PRICE OF PORK GOES UP announced, it is asserted that four mem-Consumption of the Meat Decreases as the Rate Advances. BEEF AND MUTTON FIND FAVOR NOW

Supply of Hogs Seems to Be Considerably Short of Last Year's Production-Lightweight Stock Coming In.

tion is being well illustrated in the case dealer said yesterday that the trade at the of pork. Prices for hogs are now at the present time was something exceptional highest point reached since January of 1893, as high as \$6.071% having been paid a large amount of building. Dealers in on the South Omaha market last week, other lines of material make similar re-According to reports received from vari- ports. Contractors are figuring on any ous sources the meat is not going into number of houses and the prospects are consumption at nearly as rapid a rate as that masons and carpenters will be kept it was a short time ago, before prices busy all during the season. Investigation . reached such a high level. When a laboring man has to pay 12% cents per pound in the real estate business just now, but for a pork roast he finds that he can bet- property owners are making improvements ter afford to eat either beef or mutton, and as it is the laboring classes that consume the greater portion of the meat, their trade is an important feature.

For the last few years pork has been the cheapest meat on the market, but that trol acre property within the city limit. is no longer the case. In 1893 pork reached are preparing to plat the same, so great is the top notch. In February of that year hogs sold at South Omaha for over 18 per bundred and on February 17 the average cost of all the hogs marketed was \$8.19. That was the highest point ever reached on the South Omaha market.

Whether or not the price of pork is going up or down cannot be told, but the way in which price governs consumption is an important factor in determining future values. There seems to be no doubt that the supply in the country is considerably short of last year. Receipts at all the principal market points were light last week, but in that connection it is to be noticed that the market advanced only slightly in the face of the light receipts. The falling off in the supply is undoubtedly accounted for to some extent, at least, by the bad condition of the roads in the country, and when more settled weather comes it is thought receipts will increase.

Another fact which leads to the conclusion that hogs are scarce is the predominence of light mixed hogs coming on the market. The average weight of all the hogs sold at South Omaha during the month of March was 232 pounds, against 243 pounds for last year and 247 pounds for 1899. The March average this year was, in

fact, the lowest for that month since 1895, and the highest average was 269 pounds in 1897. This would indicate that farmers are taking advantage of the present high prices and are marketing their hogs as rapidly an possible, without waiting for them to reach their full growth.

Whatever may be the future of the market the present situation is at least interesting and the trend of prices will be watched with a great deal of interest by both producers and consumers.

-----South Omaha News 

the session is liable to be an interesting one, cess in every way. as rumor has it that something is liable to drop. It was reported on the streets yesterday that Richard Shields, the labor can- grip. didate, was preparing to start something just as soon as the council had completed the canvass of the vote. While Shields was nominated for tax commissioner by the H. Brewer. labor party he field a petition and his name Miss Ruby Brindel has returned from went on the field

bers of the council will step down and out. Then the four temaining members can meet and proceed to puss an ordinance dividing the city into six wards. An organization will have to be perfected first and there is quite a fight on as to the presidency of the council. Naturally the holdover members want the place and this is causing considerable dissension, as no agreement can be reached. Taken altogether Monday night's meeting will probably be an interesting one

### **Building Prospects Good.**

According to reports from dealers in building material, there is an unusually heavy demand at this time for lumber and The way in which price governs consump- other building materials. One lumber

He figures that the coming summer will see shows that not a great deal is being done hence the demand for material. South Omaha is growing rapidly and, while a few vacant houses can be found, new ones are being erected in all parts of the city. Some real estate dealers who either own or con-

the demand for suitable dweflings. Special Easter Services.

Special Easter services will be held at all t the churches today. In most instances excellent musical programs have been pro ided for. In addition to the churches men tioned in yesterday's Bee there will be a celebration of the holy communion at St Clements' mission, Twenty-ninth and S streets, at \$:15 o'clock. The hour for the evening prayer and sermon is 8 o'clock. At St. Edward the Martyr's mission Twenty-sixth and Adams streets, the morning prayer and sermon will occur at 11

#### Another Summer Garden.

o'clock. Evening prayer and sermon will

commence at 6:30 o'clock.

It was reported here yesterday that the Krug Brewing company would soon commence work on a summer garden to be maintained at Twenty-fourth and Vinton streets. This property adjoins the brewery and is two blocks long and a block wide A year ago this property was graded and otherwise improved and it is asserted that a first-class park will be provided for those

who care to visit such places. **Complaint About Mad Creek.** City Clerk Shrigley is in possession of complaint signed by E. Sommer, which re-

lates to Mud creek. The complainant alleges that on account of the smell arising from the creek he cannot rent his house in Albright. A request is made of the council that the alleged nuisance be absted Complaints of this kind occur periodically, but it is pretty early in the season for them to commence coming in

cent on the licket as running by petition. no mention being made connecting him with the labor party. Bennett, the republican candidate, filed a petition also, but his name went on as a republican. Fitzgerald was is seriously ill. marked on the ballots plain democrat. He did not file a petition. Shields, it is as- a serious illness serted, will contend that there was fraud in Mrs. Herbert Osborne, who has been the election of Fitzerruld or rather in the the election of Fitzgerald, or rather in the nomination. It will be remembered that when the democrats met in convention it took over thirty bailots to nominate a tax ing Mrs. A. V. Miller. commissioner, and then this was only secured after a brief recess. The vote for tax commmissioner in this convention from the is start stood eight and eight. After the re-cess A. Lutz switched and gave Fitzgeraid of his cousin, Charles Leffer. the desired majority. Shields makes the assertion that he has in his possession an affidavit signed by Lutz admitting that friends of Fitzgerald pald him money for changing his vote, therefore he charges fraud.

The story goes that Shields will mandamus the city clerk after the canvass has Joseph Baust, Thirteenth and Z streets. been completed to turn the certificate of election over to him, instead of to Fitz-serald, who received the high vote func-ting. gerald, who received the high vote. Just how much truth there is in this rumor re-mains to be seen, but it is a fact that the D streets. report has caused the Fitzgerald supporters to wear worried looks.

As usual, there was no quorum of the council last night, but on Monday night it will, more than likely, be different, as the and wife this week. As usual, there was no quorum of the council is required by law to meet and canvass the vote. All members will most likely be present. It is possible that a portion of the regular business will be dispensed with in order to canvass the vote early. When this is done and the result

#### BRAIN FOOD

Is of Little Benefit Unless it is Di-

gented. Nearly every one will admit that as a na

tion we cat too much meat and too little of vegetables and the grains. For business men, office men and clerks,

and in fact everyone engaged in sedentary or indoor occupations, grains, milk and vegctables are much more healthful. Only men engaged in a severe outdoor

manuel labor can live on a heavy meat diet and continue in health. As a general rule, meat once a day in

sufficient for all classes of men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten. But many of the most nutricious focds

are difficult of digestion and it is no use to advise brain workers to cat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs, and several years experience have proven Stuart's Dyspepsia Tablets to be a very safe, pleasant and effective digestive and a remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hafdly be called a patent medicine, as they do not act on the bowels nor any particular organ but only on the food caten. They supply what weak stomachs lack, pepsin diastase and by stimulating the gastric glands intary. crease the natural sccretion of hydrochlorid acid.

People who make a daily practice of taking one or two of Stuart's Dyspepsia Tablets after each meal are sure to have perfect digestion which means perfect health. There is no danger of forming an injuri-

ous habit as the tablets contain absolutely nothing but natural digestives; cocaine, morphine and similar drugs have no place in a stomach medicine and Stuart's Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies. Ask your druggist for a fifty-cent pack-

age of Stuart's Dyspepsia Tablets and after week's use note the improvement in nealth, appetite and nervous energy.

Five Hundred Delegates Are Convened A. Vail has recovered from an attack of pneumonia. Miss Fannie Sage is out again after a week's illness

KANSAS CITY. April 6 .- The general conference of the Reorganized Church of Jesus Christ of Latter Day Saints met in annual session at independence today and President Joseph Smith was unanimously chosen presiding officer. Probably 500 dele-

gates were present, among them being many women. There are three colored delegates in attendance. One is Elder Meuora of Papite, Tahiti. The others are Elders George H. Groaves and William grand council are: H. H. Cherry, J. J. Henry Fuller of Chicago. Alexander Smith, a brother of the president, opened the conference with prayer.

R. S. Salyards of Lamoni, Ia., was elected secretary of the conference, and D. W. Wight and Comer R. Wells, also of Lamonl, took up the time of the first session. The convention finished its work today.

T. A. Haughas of Henderson, Ia., was elected general superintendent, J. A. Gunselly of Lamoni, Ia., first assistant; George

H. Gates of Providence, R. I., second assistant; D. J. Krahl of Lamoni, Ia., secretary, and John Smith of Lamoni, Ia., treasurer.

Question His Authority. At the afternoon session a lively discus-

sion was precipitated in which President Smith was prominent, which involved the question of just how much authority President Smith has in the church. Elder E. C. Briggs of the mission of Indiana was charged with some irregularities in the discharge of his official duties and he was

tried by the Quorum of Twelve, the highest tribunal in the church, and was found guilty The verdict meant his expulsion. Elder

Briggs appealed to President Smith to save him from the humiliation the publiention of the report of his trial would cause him. President Smith withheld the

report of the trial from the official minutes of the church for the last year and announced to the conference as his reason for his action that Elder Briggs

church, that he is aged and infirm and able winds. does not merit the humiliation of being expelled from the Quorum of Twelve. Many delegates antagonized the president's

overrule the Quorum of Twelve. After a long discussion of the question it was made a special order to be acted on at

A motion to ask for a donation of \$50,-000 from Andrew Carnegie for Graceland college at Lamoni, In., was tabled.
