Dividing the Indian Lands.

The work of allotting the land to the Indians is being pushed as rapidly as poseible. When an Indian decides upon the land he wants it is surveyed and laid out for him. No allotments are made at the agency. All are assigned in the field. About one-half of the claims on the Kiowa and Comanche side have been allotted. The Washita valley has been pretty well taken by the Kiowas. There is a large settlement of Comanches in the neighborhood of Fort Sill, while the Apaches are taking the most of their claims in what is known as the Rainy Mountain district. NEW PITCHER MAKES SATISFACTORY DEBUT

Gordon, Former University Man, Creates a Favorable Impression in His First Trial-Pitches Well and Uses Good Judgment

The Rourke family made it three straight from the Prohibitionists by winning Mon-The game was witnessed by a mere the idiosyncrasies of the Omaha players and no good play went unrewarded, nor did any error of judgment escape critical

It was an unlucky day for the third basemen. Out of the combined total of eight errors McAndrews made four and Peas three. The remaining one was made by Jimmy Toman, but it cost nothing. Mc-Andrews and Peas both threw badly. They seemed to have no control over their wings and when either got hold of the ball it was an odds on bet that it would go soaring away past the point of intended destina-Both third basemen assuaged their bad fielding by clever performances at the bat, however, so they escaped a scathing scorching from the bleachers.

Gordon Makes His Debut. Gordon, the university pitcher, occupied the slab for Omaha during the last half of the game. It was his debut and he made a first-rate impression. He pitched well, but, even better than that, displayed splendid head work and a quick manipulation of his thinktank. In the five innings that he pitched only three hits were made and none of them sprouted into tallies. Gordon showed up well at the bat. In two times up he made one good hit and corraled a brace of runs.

In the second inning the Omahas started their run-getting. Four hits in quick succession, one of them a banging two-bagger by Eduard Lauzon, resulting in three earned runs. The Prohibitionists made one each in the second and third and took the lead in the fourth, bad throws by Mc-Andrews to the initial bag permitting two men to circle the diamond. In the seventh the fates favored the locals and a trio of tallies was stacked up. Captain Stewart was passed to first and Lauzon made the acquaintance of his old side-partner, Jack Rebsamen, through the courtesy of Billie Peas, who threw the leather clear over the fence. Just to show that he was a good fellow Peas repeated the performance when Gordon pounded a grasscutter down in his direction. The third baseman grabbed it up and slammed it into the south bleachers. Stewart and Lauzon scored and Gordon got around to third. Toman's hit scored Gordon. Mc-Andrews and Gordon piled up a couple of more runs in the eighth.

Aqueduct Starter Declines to Be Trifled With.

NEW YORK, April 15.—The racing season in the metropolitan district was formally opened today at Aqueduct. The Queens County Jockey club offered an attractive program, with the Carter handicap as the feature and in spite of a cold, rainy day, a record-breaking crowd was in attendance. The track was slow.

Motley, owned by William Lakeland, and favorite in the betting at 3 to 1, won the Carter handicap. Thirteen horses faced the starter.

Carter handicap. Thirteen horses faced the starter.

Five favorites were successful, so the first choice players had the best of it. Himself won the first easily. Sedition romped home in the second and The Rogue took the third, besting Malden a head on the post. Animosity, at 5 to 1, won the fifth over seven furlongs, Buffoon beating the favorite, Blueaway, a head for the place, and The Hoyden, a good 2-year-old from the Morris stable, earned a clever victory in the last from the second choice, Golden Cottage.

The delays at the post were long and tedious and many of the lockeys were punished. Henry was fined \$250. Shaw \$150. Van Dusen \$100. Slack. Dale and Wonderly \$50 each, while Burns was set down for four days and H. Wilson for the remainder of the meeting.

Schorr's Crack Colt, Charles W.

Meyer, Poisoned at Memphis.

MEMPHIS. April 15.—In the Memphis stakes at five furiongs today only three of the original eight named started. Eddie Busch was added at the last moment. Schorr's crack colt, Charles W. Meyer, seemed to have the stake at his mercy, but about 3 o'clock he was scratched. Inquiry in the paddock developed a sensational rumor that the colt had been polsoned. Two veterinary surgeons said he was suffering from blood poisoning. The horse's head was badly swollen. The theory that the colt had been poisoned was discredited and the general opinion is that the horse suffered a bite from a spider.

After the withdrawal of Meyer, Branni-

gan and Dave Sommers, the talent would accept nothing but Abe Frank, who stirted at 1 to 3. The start was good, with Autumn Leaves in the lead. This filly raced rapidly to the front and turning into the stretch leading by three lengths from Eddie Rusch. Abe Frank, a slow beginner, here made his run and challenging Autumn Leaves, drew away and won by a length. Autumn Leaves beat Wyeth two lengths for second money. EASY MONEY FOR CREEDON. Knocks Out Jimmy Handler in Less Than Thirty Seconds.

MEMPHIS, April 15.—Dan Creedon of Australia showed his old-time form and stopped Jimmy Handler of New Jersey here tonight in less than half a minute's fighting in the first round. One of the largest crowds of the season gave Creedon an ovation both Before and after he entered the ring. The fight was scheduled for twenty rounds. There was practically but one blow struck, a left hook to Handler's Jaw, and the Jersey man went down for the count. He managed to regain his feet, but was so weak that Creedon floored him again. Handler was unable to rise and Referee Hottum counted him out.

In the preliminary, which was for ten rounds. Eddie Croake of Iowa was given the decision over Jeck Cusick of Milwaukee, Cusick was outclassed and was so badly punished that it was unsafe to allow the fight to go on. Knocks Out Jimmy Handler in Less

Early in the contest Scanlan looked like a winner, but it was plainly evident that Weinig had the advantage in reach and weight. A feature of the latter's hitting was his straight labs. He did not appear to be doing much damage, but his jabs were straight to the jaw and had a telling effect. Scanlan landed some terrific blows on his opponent and staggered him in the fifth round, but he quickly recovered. Scanlan bled terribly in the sixth from a cut on the lip. OMAHA MACHINISTS STRIKE

Twenty-five Union Members and Several Bympathizers Quit Work.

ARE BACKED BY THE INTERNATIONAL

Points at Issue Are Minimum Wage Scale of Thirty-Two Cents an Hour and Employment of Sone But Union Men.

The strike of the machinists of the city was inaugurated at noon Monday and at that time all of the machinists employed in aix of the shops in Omaha walked out while one man left work in Sharp's shop, where it was stated no union machinist were employed. The strike is for the enforcement of the

demands of the union made two weeks ago, and is the result of the refusal of the employers to sign an agreement presented at that time. As soon as the agreement was presented to the bosses they formulated a counter agreement, which was submitted to and rejected by the union. Then the points at issue were referred to International Machinists' union, and Friday afternoon the secretary of the local union received authority from the interna tional to declare a strike in case the de mands were not complied with. Saturday an ultimation was submitted to the em ployers and they were given until Monday noon to sign the proposed scale. On their refusal the walk-out was ordered.

Plenty of Funds Forthcoming. There was a special meeting of the union last night, at which the matter was discussed at length. It was stated by officers that the international union would send funds to the city to aid the strikers until the difficulty was settled, and that the local was in the fight to win. In reply to the statement that the fight was being forced upon the employes of the contractors shops by the employes of the Union Pacific railroad, who are not interested in the strike the secretary of the union stated that th Union Pacific employes had no vote in the matter and merely acted in an advisory capacity, all questions affecting the scale being voted upon by employes of the contract shops only.

Others Strike in Sympathy. Thirty-five members of the union are out on the strike and their number is increased by a few handy-men and apprentices, who went out in sympathy. These latter people can draw no funds from the international

union, but the local union will provide for them until they can obtain employment. The demands of the union included the following provisions: A minimum wage of 32 cents per hour, nine hours to constitut day; extra pay for overtime, the regulation of apprentices, based on one apprentice for each five journeymen employed; and the employment of none but union men in good standing in Omaha shops.

Two Points at Issue. At a previous conference of the men and

employers the latter conceded all of the points except the minimum wage and the employment of none but union workmen. On these two points the strike hinges. Members of the union say that the funds of the international are in good shape and that body is willing to spend several thousand dollars to win the fight in Omaha

They claim a total membership of 60,000. Officers of the Employers' association, recently formed for the purpose of acting as unit in the matter, say that the state rade will not warrant the increase; that the wages they are willing to pay are higher than those paid in surrounding towns, and that they are ready to face the position
