PLANS FOR ADDITION ON SECOND AVENUE

Decision for Metal Ceiling in New Auditorium-Legal Advice Wanted Regarding Union Label on Text Books.

At the regular meeting of the Board of Education last night, S. G. Underwood, H. W. Binder and Chris Straub, were appointed appraisers to place the value upon the property of the school district, the sale of which was authorized by the vote of the people at the recent election. Some of the property has yet to be platted, but as soon as this is completed the appraisement will be made and steps taken to dis-

Cox & Schoentgen, the board's architects, submitted plans for the four-room addition to the Second avenue school, but action was postponed on them until a speclas meeting to be held for the purpose Tuesday night.

It was definitely decided to place a metal ciling in the auditorium of the new high building and the contract was awarded to Grahl & Son on their bid of \$275. There were three bids.

Chairman Macrae of the committee on text books and printing, reported that he desired legal advice as to the right of the board to adopt the union label resolution submitted by the local Typographical union and the committee was given further time. The resignation of D. W. Foster as janitor at the Madison avenue school was accepted and Captain D. B. Maltby appointed to fill the vacancy.

The salary of Miss Mamie Ott, a teacher on the substitute list, was placed at \$20. E. A. Wickham asked that his bill of \$700 for grading the Oakland avenue property, originally selected as the site for the new high school be referred to the finance committee. The grading was done about two years ago, but the board has

refused to pay the bill heretofore. The statistical report of Superintendent Clifford for the seventh month of school closing April 5, was as follows: Entire enrollment-Boys, 2,527; girls, 2,534; total, Monthly enrollment-Boys, 2,169; girls, 2,195; total, 4,364. Average daily attendance, 3,708.42; per cent of attendance, 90.54; number cases of tardiness, 264; number neither absent nor tardy, 1,236.

Body Taken to Mount Pleasant. The remains of Smith Saunders, accompanied by members of his family, were taken to his former home in Mount Pleasant, Ia., last evening, where the funeral will be today.

lowa's Oldest Sative Dead-Father Seeks Daughter's Pardon-Farmer Drowned in Mud - Department Stores Consolidate.

DES MOINES. April 16 .- A quarrel be ween churches in Des Moines has developed into an attack by students of Drake university on Rev. C. R. Scoville, an evangelist who has been working in the Chris tian churches of Des Moines four months. Scoville conducted revival meetings at the at University place, and is now at work in East Des Moines. He has taken into the churches during the winter over 900 persons. At the Ministerial association meeting this week ministers of other denominations demanded that the pastors of the churches where Scoville has been at work come before the meeting and explain conduct which they claimed was unbrotherly to the other clergymen. This was followed by publication of a circular this morning. which Scoville and his meetings are severely attacked and the churches which have employed him are denounced. It is in the form of an extra edition of the Drake university students' organ.

The article declares that the students of the university were forced to become church members under pain of social ostracism; that those who were not member were hounded and followed and besought in their homes, and that persons who belonged to churches of other denominations were forced to go into the church where Scoville was at work. Inasmuch as the article is in line with the criticisms passed upon the evangelist and his associates by 6.943 24 leading ministers of other denominations at the Ministerial association meeting, the matter attracts great attention.

> "The last week brought material improvement in weather conditions, but in the larger part of the state the average temperature was below normal, with an excess of cloudiness and light rainfall. Farming operations are now well begun in all districts and considerable progress has been made in sowing small grain on well western districts the reports show that spring wheat seeding is nearly completed. But several days of warm and drying weather are needed to put the soil generally in fit condition for tillage. In the northern section frost is not all out of the ground, and the surface is drying

> slowly. "The grasses are all in excellent condition, and pasturage is likely to be about as early as usual. The wet spring has been especially favorable for new meadows and fall grain. All reports indicate that fruit trees and vines are healthy and the fruit buds uninjured. This season will afford many object lessons as to the value of tile drainage."

Fair Dates in lows.

Losses by Fire and Tornado. The secretary of the State Board of Control has compiled a stement showing the losses to the state of lowa on account of fire and tornadoes at the eleven state institutions under the care of the board, and winds. also at the educational institutions. This report shows that the entire estimated loss to the state in the past sixty years was about \$623,775.49 from fire and \$35,626.94 from tornadoes. A part of the time the total amount of property subject to loss was over \$6,000,000. In a few cases the state was insured, but generally the state has not insured its property.

An effort recently made to induce insurance companies to offer a blanket policy covering all the state buildings has been unsuccessful, and the board has decided it will not enter upon any policy of insuring | years: the public buildings. Fred J. Nible of Jackson township, Madison county, southwest of Des Moines, met death in a peculiar manner last night. He and John Schoff were driving a fourhorse team attached to a wagon loaded with wire and fenceposts, when the lead team became unmanageable and pulled the load over the slight embankment of the road. The wagon was completely overturned and Niblo was left beneath the load. Schoff ran for assistance in extricating the man, but when he returned Niblo was dead. He had not been injured by the load, but was forced into the mud and water and literally drowned.

which he has just completed, shows that the municipality is in an excellent financial condition, better than it has been for a number of years. In a brief review of the last fiscal year City Auditor Evans says; The appropriation ordinance making allotments to the various departments for the year's expenses anticipated receipts to the general and police funds of \$67,690. The actual receipts were \$18.52 more than anticipated, or \$67,915.52. The warrants issued against these funds amounted to \$60,012.74, which is \$1,587.26 less than the amount appropriated and \$1,002.78 less than the income.

During the year \$12,900 7 per cent and During the year \$12,000 7 per cent and \$3,000 6 per cent regular bonds have been retired, the latter amount not being due until 1903, thus saving two and a half years interest on this amount. Of Inter-section 6 per cent bonds \$3,000 have also been paid. The condition of the city's finances is excellent and with the same careful management in the future that has characterized the last five or six years the debt of the city will soon be paid. There is cash on hand to pay all outstanding general fund warrants on presentation.
