RECORD OF CRIMINAL CASES

Assistant County Attorney Kimball Files His Report for the Year.

Justice Courts Outside the City-Total number of cases, 75; convicted, 35; acquitted, 22; dismissed, 11; pending, 7; total costs, \$493.41; average costs per case, "John Marshall, the Citizen"

A comparison with former years shows that since the appointment of an assistant county attorney the cost to the county for the prosecution of criminal cases in the superior and justice courts has been materially decreased. In 1896 there were 375 cases, the total costs in which amounted to \$4,339.78, or an average of \$411.57 a case. In 1899 there were 428 cases at a at the banquet. \$6.42 per case.

Referring to the fact that the average

cost per case in 1900 was single than in the preceding year, Mr. Kimball says:

ball, in his report, has this to say:

Under provisions made by your board and instructions of the county attorney the work of this office is the prosecution of petty criminal cases and preliminary hearings of the larger offenses, to the end that the same can be better prosecuted than by the magistrate, who should sit impartially, and that needless expense may be saved. This work the law does not require the county attorney to do, nor has it been done by any county attorney in the past, nor can it be done by any county attorney if he gives proper attention to the duties of his office as required in a county of the size of ours and having its population and a city like Council Bluffs. Other counties having cities of the population of Council Bluffs and larger have officers for this work. Every case docketed is examined and there is a trial on an average for nearly every working day in the year. Besides this work this office has voluntarily aided the county attorney in many minor matters, which has been of some value and much cases tried or disposed of wherein the

which has been of some value and much saving to the county.

Cases tried or disposed of wherein the costs are taxed to and paid by prosecuting witnesses or defendants are not included in this report, for they cost the county nothing. This office has no control over the filing of informations, but whenever on investigation it is found that informations are filed maliciously, without sufficient or proper evidence or for private ends, without criminal offense, they are dismissed. By the co-operation of the magistrates and constables in referring doubtful cases to this office, much can be saved to the county by dissuading parties and advising the magistrates against commencing proceedings which would ultimately require dismissal. I am pleased to report that there has been during the last year the utimost barmony between such officers and this office.

most narmony between such officers and this office.

Needed expense is not saved wherever it will aid in the conviction and punishment of crime, but expense is saved by having cases properly brought and preventing unnecessary calling of and attendance of witnesses.

A year ago hood of 50 years old. the mine operators sent representatives to the national meeting and they were refused admission. Now the Iowa operators assume an indifferent air and say they can afford to be independent of the others. But President Reese of the Iowa branch of the Mine Workers' union went to Indianapolis last week to the meeting of pledging the miners to insist absolutely on recognition of lows and Michigan by the operators. This is opposed by the Illinois

operators. The reason is that in the Illinois field they pay on a mine run basis 10 cents a ton less than in the Iowa field, and where they pay on screened coal the difference is from 15 to 20 per cent. This difference enables the Illinois coal sellers to compete with the lows operators in all north-

But Religious Revival Breaks Down the Barrier Between Ottumwa

CTTUMWA, Ia., Jan. 31.-(Special.)-Mr.

and Mrs. Sim Bell have been reconciled by a religious revival. Thirteen years ago because they could not agree upon a name for their baby daughter, they had a serious quarrel and it was not until last Sunday night that they spoke to each other again. During the period of silence they lived with each other in the same house, ate at the same table and attended the same church, but there was a gulf of silence between them. The excitement due to a religious revival at Mount Zion church broke down the barrier. Many went for ward to the mourners' beach to pray and to ask forgiveness. Among these were Mr and Mrs Bell. They met at the altar with a common purpose in mind and, strange as it seemed to the population of the community present, the heat of the religious excitement burned down the wall of silence. They looked at each other then their hands met: hot tears fell and upon admitting lows and Michigan to the The mourners at the bench caught the spirit of the occasion and they gathered praise and thanksgiving. The liability to disease is greatly lessened when the blood is in good condition, and the circulation healthy and vigorous. For then all refuse matter is promptly carried out of the system; otherwise it would rapidly accumulate -fermentation would take place, the blood become polluted and the constitution so weakened that a simple malady might result seriously.

A healthy, active circulation means good digestion and strong, healthy nerves.

As a blood purifier and tonic S. S. S. has no equal. It is the safest and best remedy for old people and children because it contains no minerals, but is made exclusively of roots and herbs.

No other remedy so thoroughly and effectually cleanses the blood of im-SSS purities. At the same time it builds up the weak and debilitated, and renovates the entire system. It cures permanently all manner

of blood and skin troubles. Mr. E. E. Kelly, of Urbana, C., writes:
"I had Ecsema on my hands and face for five years. It would break out in little white pustules, crusts would form and drop off, leaving the skin red and inflamed. The doctors did me no good. I used all the medicated soaps and salves without benefit. S. S. S. cured me, and my skin is as clear and smooth as any one's." Mrs. Henry Siegfried, of Cape May, N. J., says that twenty-one bottles of S. S. cured her of Cancer of the breast. Doctors and friends thought her case hope-

Richard T. Gardner, Florence, S. C., suffered for years with Hoils. Two bot-ties of S. S. S. put his bleed in good con-dition and the Bolls disappeared. Send for our free book, and write
