

TO FREE HENRY BOLIN

Friends of Omaha's Former Treasurer to Ask for Parole.

HOWARD BALDRIGE ACTIVE IN THE CASE

Question of Authority is Said Before Governor Dittich—Records Will Have to be Examined for Decision.

LINCOLN, April 8.—(Special)—In an interview with Governor Dittich this morning Howard Baldrige received the assurance that unless the law stands in the way Henry Bolin, Omaha's former city treasurer, now serving a nineteen years' sentence in the penitentiary, would be given conditional freedom on parole. Mr. Baldrige asked for a commitment of Bolin's sentence, but this request was discouraged by the governor, who looked with favor on the parole plan.

In the interview the question of the governor's authority to parole Bolin was discussed at length, but left unsettled. The law applicable to cases of this kind provides that no parole shall be granted until after the prisoner shall have served the minimum sentence provided by the statutes for the crime for which he was convicted. Bolin was convicted of three separate charges and given three sentences of four, five and ten years each. Together these sentences amount to nineteen years, but with good time deducted would expire April 18, 1911. The first term of four years, with good time deducted, expired June 15, 1896.

To determine the minimum penalty for the offenses on which Bolin was convicted will require an examination of the indictment or complaint on which the city is prosecuted. It is believed that he has already served sufficient time to amount to the minimum sentence, but as the papers used in the case are not accessible the belief is no more than guess work.

To Examine the Records.

Mr. Baldrige will investigate the records of the proceedings in the case and probably bring the matter again before Governor Dittich within the next few days. In the capacity of prosecuting attorney for Douglas county Mr. Baldrige conducted the case against Bolin for the state, but since conviction has joined in several appeals and petitions for his pardon.

Speaking of his mission, Mr. Baldrige, before his interview with the governor, said: "We have been trying for several years to get a pardon for Bolin and have about concluded that we will ask for a commutation of sentence. The man has served enough time and ought to be liberated, but since it appears useless to ask for the pardon we are going to try for the next best thing."

Governor Dittich this afternoon was reticent in speaking of the interview, but intimated that he was willing to order Bolin released on parole if he could do so without violating the law. He said the matter was left unsettled, but would probably be taken up again soon.

He on the Alert.

Consumers of Budweiser Beer are warned exclusively by the Anheuser-Busch Brewing Ass'n. are warned against other beers bearing the same name or a similar label. Every bottle of Budweiser is provided with the well-known label and each cork is marked with the name of the brewery. By examining these features and inspecting upon Budweiser being opened in your presence, Anheuser-Busch Brewing Ass'n.

The Indian and the Northwest.

A handsomely illustrated book, just issued, containing 115 pages of interesting historical data, relating to the settlement of the great northwest, with fine half-tone engravings of Black Hawk, Sitting Bull, Red Cloud and other noted chiefs. Custer's background and ten colored maps, showing location of the various tribes dating back to 1600.

Price 50 cents per copy. On sale at ticket office Chicago & Northwestern railway, 1401-1403 Farnam street.

PHI KAPPA PSI ALUMNI

Omaha Association Elects E. M. Morsman, Jr. President at Annual Session.

The Omaha Alumni association of the Phi Kappa Psi fraternity held its annual meeting at the Meridian hotel last evening. This association secured its charter from the executive council of that fraternity a year ago and holds occasional social meetings.

The officers were elected: President, E. M. Morsman, Jr.; secretary, W. L. Lockwood, Jr.; treasurer, B. W. Christie. A. J. Collett was chosen to represent the Omaha association at the district council of the fraternity at Madison, Wis., this week. On the roll are: Hon. H. H. Baldrige, William Baird, Warren Soutter, W. J. Reed, B. W. Christie, Orlo Brown, E. T. Chapin, F. W. Lehmer, E. A. Kormeyer, C. W. Engel, F. E. Brown, A. J. Collett, A. S. Pearce, E. A. Baird, H. R. Fullenweider, F. P. Manchester, H. E. Crandall, F. A. Cuscedon, Doane Powell.

Just The Blues.

Many a woman dresses to go out, feels respectable, sits down, and falls into a fit of depondent musing. Ask her what's the matter, and she'll probably answer "Just the blues." And what are the blues? Only another name, in general, for a disordered liver and diseased stomach. Cleanse the liver, heat the stomach, purify the blood, and there'll be no more blues. It can be done by the use of Dr. Pierce's Golden Medical Discovery. This medicine puts the diseased organs of digestion and nutrition into a condition of sound health. It eliminates from the blood all impure and poisonous substances, and cleanses the "stagnated" liver. It contains neither alcohol nor narcotics.

I had liver complaint for the past fifteen years, complicated with dyspepsia and gall stones, writes Mrs. N. Bernier, of Elm St., Oakbrook, Wis. "I doctored with nearly our prominent doctors, and not one of them have done me the good, nor begun to do what your medicines have. I have used three bottles of Dr. Pierce's Golden Medical Discovery, one vital organ of digestion and one bottle of Dr. Pierce's Favorite Prescription, and have obtained bright thoughts since I first began to take these remedies.

Dr. Pierce's Pellets cure biliousness.

AIMS TO PROVIDE FOR SIX NEW WARDS

Measure is Uncertain of Adoption, but the Outlook is That the Main Features Will be Maintained in Any Amendments.

The city council, which existed for the last year, adjourned without day last night. Four members retired to private life. These were Johnston, Clinton and Adkins. The remainder of the council, consisting of Johnston, Clinton and Adkins, met to transact the mayor, who occupied the chair, appointed a committee composed of Johnston, Clinton and Adkins to canvass the vote cast at the last election. The result was announced by a resolution offered by Johnston to the effect that J. Fitzgerald had been elected tax commissioner and J. M. Murphy had been elected as members of the Board of Education.

In each case the vote was given and it varied only by seven from the figures given in the Bee on the morning after election. When Johnston of the Fourth ward arose to move that the council adjourn sine die he made a few complimentary remarks to Mayor Kelly and then announced that he would offer a resolution to the effect that the body for the courtesy that he, as the only democrat in the body, had received during the last year. Trainor did the same thing, but Clinton declined to talk at all.

In response to the remarks of Johnston and Trainor Mayor Kelly responded in an appropriate manner and assured the retiring members that he respected them highly, even though there might have been slight differences of opinion between the council and the chief executive during the last year.

Immediately after adjournment the four holdover councilmen met and agreed to hold a session at 2 o'clock this afternoon for the purpose of reorganizing. At this session it will be necessary for a president to be named, and the committee will be named. As soon as the redistricting ordinance is passed the mayor will be called upon to appoint two councilmen to fill the vacancies created by the establishment of two additional wards.

The charter of the city will be amended to provide for six wards, from the time on only six councilmen instead of eight.

Taken altogether, the session which promised at the start to be a stormy one, passed off quietly and there was no trouble of any kind. Mayor Kelly, however, there might be some trouble when Fitzgerald was sworn in as tax commissioner, but there was not a murmur from the opposition and Fitzgerald is now tax commissioner of South Omaha and will assume his duties at once.

One of the first things submitted to the council after the minutes had been approved came from Johnston and that was a document revising the rules of the council. These rules are numerous and were adopted without comment at the last held good under the old charter, but Mr. Johnston had written a revision providing for the new charter, and quite a change in the usual method of doing business was introduced.

Next in order came the ordinance dividing the city into six wards. It was read for the first time and referred to the judicial committee. While there is no sure thing that the city will be divided as provided in the ordinance, it is expected that the main features will be maintained in any amendments which may be introduced.

The redistricting ordinance is as follows: The first ward shall be bounded by and included within the following limits: Beginning at a point where the line of the center of Twenty-fifth street intersects the northern limits of the city; thence south along the center of the intersection of Third street and G street; thence east along the center of G street; thence north along the center of Twenty-fifth street to the center of the intersection of Third street and G street; thence west along the center of the intersection of Third street and G street to the center of the intersection of Third street and I street; thence east along the center of I street to the center of the intersection of I street and K street; thence north along the center of K street to the center of the intersection of K street and L street; thence east along the center of L street to the center of the intersection of L street and M street; thence north along the center of M street to the center of the intersection of M street and N street; thence east along the center of N street to the center of the intersection of N street and O street; thence north along the center of O street to the center of the intersection of O street and P street; thence east along the center of P street to the center of the intersection of P street and Q street; thence north along the center of Q street to the center of the intersection of Q street and R street; thence east along the center of R street to the center of the intersection of R street and S street; thence north along the center of S street to the center of the intersection of S street and T street; thence east along the center of T street to the center of the intersection of T street and U street; thence north along the center of U street to the center of the intersection of U street and V street; thence east along the center of V street to the center of the intersection of V street and W street; thence north along the center of W street to the center of the intersection of W street and X street; thence east along the center of X street to the center of the intersection of X street and Y street; thence north along the center of Y street to the center of the intersection of Y street and Z street; thence east along the center of Z street to the center of the intersection of Z street and the northern limits of the city.

Second Ward.—Beginning where the western city limits intersect the line of the center of T street; thence south along the western limits of the city; thence east along the center of T street to the center of the intersection of T street and U street; thence north along the center of U street to the center of the intersection of U street and V street; thence east along the center of V street to the center of the intersection of V street and W street; thence north along the center of W street to the center of the intersection of W street and X street; thence east along the center of X street to the center of the intersection of X street and Y street; thence north along the center of Y street to the center of the intersection of Y street and Z street; thence east along the center of Z street to the center of the intersection of Z street and the western limits of the city.

Third Ward.—Beginning where the western city limits intersect the line of the center of T street; thence south along the western limits of the city; thence east along the center of T street to the center of the intersection of T street and U street; thence north along the center of U street to the center of the intersection of U street and V street; thence east along the center of V street to the center of the intersection of V street and W street; thence north along the center of W street to the center of the intersection of W street and X street; thence east along the center of X street to the center of the intersection of X street and Y street; thence north along the center of Y street to the center of the intersection of Y street and Z street; thence east along the center of Z street to the center of the intersection of Z street and the western limits of the city.

Fourth Ward.—Beginning where the western city limits intersect the line of the center of T street; thence south along the western limits of the city; thence east along the center of T street to the center of the intersection of T street and U street; thence north along the center of U street to the center of the intersection of U street and V street; thence east along the center of V street to the center of the intersection of V street and W street; thence north along the center of W street to the center of the intersection of W street and X street; thence east along the center of X street to the center of the intersection of X street and Y street; thence north along the center of Y street to the center of the intersection of Y street and Z street; thence east along the center of Z street to the center of the intersection of Z street and the western limits of the city.

Fifth Ward.—Beginning where the western city limits intersect the line of the center of T street; thence south along the western limits of the city; thence east along the center of T street to the center of the intersection of T street and U street; thence north along the center of U street to the center of the intersection of U street and V street; thence east along the center of V street to the center of the intersection of V street and W street; thence north along the center of W street to the center of the intersection of W street and X street; thence east along the center of X street to the center of the intersection of X street and Y street; thence north along the center of Y street to the center of the intersection of Y street and Z street; thence east along the center of Z street to the center of the intersection of Z street and the western limits of the city.

Sixth Ward.—Beginning where the western city limits intersect the line of the center of T street; thence south along the western limits of the city; thence east along the center of T street to the center of the intersection of T street and U street; thence north along the center of U street to the center of the intersection of U street and V street; thence east along the center of V street to the center of the intersection of V street and W street; thence north along the center of W street to the center of the intersection of W street and X street; thence east along the center of X street to the center of the intersection of X street and Y street; thence north along the center of Y street to the center of the intersection of Y street and Z street; thence east along the center of Z street to the center of the intersection of Z street and the western limits of the city.

Woman's Princess skirt, No. 375, to be made with or without the circular founce. The princess skirt makes a marked feature of the season's styles and bids fair to be exceedingly popular. It is graceful, it gives a slender effect. It combines with the short bolero to a nicely. It does away with the necessity for a belt. It is free from many of the dangers and drawbacks of the princess gown. The model shown has many advantages. It is fitted shaped with five gores and can so be fitted with ease. It includes the graduated circular founce at sides and back, which means grace without any lessening in apparent height, but can be made without if so preferred. The original is made from cream serge with trimming of cluny applique and is designed for wear with dainty shirt or full peasant waists, but all dress materials are appropriate for indoor wear and all suitings for the skirt in combination with the popular short Eton.

The skirt is carefully shaped and fits snugly about the hips, the fulness at the back being laid in an inverted pleat, that is attached flat, some distance below the waist line. The bodice portion is cut with extreme care and is shaped on lines that are found to be most becoming. The founce is narrower where it joins at the front and widens at the back, where it falls in soft folds and forms a demi train. The closing is effected invisibly in center back with hook and eyes that extend below the waist as far as the stitching.

To cut this skirt for a woman of medium size 11 yards of material 21 inches wide, 9 yards 7 inches wide, or 6 yards 4 inches wide will be required. The pattern No. 375 is cut in sizes for a 22, 24, 26, 28 and 30-inch waist measure.

For the accommodation of The Bee's readers these patterns, which usually retail at 25 to 50 cents, will be furnished as a nominal price, 10 cents, which covers all expense. In order to get any pattern enclose 10 cents, give number and name of pattern wanted and bust measure. Allow two days from date of your letter before beginning to look for the pattern. Address Pattern Department, Omaha Bee, Omaha, Neb.
