REVISION OF THE CREED

Presbyterian Committeemen Agree on Report to General Assembly.
RECOMMENDS NO NEW CONFESSION

Favors Only Preparation of Brief Summary of Reformed Faith Modified After that Prepared for Assembly of 1892.

PITTSBURG, Pa., April 26.—Harmonious action was taken by the committee on revision of the creed of the Presbyterian church at its sessions today at the Monongahela house and a unanimous report formulated late in the afternoon for submission to the general assembly, which will meet at Philadelphia May 16. Rev. Dr. Henry Van Dyke of Princeton university, when handing the report to the Associated Press representative, said:

HEART-SICK.

There are a great many people who have heart sickness, who have no chronic degeneration of the heart. When the stomach is diseased it may affect many other organs, and produce all the evidences of diseased heart, diseased liver or kidneys, or disease in some other organ. The inexperienced practitioner treats the wrong disease, and hence the constant statement of Dr. Pierce's correspondents: "Doctors could not help me."

John M. Harlan, associate justice of the United States supreme court; John E. Parsons and Daniel R. Noyes of St. Paul to sign.

This report was unanimously adopted with the exception of recommendation B, against which Rev. Dr. William McKibbin and Judge E. W. C. Humphrey voted. The report is a compromise to satisfy the two great classes of opinion among the presbyteries. A large number wish the reinstatement of the creed and the other wish a revision of the whole. The question of foreordination and predestination is treated of in chapter 3 and the committee recommends that these subjects be amended by a committee to be appointed by the general assembly.

The Report.

The report is as follows: "Your committee find on examination of the returns from the presbyteries the following facts: "First—That the returns indicate that the church desires some change in its creedal statement. "Second—That the returns indicate that no change is desired which would in any way impair the integrity of the system of doctrine contained in the confession of faith. "Third—These returns indicate that it is the mind of the church that the confession should be interpreted throughout in harmony with the teaching of scripture that God is not willing that any one should perish, nor is it the desire of God, in addition to the wickedness of their own hearts, which shuts some men out from the salvation freely and lovingly offered in Christ Jesus to all sinners. "Fourth—These returns indicate that a plurality of the presbyteries desired that changes should be made by some statement of present doctrines. "Fifth—The returns also indicate a desire on the part of many presbyteries for some revision of the present confession, especially in chapter III, chapter X, section 3, chapter XVI, section 7, chapter XVII, section 3, chapter XXV, section 5, with an additional statement concerning the love of God for all men, missions and the Holy Spirit. "(A)—In view of these facts we recommend that a committee, as provided by the form of government, chapter XXIII, section 3, be appointed by this assembly. "(B)—We recommend that this committee be instructed to prepare a brief summary of the reformed faith, bearing the same relation to the confession which the shorter catechism bears to the larger catechism and formed on the general model of the consensus creed prepared for the assembly of 1892, or the articles of faith of the Presbyterian church of England, both of which documents are appended to the committee's report and submitted to the assembly, to be referred to the committee that may be appointed. "This summary is not to be a substitute for the confession and is not to affect the terms of subscription, but to indicate and clear the doctrines of the church from all false aspersions and misconceptions, to give a better understanding of what is most surely believed among us, and is in no sense to impair, but rather to manifest and maintain the integrity of the reformed faith. "(C)—We further recommend that this committee be instructed to prepare amendments of chapter III, chapter X, section 3, and chapter XVI, section 7, chapter XXV, section 5, of the confession, and to submit our confession of faith, either by modification of the text or by declaratory statement, so as more clearly to express the mind of the church, with additional statements concerning the love of God for all men, missions and the Holy Spirit, it being understood that the revision special in no way impair the integrity of the system

of doctrines set forth in our confession and taught in the holy scriptures.

3809 Tucked Shirt Waist, 32 to 40 in. bust.
Woman's Tucked Shirt Waist, No. 3809, to Be Made with or Without the Fitted Lining.—The tucked shirt waist has an extended vogue and is a well-deserved favorite for all the thinner washable materials as well as for altretross, wool crepe, similar wool fabrics and soft, simple silks. The model shown is exceptionally becoming and eminently smart. The original is made of white linen lawn and is unlined, but all cotton and linen waistling materials are appropriate made in a similar manner, while wool and silk are eminently satisfactory over the fitted lining. As illustrated the waist is worn with a collar of the material, stock tie and belt of liberty satin. The fronts are laid in narrow tucks from the center box plait to the armholes; the first three being continued to the waistline, while the remainder are left free at pointed yoke depth to form soft folds below. The sleeves are in bishop style tucked from the shoulders to within a few inches of the wrist, where they are left free to form becoming puffs. The wrists are finished with straight pointed cuffs that lap over at the seam. At the neck a deep, straight collar finished with turnover, or protection portions.
To cut this waist for a woman of medium size, 4 yards of material 21 inches wide, 3 1/4 yards 27 inches wide, 3 1/4 yards 32 inches wide, or 2 1/4 yards 44 inches wide will be required.
The pattern 3809 is cut in sizes for a 32, 34, 36, 38 and 40-inch bust measure.
For the accommodation of The Bee's readers these patterns, which usually retail at from 25 to 50 cents, will be furnished at a nominal price, 10 cents, which covers all expense. In order to get any pattern enclosed 10 cents, give number and name of pattern wanted and bust measure. Allow about ten days from date of your letter before beginning to look for the pattern. ANSWER ALL CUBANS ASK

United States Officials Think Ground Has Been Gone Over Thoroughly.

EXPECT GOOD EFFECT ON CONVENTION

Believe that Fair Understanding Has Been Reached and that Delegates Will Take Home Conclusive Report.

WASHINGTON, April 26.—There was another conference of the Cuban delegates and the United States officials at the War department this afternoon, lasting more than three hours. At this sitting only the political relations of the United States were discussed, but there was also much time devoted to the economic questions, such as the possibility of a reduction of the tariff on sugar and general reciprocity arrangements between the country and the island. Tomorrow the Cubans will be again escorted to the White House and will say goodbye to the president. There will be no further conference with Secretary Root until Monday. This was determined upon by the delegation after its return from the War department this evening. No statement, official or otherwise, could be obtained from the delegation as to the progress that was made during the conference today, nor would the delegates go so far as to say they were satisfied. While it is believed by the United States officials who were present at the conference today that everything that possibly could be explained by the government had been gone into, yet if the Cubans desire to make further inquiries they will be given the opportunity. It is believed by the United States officials that a very fair understanding has been reached and that the complete report of the interviews with the secretary which the delegation will take back to the convention will have a satisfactory effect upon the members of that body.

DELEGATES CANNOT PROPOSE

Visiting Cubans Have Authority Only to Exchange Views and Report at Home.

WASHINGTON, April 26.—General Pedro E. Betancourt, one of the most influential members of the Cuban delegation, was seen by an Associated Press reporter today and in response to inquiries, made some interesting general statements as to the purposes of the visit and the impressions which the delegates have obtained. "It should be understood," said General Betancourt, "that we are here for the purpose of studying the entire question of the relations between the United States and Cuba, more particularly as presented by the Platt amendment. But it is a mistake to think that we have presented any proposition or that there is anything thus far beyond an effort to learn the views entertained by the authorities here on the main points involved and at the same time to convey to them the views held by the convention, which we are here to represent. We are not clothed with any plenipotentiary powers and cannot present plans which occur to us. For that reason it is a mistake to think that in the discussions which have occurred there is anything like 'You give us this, and we will give you that.' There is absolutely nothing of that kind."

DEMOCRATS' OPENING RALLY

Mass Meeting at Matanzas Is to Indorse Platt Amendment and Governor Wood.

HAVANA, April 26.—The democrats will hold a mass meeting in Matanzas next Sunday, the event being the opening rally of the campaign. The platform to be submitted for adoption will favor the acceptance of the Platt amendment and will endorse the course of Governor General Wood.
Gustav Rock has filed a complaint with the military government against lawless characters in the tobacco section of the province of Pinar del Rio. He says that last Sunday night the Finca Induira, belonging to his company, was attacked by a gang of men, who attempted to murder the keeper, the grounds of the attack being that the company had refused to lend more money to small tobacco cultivators. He asserts that the attack was made with a view to compelling a foreign concern to make ruinous loans by terrorizing the employes and he asks protection for life and property in accordance with the guarantees established by the treaty of Paris in the interest of foreigners in Cuba.
Major Scott has ordered Captain Slocum to make an investigation of the matter.
Hail Hits Arkansas.
LITTLE ROCK, April 26.—A special from Seligman, Mo., says a terrible rain and hailstorm visited north Arkansas last night. Six trembles and four miles of track on the St. Louis & North Arkansas railroad are out. Wire and rail connection with Eureka Springs and points east are severed. Great destruction is reported.
