

MATCH FACTORY IS ASSURED

Charles Gruening, Retired Omaha Capitalist, Makes the Investment.

WORK WILL BEGIN IN SIXTY DAYS

All Preliminary Details Have Been Completed and New Enterprise is Now a Certainty—Omaha an Ideal Location.

Arrangements were completed yesterday morning whereby Charles Gruening, a retired capitalist of this city, will open a match factory in Omaha within the next sixty days.

The new factory was secured through the efforts of the Commercial club, which took the matter up with George R. Bousher of Chicago several weeks ago. Mr. Bousher is a practical match manufacturer, and for many years was in the employ of the National Match company.

Investigation showed that the material for manufacturing matches could be placed in Omaha as cheaply as it could be obtained elsewhere in the United States and that as a distributing point this city cannot be excelled.

Carload a Day.

The plant will cost at its inception between \$25,000 and \$30,000 and will have a capacity of a carload of matches a day, with an ability to double the capacity by working double time. It will employ from thirty-five to seventy persons, mainly girls and boys, who will pack the matches in the cases for shipment.

The success of the factory under the management of the prospective owner is assured from the first. Mr. Bousher will be superintendent of the concern and the financial affairs will be managed by Mr. Gruening in person.

With the development of the territory of the factory it may be that a stock company will be formed to carry on the business if trade conditions warrant.

The factory will be independent of the so-called trust, but it is said will work in harmony with it in prices and terms.

The location of the factory has not been decided upon, but several sites are being considered. One or two buildings have been offered, but there is a possibility that Mr. Gruening will build a structure on land owned by him in the northern part of the city.

EXHIBITION OF REAL GALL

Thief Enters Church and Steals Umbrellas from Worshippers.

The rain yesterday fell upon the just, but not upon the unjust, because the unjust have stolen the umbrellas of the just.

Rev. Luther M. Kuhn, pastor of Grace Lutheran church, was preaching from the theme, "The Limitless Kingdom." The congregation was not large, for it was raining outside and very dark, and besides the streets were slippery and perilous of passage.

Just then a thief entered the ante-room and stole seventeen of the dripping umbrellas.

The pastor, in blissful ignorance of what had occurred, continued his sermon, and illustrated a point in his discourse by referring to the depth of the Pacific ocean.

BAD MIXTURE OF GAYLORDS

Registered Letter Goes Astray and Now an Accounting is Demanded.

There are two John Gaylords in Omaha, which fact seems to have resulted in a mistake in the delivery of a registered letter containing \$20. John Gaylord No. 1 is a clerk and John Gaylord No. 2 is a canvasser. It was No. 2 who secured the \$20, and now he is trying to convince the post-office inspectors that his name is really John Gaylord, and that he took the registered letter in good faith, thinking the money was intended for him.

A VALUABLE MEDICINE

For Coughs and Colds in Children. "I have not the slightest hesitation in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Charles M. Cramer, esq., a well known watchmaker of Colombo, Ceylon. "It has been some two years since the city dispenser first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of their troubles. I have persuaded many to try this valuable medicine and they are all as well pleased as myself over the results."

Was Absent-Minded

His wife gave him a letter and told him to be sure and mail it and then charged him to bring home some bread when he came to lunch. He did not think of the letter, but instead of mailing the letter he put 20 cents in the box—and on his way home he handed the baker the letter in exchange for bread before he discovered his mistake—then he wrote the letter in exchange for the name of the absent-minded man some day.

SALMON WILL BE CHEAPER

C. H. Pickens Talks of Conditions on Pacific Coast and Tells of Growing Trade.

C. H. Pickens of the Paxton-Gallagher company returned yesterday from the Pacific coast, where he went on a trip of combined business and pleasure, which took him from Victoria, B. C., to Los Angeles.

While on the coast Mr. Pickens investigated the canning prospects in all of the various lines. In the salmon canneries business is just starting, the companies getting into shape for the run which will begin in May. From present indications it appears that the price of salmon from Alaska and Puget sound will be lower this year than last, but fish from the Columbia river will be higher.

"In California," said Mr. Pickens, "the canners of fruit expect a good crop. The vines and trees are now in bloom, and it will require a hard frost within the next two weeks to destroy the prospects of one of the largest yields in the history of the state. The raisin growers have still considerable stock on hand from last year, but expect to handle successfully a larger crop than that of 1900 without loss."

Speaking of the towns of the coast Mr. Pickens says that the trade with the Klondike has made Seattle. It amounts to thousands of dollars a month in exports, and the gold which comes in goes to swell the currency of the city.

What the Alaskan trade has done for Seattle the oriental trade has done for San Francisco, and merchants in that city say that they are astonished at the development of the trade, which is beyond all expectation. This region is generally considered outside of Omaha's territory, but several wholesale houses of the city have representatives on the coast handling specialties, and they report that Omaha is getting a large part of the business in the lines represented.

NEBRASKA BIDS ACTIVELY

Local Dealers and Producers in the Field for Indian Supply Trade.

When the bids for Indian supplies are opened in Chicago next month it will be found that Nebraska is in the bidding if the present indications are borne out. At the Indian supply depot Superintendent Jordan is kept busy answering questions relating to bids.

Up to this time Nebraska merchants have refrained from making bids on Indian supplies, but this has been for the reason that the places where delivery is required have made it impossible for them to compete, as the price is estimated on the goods delivered free on board cars at the station where the depot is located.

RECEIVER WANTS TO SUE

Stockholders of the Defunct German Savings Bank May Have to Make Good.

Judge Fawcett is hearing the application of Thomas H. McCague, receiver of the German Savings bank, for an approval of his report as to the assets and liabilities of the defunct bank and for instructions as to suing the stockholders for the deficit.

The receiver reports that the assets of the bank have been turned into cash and applied to the payment of the liabilities, but there are still \$204,000 of claims against the institution which have been proved up, but not paid on account of lack of funds.

The capital stock of the bank was \$100,000, of which only \$100,000 was paid in, and the receiver wants instructions from the court to sue the stockholders for 50 per cent of their unpaid stock subscriptions in order to realize the \$200,000 necessary to pay the liabilities which have not already been met.

WANTS PAY FOR HIS DOG

Will Jagger Brings Suit Against Street Railway for Death of English Pointer.

Will L. Jagger has brought suit in the county court against the Omaha Street Railway company for \$100, which he says is the fair value of his English pointer dog, killed by a street car on March 10.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained fifty-eight pounds." It is absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Kuhn & Co.'s drug store.

DIED.

BROWN—George S., March 25, 1901, aged 61 years. Funeral Wednesday at 2 p. m., from late residence, 15th and Farnam. Friends invited.

Opening of Spring and Summer Millinery. F. M. SCHADELL & CO., 1522 DOUGLAS ST.

HIS PEN FLOWS FREELY

Hogus Checks Continue to Pile Up Against George D. Meryman.

Nearly a score of worthless checks, alleged to have been issued by George D. Meryman in payment for work done on the streets, have found their way to the police station, where Meryman is still in confinement, awaiting the filing of a complaint. No formal charge has been entered against him as yet, as the authorities are not certain but that he is a case for the insanity board.

Theodore Liebson, customer, called at the jail yesterday to see the Swedish wig and beard worn by Meryman at the time of his arrest. He was told that as these properties would probably figure as exhibits in the trial, they would have to be held by the police until the case was disposed of.

Sunday Meryman sent out messages to seven persons, requesting each to bring him a meal.

Where can you invest money more profitably than by buying a bottle of Prickly Ash Bitters—you get four for one. A kidney medicine, a liver tonic, stomach strengthener and bowel cleanser. Four medicines for one dollar.

Free Homes.

HAYDEN'S Furniture

It is a relief to know that the business of life in the way of furniture are now in the reach of all. The old days of high prices have vanished with the mists, and we naturally take a good deal of credit to ourselves for this state of affairs, as we were the originators of low prices in this part of the country, we intend to adhere to our original plan—that of selling the best we can secure, lower than similar goods can be bought elsewhere, and ask you to at least look us over before you buy.

We are showing over ninety styles of fine metal beds, and by securing a very large shipment we are enabled to offer really artistic beds at the price usually paid for the plain and cheaper grades.

The cut shows one of the new styles, finished in light green with white trimmings—a bed that will add to the appearance of your rooms, and by securing a very large shipment we are enabled to offer really artistic beds at the price usually paid for the plain and cheaper grades.

yet not higher in price than the ordinary cheap bed. Such a bed heretofore has generally sold for \$10 or \$12—the price is now \$7.50. We have added greatly to all our lines, and you can now look at more tables, more chairs, more book-cases, more metal beds, more go-carts and more of everything than ever before. Give us a chance to figure with you.
