INFORMAL AFTERNOONS ARE HARMLESS

Lenten Season is Not So Dreary After All, Even Though There is a Ban Upon the Really Festive Function.

Since the general suspension of things social, the inventive genius of the fashtonable women has asserted itself and as a result a new diversion has been coined an amusement so harmless as to be perfeetly in keeping with Lent and at the same time sufficiently interesting to bear repeating nearly every afternoon or even ing of the week and still remain popular From nearly every affair of the winter some feature has been extracted and all combined in the new diversion. The hostess invites a few to spend the evening or afternoon and, while she does not consider the affair worth recording, society finds it well worth attending. As the majority of the clubs meet fortnightly, last week afforded little but anticipation of this week and time to reflect upon the pleasures

HEART DISEASE.

Some Facts Regarding the Rapid Increase of heart Trouble.

Heart trouble, at least among the Americans, is certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real organic disease is incurable; but not one case in a hundred of heart trouble is

The close relation between heart trouble H. G. Streight, 1337 South Twenty-eighth and poor digestion is because both organs street. are controlled by the same great nerves, the Sympathetic and Pneumogastric. In another way, also the heart is affected

by the form of poor digestion, which causes gas and fermentation from half digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood making it thin and watery, which irritates and weakens the heart. The most sensible treatment for heart trouble is to improve the digestion and to

insure the prompt assimilation of food. This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach. Full sized package of these tablets sold by druggists at 50 cents. Little book on stomach troubles mailed free. Address F A. Stuart Co., Marshall, Mich.

Kidney Disease Can Be Cured.

CRAMER'S KIDNEY AND LIVER C tell you there is no other medicine so valuable for kidney troubles as Cramer's.

If you are the least hit skeptical as to the merits of this wonderful remedy, send us your name and a sample bottle will be mailed you free of charge. The following strong endorsement from Mr. John C. Sceman, President of the Federation of Labor, a man who has had more to do with settling strikes and is called upon to arbitrate more labor difficulties than any man known. He is recognized as a man of good sound judgement, and weights every word he atters. This ought to convince the most skeptical of the merits of this wonderful centedy.

Permanently Cured Him. ALBANY, N. Y., Dec. 14, 1900.

CRAMER CHEMICAL CO.

Gentlemen: Several months ago I procured a sample bottle of your excellent preparation. I had been a sufferer from an aggravated form of kidney trouble for years, so began taking it at once. The contents of the small sample so relieved me that I immediately purchased a large boitle, and after taking three bottles it effected a permanent cure and I have not suffered a day since. I can freely and with joy recommend your valuable medicine as it completely cured me of a very severe case, of kidney trouble and to anyone who is so troubled I would say: Try it by all means and get relief.

President of the Federation of Labor

JOHN C. SEEMAN.
