SUIT OVER BANKRUPTCY

Case of R. A. Lawhead Transferred to United States Court.

TWO TILLERS OF THE SOIL FAIL

Creditor Demands Accounting from Frank S. Pusey on His Removal as Administrator of Father's Estate.

The suit of R. A. Lawhead against United States Marshal G. M. Christian has been transferred from the district court of Ringgold county to the United States court and will be tried in the state term here. The suit results from the failure of Adalaska O. Ingram of Mount Ayr, which caused much talk at the time the case was taken into the bankruptcy court. Marshal Christian levied under the bankruptcy proceedings on the stock and goods owned by Ingram at Shannon City, Ia. The stock was valued at \$5,000 and Lawhead now brings suit alleging that the stock had been sold to him by Ingram subsequent to the bankruptcy proceedings.

Two voluntary petitions in bankruptcy were filed yesterday in the United States district court here. Both of the would-be bankrupts are tillers of the soil. David Henderson of Hastings, Ia., has liabilities aggregating \$1,959.20. His assets consist of his homestead, valued at \$2,500, a policy of insurance for \$475 and household goods and chattels worth \$465, all of which are claimed as exempt. Peter Mass of Shelby, Ia., has debts amounting to \$3,959.75. The total value of his assets is placed at \$70, all of which are claimed as exempt.

Mass's petition makes 396 bankruptcy cases filed in the United States district court of this division. William H. Taylor filed a petition in the district court yesterday asking that Frank S. Pusey be removed as administrator of the estate of the banking firm of Officer & Pusey, be required to file an inventory of his father's estate forthwith. He asks further that in the event of Frank Pusey's failure to do so that the court should appoint a receiver and appoint some suitable and competent person in his stead.

Frank S. Pusey was appointed by Judge Thorneil administrator of the estate December 1, 1899. So far he has failed to file any inventory of report, although the law requires that he should have done so within fifteen days after his appointment. William H. Taylor is a creditor of the defunct banking firm to the amount of \$3,150 and has filed claim for this sum against the estate of W. H. M. Pusey.

Motion for Judgment. The attorneys for the defendant in the suit of Herman Goldstein against John S. Morgan, former sheriff, filed a motion yesterday for judgment in the sum of \$743.31 on the verdict against Goldstein. This amount represents Morgan's interest in the case, being the sum for which he attached the Adams shoe stock to secure claims of Lars Jensen and the First National bank. Goldstein's attorney, J. H. Scott, offered a verdict of \$2,000, furnished by the Fidelity and Deposit company of Baltimore, which is made party defendant in the motion filed yesterday.

Ed Hoden, who was found guilty last week by a jury in the district court of plain assault on James Hughes, who was killed and slain by a knife, filed a motion for a new trial yesterday.

Mrs. H. J. Rath again suit in the district court yesterday against her son, Harry Rath of Carson township, to recover \$772. She sets up that last August she loaned him \$694 in cash and sold him two steers valued at \$147, and that he was to repay the money and the price of the steers when he sold the latter. She alleges that he has sold the cattle but has failed to pay her back any of the money. She brings suit because she fears he is about to dispose of his property and leave her in the lurch.

Children Shun School. The failure of the Board of Education to take any steps to disaffect the North Eighth street school, of which Miss Wiliama White, one of the Van Horn household under quarantine for smallpox in the Merriam block, is principal, was criticized yesterday by many of the parents whose children attend that school. When school opened it was found that the eighty-three pupils were absent, and in one room there was barely a corporal's guard.

One father sent his two children to school with a note addressed to their teacher, in which he wrote: "I send my two children to school, but if they should catch smallpox I will hold the members of the school board criminally responsible."

Mayor Jennings and other city officials were the wisest on the part of the board to close the school for the rest of the week and thoroughly fumigate the building. The trustees yesterday ordered the public library, in the Merriam block, closed until Monday morning, at which time it will be thoroughly fumigated and disinfected.

Asa D. Van Horn was removed from his apartments in the Merriam block yesterday morning to the city pesthouse. Van Horn makes the fifth smallpox patient now there. The others are Joe Ferguson, John Reinhold and E. W. Williams, all from the Atlantic house, and Attorney Herman Schurz.

Chief of Police Albro and the city physician were unable to secure a house yesterday to which Van Horn household could be removed. They engaged a house on Fourth avenue near Twentieth street from a rental agent and had about arranged to remove the family there when the tenant of an adjoining house objected and threatened an injunction from the courts. They will go house hunting again this morning.

All day yesterday the work of fumigating and disinfecting the Merriam block was carried on under the supervision of an experienced man. None of the tenants left the building.

Burlington Chief Beneficiary. City Engineer Ely has about completed the schedule showing the property owners on South Main street entitled to the money paid in by the motor company for the paving. The Burlington railroad will be the chief beneficiary, as its proportion will amount to in the neighborhood of \$1,200. The city will receive about \$500 for the paving at the intersection and the Milwaukee railroad will get about \$665. Individual property owners will receive amounts ranging from \$4 to \$62 each.

The city engineer was unable to have the schedule in time for the meeting of the city council Monday night owing to a delay in securing the certified abstract showing the present owners of the several lots.

County Buys Road Grader. The Board of County Supervisors yesterday was the buying of a road grader at a cost of \$275, following which an adjournment was taken to 2 this afternoon. At the session this afternoon Attorney E. E. Sluss of Indiana, representing "Tax Ferret" Cunningham, will appear before the board and

SETTLE IT IN THE RING

Council Bluffs School Boys Engage in Lively Pugilistic Encounter.

Two members of the Council Bluffs High school resorted to the pugilistic method in real earnest Tuesday afternoon to settle a little difficulty that had arisen between them during the day. A four-round contest with gloves between Robert Mitchell and Earl Warner, with all the accessories of referee, seconds, bottle-holders and an enthusiastic audience, was the result. It is said that some words had passed between the boys during the day, but that Warner declined to fight on the school grounds. It was agreed that the matter should be settled by a blow in the stomach, in the Brown building on Pearl street, in the Bluffs, was made the rendezvous. This is an athletic club with a large membership, but it is asserted that the officers of the club knew nothing of the matter until it was all over.

The arrangements for the affair of honor were made as quietly as possible, but a selected company of the friends of both parties gathered for the fray. Some discussion arose over the details of the fight, but it is stated that the referee, John Clever who was exhibited by both men during the four rounds. The victory is claimed by Warner, as his friends assert that Mitchell was knocked entirely out in the fourth round by a blow in the stomach. The Fifty-first and Fifty-second regiments will hold an encampment some time in August at Council Bluffs or some other favorable point in the western part of the state and the other two companies will go to the National camp to be held in Britain and Council Bluffs this year if the plans of the adjutant general are carried out, but there will be no regimental encampments as in other years. The plan of having four encampments is found in the master copy of the Fifty-first and Fifty-second regiments. Shugart, S. F. Shuart and W. S. Cooper for members of the Board of Education. Their nomination was made on the first formal ballot.

Paying the Smallpox Bills. The district court in Mahaska county has decided illegal an effort on the part of the county supervisors to make one township pay the quarantine hospital, and the other two to pay the balance of the smallpox bills. The board made a special tax levy of 3 mills against the property in Oakes township, where the smallpox originated, to raise the money with which to pay the quarantine hospital, but the court decides this to be illegal and that the levy should have been on the entire property of the county; that one township cannot be held solely accountable for a smallpox hospital, and that the appearance there, and the tax levy will have to be made over again.

Benedict Wins Out. He then brought in his first amendment to the proposition which allowed the council to pass upon the matter of acres in windows and won out on that move by a large majority. A favorable report had been returned on the bill to create a department of immigration with the expense limited to \$4,000 per year, but the report was turned down by a decisive majority. Wilmarth attempted to take the bill to add to Beadle county to Sixth circuit out of the hands of county affairs committee, which brings to market for the sale of the bill with defeat. The bill for a state sheep inspector, which failed yesterday, was called up again on reconsideration and is alive for tomorrow. The last rumple of the day was an attempt to amend the bill to measure to provide for purchase of road-making machinery, which was defeated yesterday, and Wilmarth and Dordland were the central figures. The effort failed, the farmers being against it. The house took a general appropriation bill, which was approved by the whole and approved it with but little change, but several amendments will be offered on third reading tomorrow.
