gives out nothing but jarring discords. Nervous people rarely receive the sympathy which is their due.

The dropping of a book which causes the nervous woman to start, or the slamming of a door which causes her to scream, are sounds which do not jar the nerves of a healthy person. To the nervous woman such sudden sounds are like a blow in the face, and they cause intense suffering. The extent of this suffering may be gathered from Mrs. Nelson's experience told in the letter given below. She says: "I was so nervous that the least thing would startle me almost into convulsions." Such a condition of nervousness generally indicates womanly diseases. It is useless to attempt to cure nervousness by the use of narcotics.

NARCOTICS ARE DEADLY for the nervous woman whose need is not to make the nerves sleep but to make them strong, not to numb them but to nourish them. The best medicine for nervous women is Dr. Pierce's Favorite Prescription. It cures nervousness because it cures the causes which are behind nervousness. It establishes regularity, dries the drains which undermine the health and strength, heals inflammation and ulceration and cures female weakness. It makes weak women strong and sick women well.

"Dr. Pierce's medicines are the best I have ever used," writes Mrs. C. Nelson, of Chemawa, Marion Co., Oregon. "My health was badly run down when I consulted him by letter. My limbs were cold and my head hurt me continually. I was so nervous that the least thing would startle me almost into convulsions. I had palpitation of the heart so bad that I could scarcely walk sometimes. I felt utterly discouraged, but two bottles of Dr. Pierce's Favorite Prescription and one of 'Golden Medical Discovery' made a new woman out of me. We are never without Dr. Pierce's Pellets in the house."

Nothing is claimed for Dr. Pierce's Favorite Prescription but it is claimed for it by the women who have been cured by its use. Behind every claim is a cure—yes, a thousand cures. In fact,
