HIGH SCHOOL FIELD MEET

Winners May or May Not Figure in State Sports.

BETTER RECORDS TO BE WORKED UP

Sixteen Schools Are to Compete at Grinnell, but Council Bluffs Timber Needs a Little More Seasoning.

The annual field meeting of the High school was at the driving park yesterday afternoon, conducted by the Athletic association. A large crowd cheered the boys. It is not settled that the winners of yesterday will represent the school at the state meeting in Grinnell May 17, when sixteen schools are expected to compete. Much practice can be had between now and the day of the state meeting and unless better records can be made than were marked up yesterday it is probable that Council Bluffs will not be represented in some of the events. Another thing that will enter into the selection of the team for the state meeting will be the school records of the competitors, for every man must be a full-fledged student.

In addition to the field meeting was the drill of the High school cadets for two medals-a gold one, given by F. C. Ensign, principal of the High school, and a silver one given by the Athletic association. Three sets of fours took part in the competitive drill. The gold medal was won by George VanBrunt and the silver one by Kenneth Barnes.

Following the drill came the field meeting. The officers for this were: Referee, H. K. Smith; timers, Egbert Aylesworth and Claude Matthai; starter, Frank Gay; judges of the finish, I. M. Treynor and Sumner Knox. Summary:

100-yard dash: Won by A. Jennings, W. Dingman second, S. Dillon third. Time: 6:11.

Inion Men The strike which has involved the plumbers of this city for six weeks was settled at a conference yesterday morning between the boss plumbers and the union men. The settlement is said to have been a compro

mise of the demands of both sides.

One of the principal demands of the union men was in relation to the apprentices, there being no limitation to the number which might be employed. The agree ment was that only one apprentice can be employed by each boss and that one is to be sent out with the men. The boss may employ as many shop boys as he choises. The question of a half-holiday remains to be settled. The union men asked for Saturday afternoons, but the box es objected to this, offering to give any other afternoon in the week. This is to be considered by the union, but an adjustment of the question is promised at once. Some other concessions in the way of working rules were also made.

The plumbers' union was represented at the conference by a committee consisting of Harry McCoy, William Jeffries and Robert Q. Malcomb. It is said the men will return to work this morning.

GAS OVERCOMES A WORKMAN. Partick H. Meagher Narrowly Es-

capes Asphyxiation. "Death by asphyxiation" was almost marked down opposite the name of Patrick H. Meagher, 1108 South Eighth street, esterday morning. In a short time he inhaled enough gas from the open end of a sipe to render him unconscious.

In setting a telegraph pole at Main street and Broadway it became necessary o remove a disused gas lamp. Meagher was sent by the gas company to disconnect he lamp from the main. He climbed down into the hole and stooped over to plug the pipe which had been cut, but the flow of gas proved too strong for him.

Meagher was quickly hauled from the hole and restoratives were applied in the

BANKERS ARE ON HIS TRAIL

Fred C. Kaufman of Des Moines Accused of Cashing Many Bogus Drafts.

DES MOINES, May 10,-(Special Telegram.)-Fred C. Kaufman, who came to Des Moines from Omaha tle first of the year to manage the affairs of the American Paper Stock company, is being trailed by the detectives of the State Bankers' association on account of alleged frauds in ten cities. Kaufman failed to make a success of the paper business and early last month the business was taken charge

of by another. Kaufman made a deal with a young man named Christie to represent him here, then drew his account out of the Central State bank and left. He went to Dubuque and induced a firm of junk dealers to honor his sight draft for \$50. They first telegraphed the company here and the telegram was sent to Christic. He gave a favorable response. This game was repeated at the West hotel in Minneapolis and at Cedar Rapids, Sioux City, Peoria Denver, Colorado Springs, St. Louis and Kansas City. In some places he secured \$125. When the Bankers' association found out what Kaufman was doing they stopped payment of a draft at Salt Lake City, and

this was the last heard of him. All the

drafts were paid between April 15 and 22. Christie is here and is under surveillance but there is a question whether his collusion with Kaufman can be shown. Kaufman registered at the hotels in the various cities where he stopped with a woman represented to be his wife. He secured in all about \$800 in this way. His company was incorporated in Nebraska. Kaufman was arrested here once, accused of fraud, but escaped.

CEDAR RAPIDS IS VICTOR Wins Easily the Next Convention of

Iowa State Federation of SIOUX CITY, Ia., May 10 .- (Special Tel-

egram.)-Cedar Rapids was an easy victor today in the race for next year's convention of the Iowa State Federation of Labor. It received more than twice as many votes as Council Bluffs, while the other two candidates, Keokuk and Burlington, received only nominal support. Officers were elected as follows: President, Arthur E. Holder, bridge; Sharples Company against Day & Des Moines; vice president, L. M. Jaeger, Burlington; secretary-treasurer, J. H. Stref, Sioux City; legislative committee, A. E. Holder, J. P. Stewart and H. U. Keasey, all of Des Moines; delegate to American Federation of Labor, Carl S. talks freely of his act and believes that

SUIT BROUGHT AGAINST MEDICAL BOARD

Winterset Express Agent is Indicted for Delivering Liquor C. O. D .-Prisoner Stays in Jail Forgotten-Col. Thompson Home.

DES MOINES, May 10 .- (Special.)-Within a few days two expert accountants will complete the examination of the books and accounts of all departments of the state of lowa, on which work they have been engaged for nearly seven months. This will be the first complete examination of the accounts of every one of the state offices ever given and the report of the committee, which is authorized by the state executive council, will be made to that body and ultimately will be submitted to the committee on retrenchment and reform of the state legislature. The committee will make an exhaustive report and make recommendations in regard to the manner of keeping the books of the various departments and will ask that the legislature simplify the keeping of accounts and attendance must be on the grounds by noon make the system uniform throughout the state.

The committee will finish with examination of the books of the executive council and the State Board of Control. There was some question as to the power of the committee to investigate the Board of Controaccounts, but the attorney general ruled they should also be examined. Great progress has been made in several depart ments of the state in the matter of simplifying records, but there is much more to be done, and the next legislature will b asked to make important reforms.

Suit Against Medical Examiners. The suit brought by a student of a Missouri college of medicine against the State Board of Medical Examiners to compel that body to grant him an examination for a certificate to practice medicine has been set for May 22 and the state board will meet two days before that time and may effect a settlement. The applicant at first considered bringing the suit against the secretary of the board, but as the secretary had no power in the matter it was brought against the whole board.

The case involves the power of the board to determine what colleges are regular and of sufficient standing to entitle their students to practice in lowa. There have been 110 applicants for physicians' certificates examined by the board in the last month, these being the graduates of the medical colleges of the state. The number is considered very small. Quite a number of those examined will not pass and will have to return to school for another period. Enforcing Prohibitory Laws.

The grand jury of Madison county has indicted the agent of the United States Express company at Winterset for having sold intoxicating liquors contrary to law. The case is one in which the agent received liquors consigned C. O. D. to Madison county customers and delivered the same Evangelists of note have been secured to to the customers. A case similar in pature is to come before the state supreme court at the term next week, being an appeal L. Haney of Normal, Ill. Mr. and Mrs. from Tama county, when it is expected Harris of Chicago will have charge of the the supreme court will decide whether a C. O. D. sale of liquors is made at the time the money is paid or at the time the order is received.

Indictments aginst express agents have een found in a number of counties and the question is an important one to the express companies. Another indictment found in Madison county is against the employes of the Great Western railroad for selling liquors contrary to law. It was claimed that sales were made from the dining car at Peru to persons about town.

Forgets He Is in Jail. A prisoner in jail for some trivial offense, when brought before the grand jury for challenge, made complaint to the court that he had been confined in the jat. for sixty-five days without baving his case investigated and that he was already in jail longer than the term for which he could have been sentenced if he had been tried and convicted of the crime with which he was charged.
