ford, chief of the naval bureau of equipment, today gave out the following extract from the report of the board which has investigated the question of transmitting messages by wireless telegraphy:

From the examination of the subject, as outlined in the orders of the department. the board makes the following recommendations 1. That the use of homing pigeons be

discontinued as soon as wireless telegraphy is introduced into the navy. '2. That, pending such action, no new pigeon cotes be established.

'3. That wireless telegraphy be adopted by the navy for transmission of messages

between distant points. "Referring to the last recommendation the board is of the opinion that a high degree of special electrical training is of officers and men. In its opinion this for their reinterment. Sovereign Commander, Woodmen of the requirement would be best met by the establishment of such stations at the navy CATHOLIC KNIGHTS ASSEMBLE yard, Washington, and the naval academy what now seem to be its possibilities the cadets should be thoroughly trained in it. "As the investigation made by this board is not technical, there being no apparatus of any kind ready for test, but general in outlined above would not change the recommendations already made.

National Park Laid Out in

OKLAHOMA CITY, O. T., May 14 .- A strong movement is on foot to have the General Missionary society of the United general land office set aside part of the wichita mountains for a national park, to be ten miles square and contain \$4,000 acres. The Wichita mountains are too rugged to be of value for agricultural purposes, but nevertheless possess scenic beauties, such as great canyons, sparkling streams, towering peaks and delightful wooded parks, necessary for a great park. The acting commissioner of the general land office, in a letter to Clifton George, secretary of the Oklahoma City Commersecretary of the Oklahoma City Commercial club, which is pushing the project, said that the first thing that should be done would be to have citizens of Oklahoma petition the commissioner at the earliest possible moment, so that the matter may be brought before the next congress. This is
