THE VIGORLESS

And Weak Man or Woman Cannot Succeed in Life—They Have No Ambition or Energy and Their Brain is Clouded and Intellect Dull—It Shows a Lack of Electricity in the System—Dr. Bennett's Electric Belt Will Cure You and the Cure is Guaranteed—Read What the Doctor Says—His Book is Free, and You Should Have One.

Electricity, when the right current is applied in the right manner, will cure every phase and ailment of Weakness in either sex. When you are weak, nervous, or have a headache, you are lacking in electricity.

My new book on Electricity is free to everybody. You should have it. How can a weak man succeed in his rushing time of advanced civilization? He has no ambition, no energy. The nerve weakness is drawing the very life from his frame. He has no nerve, no confidence. His humiliating position in the social life of his fellow men is doubly realistic to him. I tell you, and I am honest with you, that there is not a drug known to science which will have the least effect upon these Weaknesses.

Dr. Bennett's Electric Belt is an experiment. It is the result of years of study on my part. You must not confound it with the many so-called electric belts now being offered to the public. There are no electric belts "just as good" as mine, for there are none like it. It has soft, silken, diamond-covered sponge electrodes, which do not burn and blister as do the hard metal electrodes used in other makes of belts. My belt can be renewed when burned out for only five cents; when others burn out they are worthless. I guarantee to cure Varicocele, and all Weaknesses in either sex; restore lost Vigor and Vitality; advanced Leucorrhoea, Rheumatism in every form, Kidney, Liver and Bladder Troubles, all forms of Catarrhs, Disorders, Lame Back, all Female Complaints, etc. My new electrical Sennory for the perfect cure of all Venereal Diseases of Men Free to all Male Patients. Call or write today. I have written a book, "The Electric Belt," sent free, postpaid, for the asking. Book will tell you all about my Advice without cost. Sold only by

DR. BENNETT Electric Belt Co., Rooms 18 to 21 Douglas Block, 16th and Dodge Sts., Omaha, Neb.

Are You Deaf? All cases of DEAFNESS or HARD-HEARING are now cured by our new invention. The deaf can hear, the dumb can speak. The cure is permanent. No operation. No pain. No expense. The cure is guaranteed. The cure is permanent. The cure is permanent. The cure is permanent.

PACKER DOLD LOSES HEAVILY

Fire Does \$200,000 Damage to His Plant in Kansas City.

CHIEF HALE AND FOUR FIREMEN HURT

Cause of the Blaze is Yet a Mystery—Proprietor is Silent Concerning the Amount of Insurance.

KANSAS CITY, March 30.—A fire, in which \$200,000 worth of property was destroyed and five firemen, including Chief Hale, were injured, occurred at the Jacob Dold Packing company's plant on Eighth street, near the Kansas City, tonight. The injured firemen are: Chief Hale, scalp cut by falling bricks; Ed Dyer, ribs broken; Mike Mahoney, back and limbs injured by falling beams; Thomas P. Conside, head cut by glass; John Nolan, leg and foot hurt.

The cause of the fire is not known. It was first discovered in the box factory, which is directly under the bottling department, after it had gained considerable headway. The night watchman had just gone on duty and the other employees had gone home when the fire was discovered. The first alarm was sent in at 6 p. m. and soon all of the available firemen in the city were on the scene. It is evident that it would be impossible to save the main building, in which the fire originated. The fire burned fiercely for three hours, during which time the firemen worked to prevent its spreading to the other buildings and at the end of that time the fire was under control, but the main building was a total wreck.

OXFORD'S GREAT RACE

(Continued from First Page.)

Still Cambridge gained. At Barnes' bridge their lead was a length and a half. Then the Oxford champions on the Oxford steamers cheered desperately and yelled encouragement to their crew. The response was instantaneous and as heart-breaking as the pace had been for the first mile, which was one second under the record. Oxford quickened its stroke to thirty-two and then to thirty-four and then Cambridge quickened to thirty-six. But the latter lacked the driving power of Oxford, who went up, foot by foot. The crowds on the banks caught the contagion of the struggle and surged along toward the finish.

Oxford crept up slowly and overcame the Cambridge lead, in spite of the constant quick going of the Cambridge stroke. On the Cambridge steamer the passengers following the race cheered desperately and Cambridge quickened again to thirty-six, then to thirty-eight, and finally to forty. The Oxford bow lapped the Cambridge stern for a time and the race hung in the balance. Oxford quickened to thirty-six and Cambridge to thirty-eight, but lost its hard won lead by inches, falling signally in its steering at each turn, while Oxford never lost an inch on the geometry of the course.

In the last 200 yards Oxford's bow began to show ahead and relentlessly overhauled Cambridge, who rowed strong to the finish. Nevertheless, deep-throated cheers arose as the crews flashed between the red flags at the finish, and Cambridge saluted Oxford as they crossed rowing.

TRANSVAAL WAR LEAVES MARK

Crews of the Rival Blues Crippled by Absence of South African Fighters.

LONDON, March 30.—The Transvaal war left its mark on the crews of the rival Blues this year. Several who might have rowed in the historic race were fighting in South Africa, and two of them were shot. Two recent university coaches, McLean and Trevor Jones, died within a few weeks of the race. To crown all, indisposition and influenza have played havoc with the men, and constant change had been the order of the day up to the hour the crews left their homes for London. Cambridge was the first of the rival eights to reach metropolitan waters and took up quarters at Putney March 14. There was no time lost in getting to work on the lively waters of the Putney-Merleke reach, and both crews put in telling practice up to the last day before the race. The Oxford eight came down from Henley March 15 and had their first spin on the following day.

The following are the names of the crews and their weights:

Table with columns for Name, Position, and Stone Pounds. Lists crew members for both Oxford and Cambridge, including names like F. O. J. Huntley, H. Di Vallon, and R. H. Nelson.

GLADSTONE'S SON AROUSED

Arraigns Government with a Vigor Worthy of 'The Grand Old Man.'

SHOWS WEAKNESS OF LIBERALISM

Tells What the South African War is Costing England and Demands to Know When it Will End.

LONDON, March 30.—Herbert Gladstone, member of Parliament for West Leeds, has issued a letter to his constituents containing a striking indictment of the government which, the Daily News declares, "will be welcomed by all liberals as a bugle call to action and as worthy of his father's son. He appears to have struck a note on which the majority of the liberals can unite against what even the conservative organs admit to be the weak management of the party in power."

The letter is short. Its quality can be judged from the following excerpts: "The war in South Africa will cost far more than £200,000,000 and the settlement seems as far off as ever. There are problems to be solved in the far east of the most magnitude and the government appears destitute of a clear, settled policy. Already the huge expenditure for the army and navy is going up by leaps and bounds, and will force Europe to add to its ruinously large armaments. Where is it to end? The Irish question is more to the front than ever and the government seems to view it with apathetic indifference."

PROTECTING HOME CATTLE

Secretary Wilson Takes Precautions Against Introduction of Rinderpest.

WASHINGTON, March 30.—On account of the reported existence of rinderpest in the Philippine islands, Secretary Wilson some time ago recommended to the secretary of the treasury to direct that special precautions be taken on the Pacific coast to prevent the introduction of the animals without their being turned over to the Department of Agriculture for quarantine under the supervision of the Bureau of Animal Industry. Secretary Wilson has received replies from Secretary Root and Secretary A. B. Clegg, and the desired instructions have been issued.

EDITORS SMART UNDER ABUSE

German Newspaper Men Rebel at Kaiser's Speech of Disloyalty.

BERLIN, March 30.—Emperor William's speeches at the dedication of the new barracks, near the imperial castle, of the Emperor's own regiment, on Thursday night, are still the sensation of the hour. The Vorwaerts today vows for its sharpest version of his majesty's speech. The Hamburger Correspondenz also says the version published by the Kreuz Zeitung is much kinder than the emperor's original. The press is still puzzling over what caused Emperor William recently to indulge in such pessimistic talk and considers his words to be unwarranted by facts.

AGREES WITH UNCLE SAM

Press here on the best authority that regarding Chinese indemnity and the mode of apportioning it, there is no divergence between the United States and Germany.

The correspondence of the Associated Press here on the best authority that regarding Chinese indemnity and the mode of apportioning it, there is no divergence between the United States and Germany. The American embassy and the German Foreign office held almost daily conferences on the subject of China, hitherto always leading to actual understanding.

ALL GOODS MARKED IN PLAIN FIGURES—ONE PRICE—AND THAT THE LOWEST.

SEXUAL DEBILITY. I do not treat all diseases, but cure all I treat. I treat men only and can cure them to stay cured. Men, many of you are reaping the result of your former folly. Your manhood is falling and will soon be lost unless you do something for yourself. There is no time to lose. Impotency, like all sexual diseases, is never on the standstill. With it you eat, make no mistake. Either you must master it or it will master you and fill your whole future with misery and indescribable woe. We have treated so many cases of this kind that we are familiar with them as you are with the very day-dreams of your youth. We have treated so many cases of this kind that we are familiar with them as you are with the very day-dreams of your youth. We have treated so many cases of this kind that we are familiar with them as you are with the very day-dreams of your youth.

HEARTS THROWN WIDE OPEN

Parisian is Regaled with Love Secrets and Other Choice Theatrical Sensations.

(Copyright, 1901, by Press Publishing Co.) PARIS, March 30.—(New York World Cablegram—Special Telegram.)—Paris has been treated to a series of theatrical curiosities this week. The tandem of black trotting cows which staggered Paris when driven through the city daily by a Brazilian heifer has been secured from her for \$50,000 and is now exhibited at the circus. Victor Maurel, the famous baritone, who because of his love for the pretty comedienne, Charlotte Vioche, forsook grand opera to play the lover's part in her farce at the Capucines theater, has left her after a sensational quarrel, which he philosophically analyzes in a signed newspaper article, appealing to the public to judge whether Victor or Charlotte was right.

STATE ELECTRO-MEDICAL INSTITUTE

1308 Farnam Street, Bet. 13th and 14th Streets, OMAHA, NEB.

STRONG AGAIN! Sexine Pills. When in doubt, try Sexine Pills. They cure the brain, strengthen the circulation, make digestion perfect, and impart a healthy vigor to the whole being.
