Judge Vinsonhaler Remarks Upon the Contradictory Nature of the Evidence and Inclines to Bellef a Crime Was Committed.

Mayor Allen R. Kelly of South Omaha has been held to the district court on a charge in the affirmative, but when the court comof bribery. He was given a preliminary hearing in the county court yesterday, at the conclusion of which Judge Vinsonhaler balked. aald:

There has been a remarkable contradiction of testimony in this case, the story what they are going to testify. The examitold by the states' witnesses being flatly denied by the testimony given in behalf of the defendant. The circumstances are such that I am constrained to give credence to the witnesses for the state, and from their testimony I find that a crime has been committed and that there is probable cause for holding the defendant. His bond will be \$1,000

Mayor Kelly furnished the required boud and his next appearance will be before the criminal branch of the district court. The charge upon which he is held is that through the agency of John Maher he collected money from Jorgensen & Sherman on the understanding that he was to provide police protection to the gambling house operated by that firm at 406 North Twenty-fourth street, South Omaha.

The allegation against Kelly was well stated by the first witness called, Thorwold last September and told him to close up Jorgensen, the senior member of the his gambling house. gambling firm. We refused to contribute at that time, but later on Sherman gave Maher \$50 and I paid the treasurer of the campaign committee \$50.

"After the election Maher came to out place and told us that we would have to pay \$125 a month for the privilege of operating, and he wanted the first month's We told him that we had understood that the \$100 paid to the campaign fund was to apply on the privilege money, but he denied this and told us we could see the mayor about it.
