PLAIN CASE OF PERSECUTION

Judge Fawcett Sustains Injunction Against Shields and Others.

VICTORY SCORED BY MR. ROSEWATER

Court is Emphatic in Its Ruling Against the Men Who Entered into Conspiracy Against the Editor of the Bee.

The persecution of Edward Rosewater, started by County Attorney George Shields and his deputy, L. J. Dunn, and Miles Mitchell and P. J. King, police chief and police judge, respectively, of South Omaha, has been stopped by order of the district court. Decision in favor of Mr. Rosewater was rendered by Judge Fawcett yesterday morning.

NUMEROUS REASONS CITED.

E. W. Simeral, counsel for Mr. Rosewater, assigned several grounds in support of the plea for an injunction, as follows:

First, that the corrupt practices act of this state does not apply to candidates for the United States senate.
Second, that when a defendant in a criminal prosecution waives a preliminary examination the state has no right or authority to proceed with the examination of witnesses.
Third, that section 1 of article III of chapter xxvi, relating to elections, provides only a single penalty for a violation of any one or all of its provisions.
Fourth, that even if the court should find that each violation of section 1, article III, is a separate and distinct offense, they can all be joined in one information under different counts and that it is the duty of the state to join them.

Judge Fawcett Explains. The court, after the citation of numerous authorities, said: Under the provisions of our criminal code and decisions of the supreme court of our state and the state of Texas, it is very clear that all of these various offenses which the plaintiff is charged can be

KOUNTZE PLACE IS CHOSEN

Omaha Presbyterian Theological Seminary Buys College Site.

CONSIDERATION IS SAID TO BE \$20,000

From Herman Kountze the Seminary Authorities Purchase a Commanding Location for the Proposed \$50,000 College Building.

After much consideration the executive committee of the Presbyterian Theological seminary of Omaha has definitely settled upon Kountze Place as the location of the new \$50,000 college building which is to be erected before the fall term opens.

CONVENIENT TO THE CARS.

The college will be conveniently situated for street cars, being about four blocks from the Twenty-fourth street line and the Sherman avenue line, and but little farther from the Twentieth and Lake streets line, Spencer street, on the south side, as proved with the boulevard in front much of special improvement taxes will be saved.

COZZENS HOUSE DEAL.

Eight years ago Thomas McDougall of Cincinnati and Mrs. William Thaw of Pittsburgh purchased the old Cozzens house property at Tenth and Harney streets for \$15,000. They leased to the seminary for a period of ten years for the nominal sum of \$1. Since then Mrs. McDougall has died, leaving a will in which he bequeathed his interest in the ground to the seminary. A few weeks ago Mrs. Thaw wrote to the executive committee that she was willing to deed her five-thirds interest in the property to the seminary whenever the committee would notify her that it was ready to buy a permanent site for the college coupled with the condition that all the money derived from the sale of the Cozzens house should be used in the erection of the new building.

CHINESE REJECT DEMANDS

Note from the Court Flatly Refuses to Execute the Decrees of Death.

CONSTERNATION AMONG DIPLOMATS

Willing to Decapitate Two and Possibly Three and Allow Those Already Dead to Remain in that Condition.

NEW YORK, Feb. 15.—A dispatch to the Herald from Peking says: A new turn in the peace negotiations has caused a diplomatic earthquake among the ministers. A brief and almost insulting note from the court has arrived, flatly refusing any further execution of the two previously decreed, Yu Hsien, governor of Shan Si province, will be decapitated, and Prince Chwang will be allowed to commit suicide.

EXHIBITS COMING RAPIDLY

Almost Everything from Bangles to Cough Syrup is Being Received by Auditorium Committee.

The auditorium committee is beginning to receive stock for a first-class drug store. This was started yesterday by the donation of 750 bottles of a well-known cough remedy, which will be placed among the goods on display at the industrial exposition.

JULES LUMBARD TO REMAIN

Finds He is No Longer in Sympathy with the Institutions of the East.

Jules Lumbard, who, on account of age, has been retired from the position of local representative of the Star Union Freight Line, has decided to remain in Omaha. "I used to live in New York," he said, "and had many friends in Chicago and Philadelphia. In former years I have looked forward to the time I would retire from active life and spend my remaining years in one of the eastern cities. I was back there a short time ago, however, and find that I have lived so long in the west that I would not be satisfied in the east. The changes which time brings are in evidence there as well as with me and those things which once I thought I would enjoy interest me no more. The result of my visit was to confirm me in my conviction that Omaha is my permanent home."

CURTISS TURNER PARK PLANS

Fountain to Adorn Its Center, with Footpaths Diverging to Outer Driveway.

W. K. Adams, superintendent of city parks, has prepared a plan for Curtiss Turner park which will be submitted to the Board of Park Commissioners at its next meeting. There is to be no driveway through the new park, but a roadway will be provided along the east side. In the center of this breathing spot Mr. Adams hopes to have a fountain constructed and pathways which will lead from the edge of the inclosure to the fountain court. Many new trees and shrubs have been planted since the ground was graded and as soon as weather permits more work will be done and the park will be made ready for the use of the public.

S.H.&M. REGISTERED TRADE MARK SKIRT BINDINGS. For long skirts and drop skirts S. H. & M. Bias Velveteen or Corduroy Bindings should invariably be used, not only on account of their rich and elegant appearance, but for the important reason that they do not chafe and wear the shoe as other bindings do. For short or "rainy-day" skirts the S. H. & M. Bindings are without an equal on account of the protection they offer against the action of the heel of the shoe. You should remember, too, that they are the most economical bindings in the world. It takes the most expert seamstress at least two hours to put on a new binding, and when cheap, inferior bindings are used they have to be replaced several times and are both unsatisfactory and very costly in the end. Look for the registered trade mark, S. H. & M., on the back of every yard or on the label of every piece of skirt binding you buy.
