The people ask that you select only those that are worthy and well qualified; men whose knowledge extends beyond the drawing room, the office or the pasture lands of the western plains; that you select men who, in this new era of national life and the dawn of a new century, shall be as worthy as they whom former generations have sent to the council chambers of the nation in her hours of greatest cates of indebtedness in anticipation of tax ers of the nation in her hours of greatest

> Whether the men who represent Otoe county in the legislature will heed this advice remains to be seen. Most of our active republicans believe that they will. They realize that the future of the party in this country and in the state depends largely upon the outcome of the senatorial contest. While all would like to see the deadlock broken, they would deplore the election of men who could not maintain the standard Nebraska has created for itself in the sen-

ate of the nation. After spending three days at their homes there is no doubt that the delegation is fairly familiar with the prevailing sentiment and the people here confidently look for a change of favorites and a steppage of bouquet throwing.

A Prominent New York Specialist Says Hundreds of People Kill Themselves by Over-Eating and Not Paying Enough Attention to the Food They Eat and to the Condition of TheirBowels.

When interviewed last week one of the New York specialists made the following "Everyone eats too much. The habitual

eating of more wholesome food than the

stomach can digest irritates and excites the stomach and causes many stomach troubles, such as gastritis, gastric catarrh, dyspep-Election Held and Reports Submitted siz and indigestion. Of course there are other causes for these diseases, such as the use of alcohol, the excessive use of tea or coffee, cating at irregular hours, cating too rapidly and imperfectly chewing the food. Ninety per cent of the population of this country suffer from stomach trouble and 75 per cent of the ninety suffer from indigestion. If anyone has that uncomfortable feeling in the stomach, a headache or a feeling of repression, he should at once take a teaspoonful of Cascarine, which will move his bowels and relieve him at once. If any one suffers from indigestion and gas on the stomach, he should take Cascarine, the gentle and pleasing laxative, which I use in my practice and which is recommended b thousands of people who have used it. If you cannot sleep at night, if you are restless and have palpatation of the heart, which usually leads one to believe he has heart disease when in reality it is nothing more than accumulation of gas in the stomach. you should take a teaspoonful of Cascarine before retiring and after continuing for a week you will find you are troubled no more and can sleep well and sound.

If your tengue is coated and you find a bad taste in your mouth your stomach is out of order and requires Cascarine to put it in shape. You must not eat too much and you must have your meals regular and eat well-cooked food. There are many remedies, digestive ferments, digestive tablets, mineral waters and thousands of other so-called cures, but all have to be taken constantly in order to do any good and after using for a time become worthless. Cascarine is superior to all others. It stimulates the liver, moves from the stomach all impurities, and acts as a tonic on the whole system.

burg tracy last July.

With regard to the case of James Kennedy, the board of appeals reports that a decision has recently been reached assistationing the decision of the board of control. This, the report of the board of appeals explains, was the case of a manager protesting against a fine resulting from an alleged interference with a referee of a meet at Providence.

Mothers should be careful not to use any other laxative for the children and the house-wife who has a bottle close at hand ready to use when necessary will find it is the most economical thing she ever bought. When you ask for Cascarine at your druggist's be sure you get Cascarine (which comes in blue and white wranners). and not cheap tablets or pills. Insist on Cascarine and if your druggist hasn't it Laxative Brome-Quinine removes the cause, ask him to get it for you of his jobbor.
