

DELEGATION IS DUE TODAY

War Department Prepares to Receive Five Cuban Interrogators.

BRAVO CORREOSO STIRS THE DISCUSSION

Paper Criticizes His Action in Requesting that American Troops Replace Native Police at Registration Points.

WASHINGTON, April 22.—A cablegram was received at the War department today from Havana, saying that the Cuban commission, now on its way here, consists of five delegates and one interpreter. The delegation is expected to reach Washington tomorrow morning. The War department is making arrangements to care for the delegation.

HAVANA, April 22.—The Discussion, commenting on a telegram from Bravo Correo, to the Cuban secretary of state, Senor Tamayo, asking the American troops to replace the native police at the established points of registration in Santiago province, says that Correo has posed as one of the most radical delegates to the Cuban constitutional convention, insisting that Cuba be given absolute independence.

Although the constitutional convention has not declared a recess, practically no business will be transacted during the absence of the commission in Washington. Many of the delegates have already returned to their homes.

DECIDES QUARANTINE CASE

Supreme Court Holds State May Protect Itself from Importation of Infectious Diseases.

WASHINGTON, April 22.—In the United States supreme court today Chief Justice Fuller announced the final adjournment for the term on April 27. The call of the docket will be suspended next Friday and the court will take a recess Monday until July 15. No intimation has been given by the court as to when the decision of the insular cases may be expected or whether they will be decided at all before final adjournment.

An opinion was handed down today in the case of H. L. Bedford against the Eastern Building and Loan association of Syracuse, N. Y. This case grew out of the sale of stock in the building association to Bedford and the making of a loan to him in 1891, he being a resident of Tennessee. Bedford made default in the payment of his note and pleaded the violation of a law of Tennessee requiring the deposit of funds by building associations doing business in the state. The court held, however, that the loan was a contract which the act of the state legislature could not impair.

The attention of the court was given today largely to the question of the right of one state to quarantine against another. The contention arose in connection with the case of V. P. Smith against the St. Louis & Western Railway company, involving quarantine regulations against the importation of cattle in 1897. The cattle shipment upon which this case turned was made by Smith over the St. Louis road from Plainfield, La., to Fort Worth, Tex., the officials of the road being unaware that a quarantine had been established, as had been done by the Texas officials. When the existence of this restriction became known the railroad company refused to deliver the stock to the consignee and reshipped them to Plainfield. There Smith refused to receive them, as he also did the proceeds of their sale. Smith then brought suit for damages, contending that the regulations

WERE AN INTERFERENCE WITH INTERSTATE COMMERCE AND UNJUSTIFIED BY THE FACTS.

The court sustained this regulation, but the state court of appeals reversed the decision, holding in favor of the railroad company. Today's opinion affirmed the latter decision on the ground that the state had a right under its police power to protect itself against infectious disease, even though commerce may be incidentally interfered with by the regulations for such protection.

ARBOR DAY AT WASHINGTON

Memorial Trees Planted in Grounds of Department of Agriculture.

WASHINGTON, April 22.—Arbor day was celebrated here today by the planting of two memorial trees in the Department of Agriculture grounds. The trees are to commemorate the work of the late Secretary of Agriculture J. A. Rusak and the late Assistant Secretary E. M. Willets. Secretary Wilson said: "It is our privilege and our duty to take steps for the reforesting of our country. Educators throughout the centuries have paid no attention to this subject. Only within the last few years have any of our educational institutions established schools for instruction along these lines. It is our intention to propagate every fine tree in America and furnish them through congressional distribution and otherwise, to the localities where they are most at home; and it is also our intention to bring seeds and plants of valuable trees from foreign countries and introduce them into suitable localities in our own."

PROTECTING IDAHO SHEEP

United States Supreme Court Upholds the State's Quarantine Statute Restraining Importation.

WASHINGTON, April 22.—In the United States supreme court today Justice Brewer decided in an opinion in the case of Hamussen against the State of Nevada, in which he affirmed the constitutionality of a law of the state of Idaho authorizing a quarantine against sheep in outside states supposed to be affected by an infectious disease.

PAT ON EXTRADITABLE LIST

Destruction of Railroad Property is an International Crime.

WASHINGTON, April 22.—Secretary Hay and Lord Pauncefote, the British ambassador, today exchanged ratifications of the treaty ratified by the senate last session, amending the British extradition treaty by the addition of three articles, the most important of which is that defining the destruction of railroad property as an extraditable crime.

SNAP UP ENGLAND'S LOAN

Applications for New Issue of Consols Coming in at Rapid Rate.

NEW YORK, April 22.—At the banking house of Baring, Magoun & Co., one of the four agencies in this country authorized to forward applications for allotments of the unplaced \$30,000,000 of the new issue of \$50,000,000 of British consols, it was stated today that applications were coming in fast. The principal New York banking houses, it was said, have applied for 11,000,000 of the consols. No preliminary work involved in the applications, as the allotments are to be made at the issue price of 94 1/2, at the discretion of the Bank of England. Baring, Magoun & Co. have no means of knowing what proportion of the loan will be taken up by American allotments.

NO LIFE WITHOUT HEART

Philip Gunn, Who Was Subjected to Diligent Surgical Operation, Dies.

ST. LOUIS, April 22.—Philip Gunn, who was stabbed in the heart Saturday night and was made the subject of an heroic operation at the city hospital, where Dr. H. L. Niter, the superintendent, sewed up the wound in that organ, died today. Dr. Niter took three stitches in the heart. Salt water replaced the lost blood and heart stimulants kept the man alive until today.

DENVER, April 22.—Thomas Shelton, editor of the Christian, a monthly publication of this city, was arrested today on an indictment returned by the federal grand jury, which charges him with using the mails to defraud. Shelton professes to cure all mental and physical ills by sending "vibrations." He came to Denver from Arkansas about two years ago.

COMES TO KILL EMPEROR

Berlin Police Have Intimation of Purpose of Romagnoli's Visit.

WILL ARREST HIM WHENEVER POSSIBLE

Kaiser Asks to Be Kept Informed of All Developments, but Orders that Emperor Hear Nothing of It.

BERLIN, April 22.—With reference to the statements cabled from the United States of a plot said to have been concocted against Emperor William and other European rulers by anarchists in Argentina and New Jersey, extreme vigilance is observed in official circles in Berlin. After careful investigation, however, a representative of the Associated Press ascertained in a reliable quarter that the Berlin police president issued an order April 17 for the arrest, whenever or wherever caught, of the alleged anarchist Rodolfo Romagnoli, alias Romalisse, alias Langwick Mueller. The order simultaneously requested all inland and foreign authorities to assist in apprehending Romagnoli. Photographs of the alleged anarchist, with a minute description, were furnished for identification.

The information received by the Berlin authorities was that Romagnoli had been formerly chosen by the alleged nest of conspirators in Paterson, N. J., to murder Emperor William. They were informed that he left Buenos Ayres March 27, on board the North German steamer Halle, for Bremen. Whether this information is correct they have no means of knowing, but since a portion of it came officially, they are inclined to give it credence.

Emperor William has been advised of the situation and has issued strict orders to the president of the Berlin police, Baron von Windheim, to keep him informed as to all similar news, but that under no condition is the matter to be brought to the attention of the emperor. It is a fact that for some months the Berlin police have kept a very close watch upon known anarchists in the city and an unusually careful surveillance of arrivals known or suspected to be of anarchist affiliations. Antonio Porporello, who was here until a few days ago, fled to Benheim, where he was arrested.

CORN AGAIN PROMINENT

May Delivery Opens Higher and is Bid Up by Frightened Shorts.

CHICAGO, April 22.—After a rest of a fortnight the speculative corn situation, believed to be controlled by George H. Phillips, came into prominence again today. The market for May was excitedly bullish. Corn for May delivery opened 1/2c higher, at 44 1/2c, was bid up to 45 1/2c by frightened shorts. Phillips was a buyer on the advance. He announced that he would take over 3,000,000 bushels of corn in store here on delivery day, and the fact that he is shipping corn east on a liberal scale was the only thing that kept the Bears back from contracting to deliver him a line of May corn estimated at between 5,000,000 and 7,000,000 bushels, but at present the corn is not in sight. Whether short's will have to settle with him at his own price for the speculative quantity, or will be able to deliver the actual quantity to him during May, is a matter perplexing traders. Receipts today were only eighty-five cars, and of these but eight were of a quality which could be delivered on contracts. Offerings from country cribs were said to be practically nonexistent.

IMPROVING HOSPITAL CORPS

Reports Show that Increased Hours Tend to Raise Standard of Efficiency.

Reports received by Colonel Kimball, surgeon general of the Department of the Missouri, show that the increased number of hours is bringing the work of the hospital corps in the posts of the department up to a high standard. The medical officers of the posts have entered into the work with zest and are now drilling the soldiers five hours a week, instead of two hours as formerly. In addition to the ordinary corps work and first-aid to the sick and wounded the department has added drills in the operation of a field hospital and lectures and practice in the work of dietetics. The object of the lectures is to teach the members of the corps the proper method of preparing food for the sick and injured, so that the work of the medical officers may be reinforced.

TO PURCHASE A COLLEGE

Douglas County Barbers Devise a Plan for Leasing Their Tools.

Douglas county barbers believe they have found a panacea for ills which threaten the craft by the purchase of a controlling interest in the American Barber college. This action was decided upon at a meeting of the master and journeymen barbers held last night at the Labor temple. A committee consisting of Louis V. Gandy, James Payne, Frank Fitzsimmons and Ira Patchon was appointed to draft new rules and regulations. An adjourned meeting will be held Monday night at the college.

DEATH RECORD.

Colonel Charles Keller. FORT CROOK, Neb., April 22.—(Special.)—A telegram received here by Captain John H. Shollenberger, quartermaster of the Tenth infantry, from San Antonio, Tex., announces the death of his uncle, Colonel Charles Keller of the Twenty-third infantry, this morning.

Colonel Keller was stationed at old Fort Omaha from 1886 until 1896. He was a native of Pennsylvania, from which state he was appointed cadet to the military academy at West Point in 1861, from which he graduated in 1864 and was commissioned first and second lieutenant of the Sixteenth infantry. In 1869 he was transferred to the Second infantry, being promoted to captain in 1875, and served with that regiment until 1897, when he was promoted to major in command of a battalion in the Eighth, which went to the Philippines year 1898, where he served until a few months ago, when illness necessitated his return to the United States. He was promoted to lieutenant colonel in 1899 and made a colonel a few weeks ago, but was not able to join his regiment. He leaves a wife and several children, who are supposed to have been with him when he died.

Baptiste, colored, pastor of the Second Baptist church at Biga, Ill., and for many years in charge of the Olivet Baptist church, this city, died at his home last night from the effects of pneumonia, aged 67 years. He was statistician secretary of the Colored Baptist Foreign Missionary society and had done much work for the government in taking the census of colored Baptists.

Wife of Northwestern Conductor. PIERRE, S. D., April 22.—(Special Telegram.)—Mrs. Cooley, wife of a Northwestern conductor and sister of Deputy Schellenberger of the state educational department, died at her home in this city this afternoon from grip. Mr. Cooley was coming in from the east on a special, but reached here half an hour after the death of his wife.

Mrs. Albricht of Dawson. HUMBOLDT, Neb., April 22.—(Special.)—The local Odd Fellows lodge sent a large delegation to this afternoon to attend the funeral of Mrs. W. A. Albricht, who died Sunday morning of paralysis and old age. Her husband, died less than a year ago. They leave a large family of grown children.

STRICTURE

"I cure stricture without cutting or dilating, thus avoiding the horrors of surgery."

My original and strictly modern treatment for Stricture cures the disease without cutting or dilating, thus avoiding the horrors of surgery. It is the only treatment that should ever be used, and the only one recommended by the legions of men who have already been cured by it. It acts immediately and directly upon the Stricture, dissolving it completely and dislodging all diseased tissue, which comes away in strips or scales like Buns, allowing all irritation and inflammation and leaving the canal entirely free from obstruction and in a sound, healthy condition.

CONSULTATION FREE AND CONFIDENTIAL. Office Hours—From 9 A. M. to 5 P. M. Sundays, 10 A. M. to 12 M.
