It was alleged by the attorneys that the city at one time had the power to levy a sufficient tax and refused or neglected to do so. The argument is also advanced that the statutes are designed to apply to cases where the city authorities construct a municipal plant and not where private ownership is involved. The argument was closed by an appeal to the court to grant a peremptory writ to compel the city of Waboo to levy the necessary tax for the purpose of wiping out the debt.

ONLY WOMEN KNOW Wilkins, Ark., Feb. 6, 1900.

It is with pleasure that I drop you a few lines in thanks to you for your wor Wine of Cardui, which I have been taking. I have been married 22 years. I have never had any children, but I have suffered as much as any woman of my age. I have tried some of the best physicians in our county, and while they would give me some relief, my suffering would soon return. I have tried every kind of patent medicine, but I will say that I have never found anything to equal Wine of Cardui. MRS. MATTIE ERVIN.

Only the woman who has suffered knows the torture of female troubles and the awful sense of dejection which goes with them. There are women in this city enduring the agony of female troubles, day after day, because they believe the only way to secure relief is through a doctor's private examination and subsequent operation. Mrs. Ervin's experience proves that doctors often fail completely in treating female troubles. She tried the best ones in her county and they did her no permanent good. Doctors have so many cases they do not have time to make specialties of all kinds of diseases.

WINE OF CARDU

is a specialist. A million women will tell that it will, in nine cases out of ten, bring complete relief. You need not abandon yourself to a life of suffering. Suffering comes from weak organs which cannot properly perform their functions. The over-taxing and strain makes pain. Wine of Cardui makes the female organs strong and healthy. Then the shooting pains in the hips and abdomen disappear: headache. backache, and other symptoms are banished and the patient feels like a different woman. Relief comes quietly at home without any one knowing it when you take Wine of Cardui. All druggists sell \$1.00 bottles.
