

CLUB HOLDS BUSY SESSION

Omaha's Commercial Body Discusses Several New Propositions.

IRRIGATION SCHEME RECEIVES ATTENTION

Kansas City Factory Firm Announces Intention to Locate Here—Jobbing Houses in Prospect—Club Excursion.

Irrigation was discussed at the meeting of the executive committee of the Commercial club yesterday and a meeting of the full club membership will be called within a month for the organization of a central body to take the matter up.

The question came up on receipt of a communication from George S. Maxwell, secretary of the National Irrigation association, in which he stated that he is at present organizing a committee of 2,500 persons at Los Angeles, after having organized one of smaller size at Tucson, Ariz.

The secretary wrote that interest in the movement in the west is increasing and that the object in organizing the committee is to impress upon the eastern people the necessity for governmental intervention.

This will be done by organizing the retail dealers and jobbers who will then make a united representation to their eastern correspondents, thus, it is hoped, securing action from all parts of the country on the part of merchants.

The matter was referred to the banquet committee, which is authorized to call a meeting at a time satisfactory to the national secretary, at which he will present the proposition personally to 300 persons.

New Factory for Omaha. The secretary reported that George J. Mannassa of the Flexible Wood Fiber Plaster company had announced the intention of the company to locate in Omaha as soon as arrangements can be made.

Cigar Man Wants to Come. A cigar factory, until recently located at Hastings, has been removed to Omaha and the manager has presented a request to the club, announcing that if he received the proper support for his enterprise at least 1,000 cigarmakers would be shortly employed in Omaha, as this is a city which might easily be made the center of the cigar-making industry of the west.

New Jobbers in Sight. Committees were appointed to take up the matter of the location of two wholesale houses in the city. One of the prospective houses is a wholesale queansware house and the other a wholesale dealer in toys.

The matter is in a position where publicity might injure the chances of Omaha to receive them, so this part of the club's business was considered in executive session.

Excursion Through State. The secretary reported that with provisions for sixty persons on the wheelbarrow and jobbers' excursion into southern Nebraska Wednesday, May 15, there were on hand fifty-six applications and that the quarters would be all taken long before the time of starting if the present rate of accessions to the party is maintained.

The trip is to cost each excursionist \$4. I. R. Andrews was admitted as a member of the club.

WRITES STRANGE LETTERS. Postmaster Crow is in receipt of several mysterious communications.

Someone has been writing a series of anonymous letters to Postmaster Crow, invariably addressing him as "High Chief of the Omaha Government Service, Dak., Omaha," in which the writer makes charges against certain persons for taking improper liberties with the mails. He says a woman (mentioning her name) living at Twenty-ninth and Burnett streets, "with her brother's brother in a flat, has been selling the mails at a dime apiece."

Mr. Crow thinks the writer is crazy. Judge Munger of the federal court has also received one of these letters. All are unintelligible and probably without value, but are being kept as curiosities. Judging from the peculiar orthography the writer is of foreign extraction.

Doing Good. The following extract from a letter written by Mr. George H. Leader, publisher of the Breeze, Akron, N. Y., will give you some idea of the good that is being done by Chamberlain's Cough Remedy in curing colds and grip: "My wife and self have used Chamberlain's Cough Remedy for la grippe and wish to attest to its beneficial effects and thank the manufacturers for the good they are doing suffering humanity."

Whenever I hear of a case of la grippe I recommend this remedy." For sale by all druggists.

NO FRESH BERRIES IN TOWN

Weather Unfavorable to Large Shipments—New Potatoes from California on the Market.

Business in the strawberry market was practically suspended yesterday, the weather being unfavorable to large orders. The stock was so poor the day before that the commission men ordered nothing for Tuesday. Such berries as were sold were those which had been carried over from the preceding day, and there are no fresh berries in town except a few which were received on orders for a limited number of high-class grocery stores.

The condition of the market at Van Buren is such that Omaha dealers are refusing to purchase. Two cars were sold Monday, going to Minneapolis and Denver at 33 per crate, a reduction of 50 cents a crate from the preceding day. It is said that the price will decline at the rate of 25 cents a crate each day until it reaches \$2, at which figure the berries will be placed on the Omaha market. The associations of northern Arkansas are strong at this time and it is possible that prices may be maintained in spite of the bearish notions of the buyers.

The first new potatoes were received in Omaha yesterday morning. They came from California and the opening sale was at 5 cents a pound.

The first new Italian pineapples to reach Omaha this year were sold yesterday morning. Few pine from this island have reached the Omaha market and considerable comment was heard as to their large size. They sold at \$4 a crate of eight pine each and about \$1.50 per bushel.

Home grown, open-air radishes were offered for sale for the first time this season. They went at 20 cents per dozen bunches and were in only fair demand.

Spring chickens are arriving in increased quantities and the price has declined 10 cents, the prevailing price being 20 cents a pound. The average bird weighs 1 1/2 pounds.

EPISCOPAL COUNCIL SESSION

Thirty-Fourth Annual Meeting to Be Held in Omaha Next Week.

The thirty-fourth annual council of the Episcopal diocese of Nebraska will convene at Trinity cathedral, Omaha, Wednesday, May 15, for a session which will continue for two days. The council is composed of lay and clerical delegates from the parishes and missions of the diocese, the present representation being three lay delegates from each parish and one from each mission. Each clergyman, by virtue of his office, is a delegate. This basis will give a full representation of 127 members, thirty-four clerical and ninety-three lay. It is not believed that there will be a full representation, as some of the parishes are without pastors and some of the missions may send no delegate.

The council is the legislative body of the diocese and will enact rules for the government of that jurisdiction in conformity with the general laws of the church. In addition they will select four lay and four clerical delegates to represent the diocese at the meeting of the general convention of the church in America, which will be held in San Francisco in October. Bishop Williams, in the absence of Bishop Worthington, will preside over the council.

Tuesday preceding the meeting of the council the women's auxiliary of the diocese will hold a session for one day.

ARGUMENT IN WOLTER CASE

Defendant's Attorneys Make an Effort to Have Indictment Quashed.

The case of Ernest J. Wolter, indicted by the grand jury on a charge of using the mails with intent to defraud, will be argued before Judge Munger of the United States district court today on a motion by the defendant's attorney to quash the indictment. The defense will be conducted upon the theory that Wolter's offense did not consist in using the mails with intent to defraud, but that if he is guilty at all he is guilty of some other form of crime.

The indictment was based upon evidence that Wolter had written two threatening letters to Senator Kearns of Utah, demanding money, said the district attorney, and as the federal statutes do not recognize any such crime as blackmail, the grand jury was compelled to find a bill for improper use of the mails, if it found one at all.

The case against Charles E. Cotton of Syracuse, charged with defrauding to the extent of \$15,000 while cashier of the First National bank of that town, has been set for trial May 27.

TARS FROM THE INTERIOR

Young Men in Plenty Who Are Willing to Serve in Uncle Sam's Navy.

Lieutenant D. W. Blamer opened a naval recruiting station yesterday in the McCague block and has already sworn in six men and boys for service in the navy. Recruits for all work in the navy are taken. Dr. R. Percy Crandall is the examining physician who accompanies the lieutenant. Recruits will be received in Omaha until May 11.

The following men have been sworn into the service since the station was established in Omaha: James Shackelford Craig, aged 18, Independence, Mo.; Felix McDonald Kelley, aged 15, Blair; Earl Edward Hoffman, Vail, Ia.; Joseph Michael Finn, aged 21, Council Bluffs; Paul Sack, aged 18, Independence, Mo.; Ellsworth G. Beers, aged 22, Kansas City.

The men recruited in Omaha will be sent to the United States training ship Pensacola, which is now located at San Francisco. "I had a running sore on my breast for over a year," says Henry R. Richards of Wilkesville, N. Y., "and tried a great many remedies, but got no relief until I used Bunker Salve. After using one-half box I was perfectly cured. I cannot recommend it too highly."

SAVINGS BANK AFFAIRS

Some Figures Showing Present Status of the Defunct Institution.

At the time of the failure of the German Savings bank in 1896 it owed the city of Omaha \$114,600. Money belonging to the police relief fund was on deposit in the sum of \$2,282.38, and \$72.82 belonging to the school insurance fund was in the bank. The total amount of this indebtedness was \$4,179.80. Since the bank closed its doors the receiver has declared several dividends and paid \$1,393.15 into these several funds, reducing the indebtedness to \$2,786.65.

The principal still owned by the bank, as follows: City, \$76,435; police relief fund, \$2,194.88; school insurance fund, \$415.22. Aside from these amounts interest is due on the indebtedness to the police relief fund and the school insurance fund.

An offer was made by the receiver to pay one-third of the amount due the city. The council voted to refer that proposition at its last meeting. Since that time Judge Dickinson ordered the stockholders in the defunct bank to pay up their stock subscriptions. The amount of stock which was never paid up was \$109,000. One-half of this sum is due from solvent stockholders.

In case this stock is paid in the depositors of the bank will receive far more than one-third of the amount due them. At its meeting Monday night the Board of Education refused to settle its claim on a basis of 33 1/3 per cent.

Mr. F. D. Arnold, Arnold, Ia., writes: "He was troubled with kidney disease about three years. Had to get up several times during the night, but three bottles of Foley's Kidney Cure effected a complete cure. He feels better than he ever did and recommends it to his friends."

MUST PAY THE PENALTY

Minnie Gibson Pleads Guilty to Theft and is Sentenced to Jail.

After spending two days in the city jail Minnie Gibson, the pretty young woman who was brought over from Council Bluffs Sunday by Omaha detectives, yesterday pleaded guilty before Police Judge Crawford to the charge of stealing a gold watch, a chain and several articles of wearing apparel from Annie Meyers at an Omaha hotel. When caught she protested innocence, but after being identified by the complaining witness she acknowledged her guilt and pleaded for the mercy of the court.

The authorities are somewhat elated over the capture of the woman, for they believe that she has been implicated in several other affairs of a questionable nature. In Council Bluffs she was found with a man named Frank Wilson, who was tried on the Iowa side for vagrancy and sent to jail. Judge Crawford fined the woman \$25 and costs of the prosecution. Because of her inability to pay the fine she was committed to the city jail.

THE GREATEST Piano Sale In the History of the West

Circumstances have conspired to make the present the most favorable time in the history of Omaha for the purchase of a Piano or an Organ. This annual opportunity has been made possible by the determination of Schmolzer & Mueller to close their Omaha store. The best agents in the West have been shipped to Omaha, and not having the floor space necessary to carry such a large number, are compelled to sell them regardless of cost, so as to move them quickly.

This great sale has been going on for the past three weeks and it shall be continued until all pianos held by our country agents have been sold. Any one contemplating the purchase of a piano should not neglect this golden opportunity. DO NOT DELAY, or you will not be able to get the best bargain.

We guarantee the price and the quality of every instrument, thus relieving purchasers of all responsibility. READ THE LIST.

It's Very Easy

It's the easiest thing in the world for a wise man who has never made a success to call a successful man a fool.

A customer came in "The Nebraska," yesterday morning and spent two hours selecting a suit of clothes for himself. After looking at the quality, construction, finish, style and price, he says: "Just lay this suit to one side and I'll look around, and if I don't find something better, you'll see me here again." He returned and after a second examination, says: "I'll take that suit!" After the suit was paid for the salesman says: "Did you find anything that would compare with this suit?" "Yes," says the customer, "as far as quality goes, I found about the same thing, but they wanted two dollars and fifty cents more for the suit. I says I can buy that same suit for \$8.50 that you ask me ten dollars for." "Perhaps you can, but the firm who sells a suit of clothes like that for \$8.50 are a set of fools. They could get \$10 for it just as easy as \$8.50, and make a dollar. We're not doing business for love." Selling good clothing cheap is easy, if you know how. We'd like to show you this same suit that most stores sell for \$10. It's all wool, elegantly tailored, perfect fitting, \$8.50 ask the salesman to show you our suits at \$8.50
