No Evidence That Joplin Prisoner: Are Cudahy Kidnapere.

CHIEF DONAHUE IS FULLY SATISFIED

But Joplin End of the Game Continues to lasist That the Men Arrested Are Worth Omaha investigation.

Chief Denshue received a telegram last night from his representative sent to Joplin. Mo., to identify the two men. Johnson. and Mitchell, who were arrested there under suspicion of being implicated in the Cudahy kidnaping. The message was to the effect that they are not the men wanted. The chief says he will not ask to have them returned to Omaha.

A special to The Bee from Joplin received last night, says: "Detective Hayes arrived today from Omaha and after carefully looking over the two suspects said they were not the men who were implicated with Pat Crowe in the Cudahy kidnaping. It was evident, however, that the two men recognized the detective immediately, and at the close of the interview the latter said he had seen both men in Omaha. Asked if they would return to Omaha without requisition papers they replied that they would not. They appear very nervous. Previous to their arrest they had been spending money freely and the officers here have learned that \$250 of the money they lavished was in gold, the remainder was in bills and silver. Local authorities are satisfied that the men had been guilty of some crime-presumably the robbery of a bankand that they are wanted somewhere. They will be held for several days pending an investigation.

Chief Donahue's representative who went Joplin has never before appeared publicly in this case, and both he and the chief are anxious that his identity should not be generally known. For sake of convenience he assumed the name "Pat Clancy" before leaving the city on his errand, but from the foregoing dispatch it seems that started the agitation for the library, pledged he has changed his pseudonym to "Detec- \$300; the teachers of the city schools, \$275. on the Omaha force. The chiev says that to identify Pat Crowe's two pair if they \$1,500. The city was divided into districts union shall be submitted to the referenare ever arrested but in the meantime and committees appointed to make a thorthere is reason for keeping him in the background.

AUDITORIUM MASS MEETING

All Arrangements Put Well Luder Way at Meeting of Special Committee Last Night.

The special committee appointed to take charge of the arrangements for the auditorium mass meeting to be held next Thursday night at the Commercial club rooms had a meeting list night. F. E. Sanborn. Clement Chase, George W. Hoobler, W. S. Wright, W. W. Umsted and C. D. Thompson attended the committee meeting. It President McKinley to establish a forest rewas decided to engage Dimmock's orchestra to furnish the music at the mass meeting and to enlist the services of the best speakers in the city for short addresses. Light refreshments will also be served during the evening

A number of subcommittees were pointed to look after the arrangements for the big gathering of Thursday night.

Local Christian Endenvor Societies Celebrate Birthday of Their Organization.

Twenty years ago yesterday a few of the younger members of Rev. Francis E. Clark's hurch in Portland, Me., organized an association which was named the Christian Endeavor society. Similar societies were organized in other churches and in three years there were 10,000 Endeavorers in the United States. In 1889 the membership had reached 500,000 and today the Christian Endeavorers in all parts of the world number more than a million.

The Omaha Christian Endeavor union celebrated the twentieth anniversary of the founding of the society with special servlook at the Kountze Memorial church last vening. South Omaha Joined with the Omaha young people in the services and more than 500 Endeavorers attended.

Arthur Chase, president of the union, was in charge of the meeting last night and was assisted by a number of local pastors and Delmore Cheney, who directed the musical numbers Rev. C. S. Sargent, pastor of St. Mary's Avenue Congregational church, reviewed the history of the Christian Endeavor society and paid tribute to Dr. Clark, the father of the organization.

Hev. Jacob Flook spoke on "Bible Study. 'Christian Citizenship" was the subject of an address by Rev. Leonard Groh. Edwin Hart Jenks, Rev. T. S. Hawley, Rev. Howard Cramblett and Rev. E. F. Treft were other speakers who made brief ad-

diesses. Greetings were read from Rev. Francis E. Clark and President Arthur Chase of the Omaha union wired congratulations to the mother society in Portland.

Free Library for Fremont.

FREMONT, Neb., Feb. 1.—(Special.)—At a mass meeting of the citizens of Fremont in the district court room it was decided to raise by subscription \$2,500 for the establishment of a free public library and to petition the council to levy a 1-mill tax for its maintenance. Mayor Vaughn presided. Rev. W. H. Buss spoke thirty minutes on the value and importance of public libraries and called for subscrip tions. The Fremont Women's club, which started the agitation for the library, pleaged There is no Detective Hayes the piedges of the school children amounted to \$150, and enough was subscribed in a ough canvass of the same for further subproposed to ask the council to levy the tax and it is thought there will be no serious objection. The Woman's Christian Temperance union has 500 books, which will probably be donated to the new library. In addition to a donation of \$100 L. M. Keene has offered to give rooms in the Union ment block without rent for one year.

To Establish Forest Reserve.

CHEYENNE, Wyo., Feb. 1 .- (Special.) memorial has been introduced in the state legislature, memorializing the Wyoming delegation at Washington to request serve to protect the interests of the settlers in the North Platte river valley. The location of the proposed forest reserve is in the Medicine Bow mountains and all that portion of the Sierra Madre mountains lying south of the fourth standard parallel in Wyoming. The establishment of this reservation is calculated to benefit hundreds of settlers in North Park, Colorado eastern Utah, southern and central Wyoming and western Nebraska, in that it will dication of Bright's disease. SUSPECTS NOT IDENTIFIED ITS TWENTIETH ANNIVERSARY ROW OVER LABOR PAPER

Central Union Has a Breezy Discussion on

Advertisers.

Subscribers Protest that They Did Not Expect to Find Such Business Houses Admitted to the Columns.

The labor papers furnished a subject for discussion at a meeting of the Central Labor union last night, and the members who apposed the starting of the paper were jubilant at the early fulfillment of their prophecies.

The question came up on a motion of Asa Taylor instructing the board of directors of the paper to accept advertisements from the department stores. This precipitated a discussion which consumed several hours. Delegate Moore of the Horseshoers un on stated that the committee having the paper in charge pledged themselves not to accept any advertisements from department stores, and with that understanding the unions and their members had subscribed for the paper.

Delegate Bell, from the Painters' union. took occasion to show how, in his opinion, the labor paper was being operated as a private "graft" by the president of the Central Labor union and a few other per-

close of which Asa Taylor suffered his first defeat in the body since his first election as president, his motion being lost by a vote of 4 to 1. The new wage scale of the Hodcarriers' union was presented. Delegates from other building trades objected to its con-

sideration until the Building Trades' council should act upon the scale. In the discussion it was stated that the Building Trades' council would deem it an insult for tion of the council; Typographical union No. 190 submitted

an amendment to the constitution of the union providing that upon the demand of referred to the scale committee." The operone-third of the delegates present at any ators then requested that the miners predum of all the unions affiliated, providing that nothing in the section shall be conscriptions. After the amount is raised it is strued to prevent wholesome measures from being passed where such passage is of immediate necessity, the referendum vote required to be reported to the union within thirty days.

Deputy Labor Commissioner.

A resolution commending the appointof C. E. Watson as deputy labor commissioner, as adopted by the Horseshoers' union, was spread upon the records of the union, having been endorsed.

The law committee made a report, embracing several recommendations, and it was filed. The Nebraska Label league was admitted to the central union, its delegates to have

a voice on all questions, but no vote, and to be required to pay no dues. It was decided to appoint a committee to wait upon the members of the Douglas county delegation asking them to oppose the bill repealing the exemption laws of the state. The proposed law has created considerable excitement, as the bill is intended to permit a creditor to levy upon all personal property, without exception, without a trial of the issues in the case. The majority of the members of the union expressed themselves in favor of a law which would force "dead beats" to pay permitting creditors to selze upon all property of debtors. A committee, consisting of three members, was elected, as

lows: P. H. Dillon, George Hollo and Fred Bauman John Polian was elected secretary-treasurer, vice C. E. Watson, resigned.

OUESTION IS ABOUT DEPARTMENT STORES nion. The committee on permanent organtation reported the result of its deliberatons as announced last night.

> Virginia and there was no reason why is the head. these other states should be represented by | The hall in which the ball was held is voice in the convention, but the operators capable of seating 500 people at dinner, did not object to their representatives and when cleared presented great opportubeing scated. The attempt of the miners to nities for the decorators, who did their bring in other states when West Virginia best. Electric lights were everywhere, and was out was unfair. H. L. Chapman, a leading Ohio operator,

reviewed the history and origin of the joint turesqueness of the scene, conferences and said West Virginia had money than the four competing states can lay if down for.

The conference continued the discussion for some time and when a vote was finally Then came another long debate, at the reached it resulted in a tie, 16 for and 16 against the proposition to admit the Michigan and lows delegations. The chair decided the motion was lost and a long parlamentary wrangle followed. A recess was then taken.

Scale is Declared Carried

During the afternoon session President Mitchell moved that the operators present their scale, which was declared carried, and F. I. Robbins, while stating that the oper the central union to act before the council. Ators had no scale, offered a resolution The matter was postponed pending the ac- that the scale of last year be reduced 10 cents per ton, with a corresponding reduction in all other work.

After a long debate the resolution was regular meeting any matter before the sent their proposition. President Mitchell

First—An increase of 10 per cent in the price of mining and all mine labor.

Second—The adoption of a scale on the run-of-mine basis.

Third—A flat differential between the price of machine and pick mining, the same to be uniform throughout the competitive district.

listrict.

Fourth—That all men employed in or fround the mines be required to become members of the miners' organization.

Fifth—That the dues of the members of the organization be checked off in the offices at all the mines.

President Mitchell argued that the runof-mine basis should be adopted for the reason that two-thirds of all the coal mined in the competitive district was paid for on that basis. He discussed the machine question at length, declaring that it was one of the chief subjects of controversy and that the miners would not be satisfied | room in a manner acceptable to all. until a uniform and fixed differential had been adopted.

At the conclusion of President Mitchell's address the conference adjourned to meet at the call of the scale committee. The prospects for an agreement are not bright and the negotiations promise to be protracted. There is little probability that the operators will concede the demands of the miners either for an advance of wages, for the run-of-mine basis or a uniform differential for machine mining.

AN ATHLETE'S SAD FATE.

WASTING AWAY.

This is the story of a strong man. He had been captain of his foot ball eleven and a crack all around athlete. He was the picture of manly health and vigor, envied by men and admired by women. One day he was taking a practise spin on the river when a drenching storm came up. When he returned to the boat house he sat around in his wet flamels without a thought of danger. What could hurt him? He was "as hard as After a while he developes a little hacking cough which somehow

night-sweats, also spitting

won't be thrown off. In time he finds he hasn't the ambition he formerly had. Exercise wearies him. He is losing It is not very long before he finds himself weak and emaciated, stretched out in a chair knowing that he is wasting away day by day and hour by thour. It seems a long way from that chair to the gridiron and the diamond, a great change from that dripping athlete in the boat house to this weak and wasted invalid. But the way is indeed very short. It is a way which thousands tread every year and the beginning of the way which leads to such a sad ending is A TROUBLESOME COUGH.

No man or woman is so strong as to be able to treat lightly an ailment which is the beginning of such a serious dis-ease. There is a cure for coughs however stubborn, and that cure is Doctor Pierce's Golden Medical Discovery. "I am feeling quite well," writes Miss

Dorcas A. Lewis, of No. 1129 24th St., Washington, D. C., "and I owe it all to Dr. Pierce's Golden Medical Discovery. I cannot say too much in praise of the medicine. I had been quite a sufferer for a long time, and after reading Dr. Pierce's Common Sense Medical Adviser thought I would try his 'Golden Medical Discovery.' I commenced taking it in May, 1899. Had not been sleeping well for a long time. Took one teaspoonful of Dr. Pierce's Golden Medical Discovery and slept nearly all night without coughing, so I continued taking it. I am in great sympathy with every body who suffers with a cough. I had been a sufferer for more than ten years. I tried lots of different medicines and different doctors, but did not feel much better. I couched until I commenced spitting blood, but now I feel much stronger and am entirely well. Dr.

be classed with ordinary "cough medi-When the cough has been obstinate and deep seated, when there have been weakness, night-sweats and emaciation the use of Doctor Pierce's • Golden Medical Discovery has been the means in hundreds of cases of a restoration to perfect health. The reason for this success is that the "Discovery' strengthens the stomach and purifies the blood, thus enabling the building up of the wasted tissues. All treatments of consumption recognize the need of nour ishment. The use of cod liver oil is only an attempt to impart nourishment and so strength to the wasting body. The oil is a food but it is an emergency food. In its very form it recognizes the weakness of the stomach. "Golden Med ical Discovery " strengthens the stomach

so that food is digester and assimilated. body begins to put on healthy flesh, and strength . comes back again,

POUNDED ON PACTS

The claims made for "Golden Medical Discovery" are not imaginative or theoretical. Every claim of cure is founded on a solid fact, a written record, of the cure of deep-seated coughs, weak lungs, hemorrhages, emaciation and other forms of disease which if neglected or unskilfully treated find a fatal termination in consumption.
"I had a cough and

of blood; no life," writes Mrs. M. A. Cary, of (Indian Hd.), Blackwood, Assiniboia Dist., N. W. Ty. "I could not hold any weight; my shoulders would give way; had pricking pains in the chest, also nasal catarrh and constipation. I began using Dr. Pierce's Golden Medical Discovery and for the first two or three days I seemed worse, and then all my nerves lelt numb, as if they were being roused up. Used about ten bottles of 'Golden Medical Discovery,' nine of

'Favorite Prescription,' and four vials of Dr. Pierce's Pleasant Pellets, and six bottles of Dr. Sage's Catarrh Kemedy, Now I have none of the old symptoms. I am, so far, as well as ever before. I shall recommend Dr. Pierce's medicines to my friends." Dr. Pierce's Golden Medical Discovery

is confidently recommended for pulmonary diseases and diseases of the organs of respiration generally. It always helps. It almost always cures, It is not a tonic merely, but a flesh-forming, body-building medicine, containing no alcohol, and being absolutely free from opium, cocaine and all other narcotics. FREE TO THE SICK.

chronic forms are invited to consult Dr. Pierce, by letter, free. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Ruffalo, N. V. Sometimes a dealer tempted by the little more profit paid by less meritorious medicines will offer a substitute for "Golden Medical Discovery," claiming it is "just as good." Do not allow
