

FIRST GAME OF THE SEASON

Informal Base Ball Contest in Pulled Off Just for Practice.

OMAHA TEAM AGAINST THE ORIGINALS

"Papa" Bourke is Out in All His Glory and His Boys Have It All Their Own Way—Buckering Keith is There.

If any one of the 200 enthusiastic fans who turned out to see the first ball game of the season entertained a single doubt of Manager Bourke's assertion that he has the best base ball team this year that ever wore the Omaha uniform, such a doubt was swept away yesterday afternoon.

The Omaha professionals played the Originals. It was little more than a practice game. None of the players were in the form that they will be in a week or two. The ground was soft and difficult to work on.

It is needless to say that they won the game. The Originals had hardly hoped for any different conclusion. They did cover a run or two but that was denied them.

When the players reluctantly left the warmth of their dressing room to do a little preliminary work on the diamond there wasn't one who didn't wish he had an overcoat.

"Papa" Bourke is Present. Papa "Bill" Bourke flitted among the players clad in an ulster that reached from his head to his heels.

Expressions of the highest praise were heard on all sides. Every man on the Omaha team carried himself like a real ball player.

Even though the men were yet stiff from their long inactivity during the winter months, they lumbered up enough to show what sort of stuff is in them.

Notwithstanding the fact that the Omaha team carried itself like a real ball player, there was no halting, no amateur movements. They were in the game from start to finish.

LONDON, April 6.—When Sir Thomas Lip-ton recently said that he was chiefly concerned about the Herreshoff boat and saw no reason to count seriously on the success of the English defender, he was merely echoing the opinion then generally held of Irish yachtsmen.

Details seem to show that every important novelty in the Wilson boat has been duplicated in the English boat.

Mr. Scannell accepted the proposition for a race in a telegram received by the receipt of our offer and Mr. Lawson's equally prompt acceptance had been made by the letter which he returned.

BLOOD POISON

THE MOST DESTRUCTIVE OF ALL HUMAN DISEASES.

The poison ejected from the fangs of the rattlesnake is not more surely fatal than the virus of Contagious Blood Poison, which pollutes the blood, destroys the tissues and bones and eats like a canker sore into the flesh.

This horrible disease appears first in the form of a little sore or blister; soon the glands begin to swell, pimples break out on the body, the mouth and throat become sore, making it painful to eat.

I contracted Blood Poison two years ago this fall, and was persuaded to try a medicine widely advertised by a remedy company in Chicago.
