

TELLS RUSSIA'S DEMANDS

Pekin Correspondent Furnishes Details of Manchurian Agreement.

OTHER FOREIGNERS TO BE SHUT OUT

Caar's People to Have Monopoly on Civil Offices and Military Honors—Coreans Catch the Fever.

VICTORIA, March 18.—The steamer Kimshu Maru arrived today from Yokohama and the Orient. It prints the following details of the provisions regarding Manchuria gleaned from the most reliable sources, it says, by its Pekin correspondent. It says: "This Russo-Chinese agreement provides for the nominal restoration of Manchuria to the Chinese when peace is declared, but Russia intends to station troops there to protect her railways.

"Should a disturbance arise in China these troops are to be dispatched to assist the Chinese government. In the event of China wishing to station her own troops in Manchuria she must first refer the matter to Russia. The importation of arms and ammunition into Manchuria by China is prohibited. Local officials are to be appointed by Russia and no other foreigners than Russians are to be appointed to the positions.

Russians to Be Drill Masters.
The Chinese forces, army and navy, in northern China are to be drilled by no other foreigners than Russians. A system of self-government shall be proclaimed at Kia Chow. No concessions for mines and railways shall be granted to other nations than Russia, who alone shall collect taxes north of Hai Chow. The expenses in the recent campaign incurred on the railway and elsewhere shall be borne by the Chinese. China shall also cede other privileges to Russia as compensation for these damages and shall permit Russia to construct a branch railway to the great wall."

In Corea the Russians seem to be installing themselves well, according to news from Kin Shu. A late copy of the Corea Review says that of late all Corea army officials have adopted Russian military uniforms. The Koreans were much agitated when the last mail left over reports that the former leader of the "righteous army," Chi Yu Sui in, was bringing a Chinese army across the Yalu, intent on asking the death of the Corea queen.

Fashions for the Season

Hints by Mary Lamb.

3778 Eton Jacket \$25 to 40 in. bust.

Woman's Eton. To be made with or without the Postillon back. No. 3778. And with plain or fancy sleeves. The Eton is unquestionably the favorite outdoor garment of the season. The chic little model shown includes all the latest features, the extended collar, the Aligon collar, the postillon back and the double sleeves, and has the additional merit of being so constructed as to allow of plain back and sleeves for those who prefer it, as shown in the small illustration. The original is made of dove-gray broadcloth, with facings and full cuffs, or undersleeves, of panne in a darker shade, and makes part of a costume, but all suiting materials are suitable, while the design is an excellent one for the general wrap of chevilot, kersey and similar jacket cloths.

The back of the Eton is seamed at the center and extended below the waist to form the postillon, but can be cut off at the waist line, the pattern providing the correct shape. The fronts are fitted with single darts and are faced to roll back and form revers while connecting the two are broad underarm gares. At the neck is an Aligon collar with pointed ends that is faced to match the revers and opens to reveal the stock and necktie worn with the gown. The sleeves include a fitted lining, that serves for plain sleeves when such are desired, the full undersleeves and the upper portion which is finished with cuffs that harmonize with the revers.

The pattern No. 3778 is cut in sizes for a 32, 34, 36, 38 and 40-inch bust measure. For the accommodation of The Bee's readers these patterns, which usually retail at from 25 to 30 cents, will be furnished at a nominal price, 10 cents, which covers all expenses. In order to get any pattern, please send 10 cents, give number and name of pattern wanted and bust measure. Allow about ten days from date of your letter before beginning to look for the pattern. Address: Pattern Department, Omaha Bee, Omaha, Neb.

EIGHT CLUBS AND NO MORE

Western League Settles the Vexed Question of Membership.

LONGER SERIES WOULD CUT INTO PROFIT Indianapolis and Louisville Are Turned Down, Though Their Merits Are Fully Recognized by the Magnates.

ST. PAUL, Minn., March 18.—(Special Telegram.)—The committee of the Western League magnates which has been struggling with the circuit problem this afternoon reported in favor of eight-club league, cutting out Louisville and Indianapolis.

The league cities are Denver, Colorado Springs, St. Paul, Minneapolis, Kansas City, St. Joseph, Omaha and Des Moines. Indianapolis and Louisville are recognized as desirable territory, but when it came to a question of a ten-club league, especially where the clubs are spread over so wide an area as in this case, it was recognized that this practically necessitated the playing of three games with each of the other clubs, twenty-seven in a series, at some time during the season. That any of the cities in this league are sufficiently enthusiastic to make so long a series profitable with the clubs that drop toward the close was doubted, and the committee, after hard work trying to figure out some scheme by which this could be obviated at not too great an expense, gave up the task.

Watkins, former manager of Indianapolis, struggled long and hard with President Hickey looking to the admission of Indianapolis. He figured for hours on a ten-club league schedule, but the work did not result in anything. Walter Wilcox was hobnobbing with the managers today and it is said that he is anxious to secure a managership in the Western.

Hickey Predicts Prosperity.
After the adjournment tonight President Hickey expressed himself as follows: "We have finally decided to stick to an eight-club league, but though we were forced to pass up both Indianapolis and Louisville it was not because either a poor ball town. The expense involved in the frequent long jumps that would be rendered necessary would eventually prevent all of the clubs from making any money. It was found impossible to arrange a schedule that would prove satisfactory to all parties. The only thing possible in deciding upon eight clubs. As it is, the league is not unwieldy and I feel safe in predicting a prosperous season for every one of the clubs. The enthusiasm displayed by all of the cities adjacent, and I think the cities adjacent will be treated to a pretty fair article of ball."

Arranging the Schedule.
President Hickey and W. P. Chase of Des Moines have been appointed a committee to proceed with the work of arranging a schedule, and as a first step forward draft copies to the other magnates, who will take a mail vote upon it. Mr. Hickey said he expects the schedule would be ready to be submitted for approval in about ten days.

Cambridge Wants Later Day
Its Athletes Glad to Accept Harvard-Yale Invitation, but Not Until September.

LONDON, March 18.—Rev. Joseph Gray, treasurer of the Cambridge University Athletic Club, has declined an invitation from the Associated Press office in London today to accept the Cambridge-Milton Athletic Club's challenge to American universities for a challenge match. It would be most favorably considered, but it is not an easy thing for us to do. We should prefer to fight in our own time, I think, he arranged.

Williams Secures Tracks
Gains Control of Ingleside and Tanager and Racing Will Take Place.

SAN FRANCISCO, March 18.—At a conference of race track managers held at an early hour this morning in the office of a prominent sportsman, it was decided to acquire control of the Ingleside and Tanager tracks. The Ingleside track, which is owned by J. W. Taylor, will remain in the hands of the present owners, but the Tanager and Emeryville tracks will be turned over to the new management, which will be in charge of the racing on both tracks for thirty days. There will be racing at the end of the month.

Turfmen Exchange Defis
Old and New Officers of the American Congress Threatened Each Other's Jobs.

CINCINNATI, March 18.—There was another development in the turf situation today. At a meeting held in Covington last Saturday the four members of the American Turf Congress who were recently expelled from that body reorganized. All the books, records and funds were seized and Assistant Secretary Dillon ousted from his old position and a new body of officers elected.

On the arrival of Mr. Dillon at the Turf Congress office today he announced that he would continue to exercise his official duties as that body on the ground that the action taken by the minority last Saturday was illegal and would not be recognized by him. Mr. Dillon in discussing the situation today said: "I caught off my guard last Saturday for had I known what the parties intended to do I would have positively refused to turn over the books, wired Secretary Hopper and President Howard and the former would not follow the instructions of the president. Mr. Howard wired me to continue and I will. My opinion is shared by the majority of the Turf Congress and it requires more than four to call a meeting and therefore the entire proceedings were illegal."

NOT DISPLEASED WITH WOOD

Secretary Root Denies That Cuba's Governor General Isn't Giving Entire Satisfaction.

WASHINGTON, March 18.—Secretary Root today authorized the statement that the administration had entire confidence in the conduct of affairs in Cuba by Governor General Wood. The secretary of war, moreover, said that the recent course of Governor Wood in connection with the constitutional convention had been reported quite favorably to Washington, and that the president and he approved General Wood's actions up to this time.

The statement was brought out by reports to the effect that the administration was dissatisfied with the course of General Wood, and that some of the official information forwarded to Washington did not accurately reflect the real condition of affairs in Cuba.
