

CLOSE OF NIGHT SCHOOLS

Successful Termination of a Session Covering Five Months.

MUCH GOOD HAS BEEN ACCOMPLISHED

Children Employed During the Day Are Given a Good Start and Backward Adults Are Enlightened.

The five-month session of the public night schools closed last evening. The schools have been held in the Cass and Comenius buildings. The closing of the term was celebrated at Cass school with special exercises, to which all persons who have been enrolled in the night school were invited.

Carl E. Herring, attorney for the Board of Education, delivered an address. Mrs. Rene H. Coe, principal of Central school, sang several solos. The eight classes at Cass, taught by Miss Fry Reed, also contributed musical numbers to the program.

During five months more than 400 persons have attended the night schools. This is a slight increase over the attendance for the year 1899-1900. The average age of pupils who attended the schools during 1899 and 1900 was 17 years. One hundred and nine pupils were more than 21 years old. The ages of the pupils for the term which is closing average about the same as in former years.

The greatest difficulty we have in the night school is in teaching English to the foreign-born pupils who attend. Many of the adult pupils who come to us have but a limited knowledge of spoken English. Even after they learn to pronounce and write the words in their lessons we find that they do not understand them.

The closing of night school is regretted by the older pupils, who are anxious to carry their education beyond the rudiments they have acquired in five months. Several women at the Cass school have made inquiries concerning the tuition charged adults who attend day school and it is probable that they will carry on their work in the regular day sessions.

MAKES WAR ON PICTURES

City Attorney Draws Ordinance to Suppress Objectionable Displays.

The show windows, dead walls and billboards of Omaha are to be cleared of all placards or posters of an objectionable character. City Attorney W. J. Connell is drawing an ordinance which will grant the city the authority to tear down all immoral or indecent advertising matter.

Some time ago the Woman's club named committees to bring about the removal of objectionable posters and it is at the request of members of these committees that Mr. Connell is drawing up an ordinance. The ordinance will be completed in time for introduction at the meeting of the council Tuesday evening.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair.

No matter what color the hair, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed.

CALLAHAN STANDS MUTE

Withholds Plea and Announces that He May Call for Preliminary Examination.

James Callahan will probably call for a preliminary examination in the county court next Friday. When he was arraigned yesterday on the latest complaint filed by County Attorney Shields he declined to enter a plea, and his attorneys asked that a date be set for a preliminary examination.

"It may be," said Mr. Haller, "that we shall want a hearing in this court. Late developments in the case indicate that it may be unnecessary to wait a preliminary examination and go up to the district court. I think that within a few days we will have evidence that will release the defendant on hearing in the county court."

Mr. Haller said that the prisoner decided to withhold his plea, and Judge Vinsonhaber set Friday, March 23, as the date upon which a preliminary examination can be started. Bail was fixed in the sum of \$3,000.

The complaint upon which Callahan was arraigned yesterday charges him with robbery.

FAVORS DUNDEE RESIDENTS

Court Enjoins Mrs. Pyke from Erecting House to Cost Only Seven Hundred Dollars.

Maria C. Pyke is not to be permitted to build a \$700 cottage on her lot at Dundee and the architectural character of that aristocratic suburb is not to be lowered. Judge Fawcett yesterday granted a temporary injunction restraining the erection of anything less than a \$2,500 house upon the Pyke estate and further restraining the placing of any building nearer than twenty-five feet to the front line of the lot.

This is a case over which the architecturally aesthetic people of Dundee have been excited for some time. In the original deeds conveying building lots in Dundee to various purchasers it was stipulated that no residence to cost less than \$2,500 was to be allowed in the neighborhood. Mrs. Pyke was about to disregard the provisions of the original deed to her lot by building a house not to cost more than \$700 or \$800. The neighbors said such a structure would be nothing more than a shanty and to prevent its erection they sought the injunction of the court, which has been granted.

Announcements of the Theaters. The Famous French Beauties close their engagement today with two performances, matinee and evening, having played to excellent attendance all week, the "Girl in Red" being the special feature with her dances.

Vanity Fair, one of this season's pretentious burlesque organizations, is announced for next week, commencing Sunday matinee. Do not miss seeing Carrie Nation, the reformer, in one of her notorious raids. Next Saturday evening, March 30, Manager Rosenthal will have one of his big amateur nights, having acceded to the request of his numerous patrons to give one before the close of the season.
