Insists on Motor Company Paying Long-Standing Debt. When the old Lake Manawa railway was bought by the Omaha, Council Bluffs & Suburban company it owed the city \$200 for special assessments for brick paving at First, Second and Fifth avenues. The motor company has made no effort or shown any inclination to cancel this indebtedness and the city is considering the advisability of bringing suit to enforce

First avenue was paved in February. 1892, and the amount assessed up to the Manawa line for the intersection at Ninth street was \$59.75. In August of the same year \$69.45 was assessed against the company for the paving at the intersection of First avenue and Ninth street, and in uly, 1895, \$66.40 was assessed against it for the intersection paving at Second avenue. These amounts carried interest at the rate of 6 per cent from the date of assessment, so the amount now due the city by the old Manawa line is close upon

It was supposed by the city officials that when the Omaha, Council Bluffs & Suburban Railway company purchased the old Lake Manawa line it would assume its indebtedness, but up to the present the motor company has made no offer to settle these special assessments. There is also a large amount of regular taxes due by the old Manawa line which County

Treasurer Arnd has been unable to col-The old track on South Ninth street has been removed by the motor company and city officials are now questioning whether they can hold the company liable for the old special assessments. The mat-

unpaid was brought to the attention of the city council yesterday by City Treasurer True. The city is out of pocket this amount, as it paid the contractor for the paving several years ago.

He has been despondent over ill health and after sharpening a butcher knife left home last evening, saying "The river is left for me." He is 67 years old. The family and neighbors formed searching parties and explored the bottom lands in vain.

> COMING OF THE GREAT WESTERN. Little Doubt of Rond's Advent Within

> There now seems to be little doubt that the Great Western railroad will be running into Council Bluffs within the next two years. H. H. Tubbs of Elkhorn, Wis. office of City Engineer Etnyre to look over maps and secure certain information preparatory to the survey of the proposed extension to this city from Fort Dodge.

From Mr. Tubbs it was learned that this survey would be begun at once and that cil Bluffs tomorrow. Mr. Tubbs stated that several routes are under consideration, the one most favored at present being that which runs by the side of the Rock Island road. He said that he was unable at this time to state which route would be selected. Enough was learned from Mr. Tubbs,

however, to indicate that the road intended coming directly into Council Bluffs and that in all probability it would locate extensive depots and grounds here. County Auditor Innes has furnished the officials of the Great Western with plats

SUFFERS FROM RELIGIOUS MANIA.

O. G. Brandson Sent to Asylum and Family in Need. O. G. Brandson, a machinist at 1104 East Pierce street, who was taken in charge Monday night by the Omaha authorities, as his actions showed that he was mentally deranged, was brought to this city yesterday and committed by the commissioners on insanity to the state asylum at Clarinda. Brandson is suffering from religious mania and gave Deputy Sheriffs Canning and Baker considerable trouble while being brought to this side of the river. When the car reached Pearl street and Broadway Brandson resisted being removed from the car and for a time the kept exclaiming: "I am God. If I am

am not crazy, I therefore must be God." The investigation before the commissioners revealed a pitiable case. Brandson spent four years in China as a missionary, being sent out from Boston. He came to Council Bluffs three years ago. He has been out of employment three months. His rent is back two months and a chattel mortgage on his furniture is overdue. All these things caused him to worry and to lose his mind. His young wife and 1-yearold baby and an invalid mother-in-law are practically penniless. Brandson, who is 36 years of age, is a man of more than ordinary education and refinement. The attention of the supervisor of the poor was called to the family and their immediate wants were relieved. Brandson will

man of Weston, this county, will have a has been mentioned favorably, but I do preliminary hearing Friday before Justice Ferrier on a charge of arson. His arrest followed an information filed by Samuel T. Axtell. He was released on bonds in city was mentioned at the time of the conthe sum of \$200.

Peterson and his two brothers conducted general merchandise business and lumber yard in Weston. Recently they sold a present in Iowa the democratic party has one-third interest in the business to August Klopping, who has a suit pending in the district court against the Petersons to Governor Boles twice and the republican recover the money he paid into the firm. He alleged that the condition of the business was misrepresented to him. January 6, shortly after the sale to Klopping, the store was burned, it being suspected at

the time that the fire was of incendiary origin. It is alleged by Axtell, who filed the information, that Peterson was seen leaving the store shortly before the flames were noticed. This and other evidence which interested parties have been collecting led to Peterson's arrest Monday night

Intervention in Dun Estate. Mary B. Dun, Robert Dun Douglas, Francis L. Mintor and Walter D. Buchanan, executors of the estate of Robert G. Dun. deceased, appear as plaintiffs in a petition of intervention filed Monday in the district court, in the case of J. J. Rauer against Louise Douglas, involving the disposition of the large estate left by the late Benjamin Douglas, founder of Dun's Com-

mercial agency. The intervenors set out that a legacy of \$20,000 to Louise Douglas referred to in the petition is a lien on all the property involved in the suit; that the interest of thus far by riding in box cars and begging Louise Douglas in the legacy has been assigned to Robert G. Dun. The court is asked to make an order on the referees, F. J. Day and E. H. Lougee, requiring them to hold out sufficient funds now in their hands and a final order to pay the amount of the legacy over to Robert G.

Fire Seems to Be Incendiary. An unoccupied house at Twentieth street and Fourth avenue, belonging to Leonard Everett, was damaged \$200 by fire early yesterday morning. The fire is believed to have been of incendiary origin. The loss is covered by insurance. A few years ago there was a controversy between the owne and other residents of that neighborhood the latter claiming that the ground on which the building stood formed part of the public highway. Mr. Everett is of the opinion that the fire was caused by tramps, as it originated inside the house. principal damage was to the roof.

Fifteen Linemen Still Out. Fifteen of the twenty linemen in the employ of the Citizens' Gas and Electric Light company in the construction of its new lines who walked out Monday have no returned to work. The company succeeded in securing a number of new men to take their places yesterday and bus little de-

report. The fact that the taxes were still union to which the strikers belong to bring about a settlement yesterday.

System of Catch Bastos. City Engineer Etnyre is preparing to begin work this week on a system of catch basins on Upper Broaway and adjacent HIS SUICIDE IS SUSPECTED streets to provide a good drainage for Broadway before that thoroughfare is paved this summer. The basins will be located at the corner of Broadway and Park avenue, Vine and Second streets, Vine and First streets, Broadway and First street, Broadway and Benton street and Benton street, near Indian creek.

Plays Tag with the Bowwows. Poundmaster Burke Monday morning be gan his annual roundup of untagged canines. The pound this year will be at Fifteenth street and Avenue G. All dogs corralled by the poundmaster will be kept three days before being drowned. Up to last evening City Clerk Phillips had issued 368 tags, the number being slightly in excess of that to the same date last year.

STATE A. O. U. W. CONVENES

Grand Lodge, Including Auxiliary Meets in Annual Session at Marshalltown.

MARSHALLTOWN, Ia., May 14 .- (Special.)—The grand lodge of Iowa, Ancient Order of United Workmen, met in annual session here this morning, with a large attendance, and it promises to be one of the most important sessions ever held. The order has been prosperous during the year, the increase in membership in Iowa being substantial, but the death rate in the lowa jurisdiction has been rapidly increasing. The report of the medical examiner shows that in 1896 there were sixty deaths; 1897, fifty-six; 1898, seventy-six; 1899, eighty-six; 1900, 108,

The fact of the growing death rate in the order has caused a demand for a change in the manner of assessment and there is no doubt that at the present session here this change will be made. The level plan has been in use by the order from the be-ginning, but the whole state has been canvassed and the graded system is to be adopted. It has been demonstrated that no fraternal company can live on the level is understood the road will be built in this assessment plan and the lowa Workmen desire to place their order on a sound foundation. BALL IS NOT A CANDIDATE

State Senator Says He Has No Intention of Running for

IOWA CITY, In., May 14 .- (Special.)-"I shall not be a candidate for governor before the democratic state convention," said State Senator G. W. Ball, when his attention was called to the mention of his name in connection with the possible democratic nomination for the head of the ticket this fall. "I hold one office already, and I think that is enough for one man. One office at a time is a good plan."

Senator Ball said that he did not know whom the democratic party would be likely Henry Peterson, a prominent business to nominate this fall. "Cato Sells of Vinton not know whether he would accept the nomination. Mayor Phillips of Ottumwa has also been talked of. Judge Wade of this vention two years ago, but he would not be likely to be a candidate because he is now a judge of this district. As things are at no chance of electing its candidate. We may do so pretty soon, however. We elected party is getting rather split up again. We will be successful one of these times."

CEDAR RAPIDS, Ia., May 14 .- (Special Telegram.)-Threats of a riot tonight between the Burlington, Cedar Rapids & Northern Railway company's strikers and its new employes were openly made this morning by some of the new men and by some of the strike sympathizers. The city authorities held a special meeting and instructions were given to the police to prevent gatherings. Several of the new men have been slugged, either by the strikers or by a tough element which sympathizes with them. They have lately been buying revolvers and threatening to use them if any more of their number are molested. All is quiet tonight.

Law Students Examined-Des Moines Machine Makers Yield to Employes-Dakota Divorce Questioned-Weekly Crop Report.

(From a Staff Correspondent.) DES MOINES, May 14 .- (Special Telegram.)-Judge McPherson, in federal court today, decided that the manufacture of women's gloves is a new industry in the United States. The case was that against J. W. Morrison, a glove manufacturer of Grinnell, who was arrested for violation of the contract labor law by employing skilled glovemakers to come from Europe to make gloves. The court holds that there were no women's gloves made in the United States prior to 1887 and unless the prosecution can show that Morrison's business was established before the contract labor law was passed he will go free. When Judge Smith McPherson opened the May term of the United States district court in this city today and empaneled the grand jury he warned the grand jury the manufacture of hobnobbing with witnesses and defendants and having communications with them outside of the jury room would not be tolerated. Hearing of arguments in civil cases was commenced.

Blood Poison 🙈

THE MOST DESTRUCTIVE OF ALL HUMAN DISEASES. The poison ejected from the fangs of the rattle-

snake is not more surely fatal than the virus of Contagious Blood Poison, which pollutes and vitiates the blood, destroys the tissues and bones and eats like a canker sore into the flesh.

This horrible disease appears first in the form of a little sore or blister; soon the glands begin to swell, pimples break out on the body, the mouth and throat become sore, making it painful to eat or swallow; dreadful ulcers appear on the tongue, copper colored splotches and other characteristic signs of come as the disease progresses, and the destructive virus takes deeper hold upon the system. The medical men are as sorely perplexed over the character of this blood poison as ever; they tell you to take mercury and potash alternately for three years, but the stomach of no human being can stand this treatment long; besides, they do not cure the disease permanently, as thousands who have tried it know.

well-ing to make the disease permanently, as thousands who have tried it know.

Wellington, Kas., Sept., 1900.

I contracted Blood Poison two years ago this fall, and was persuaded to try a medicine widely advertised by a remedy company in Chicago. I was required to pay a large amount in advance, and can truthfully say that I was worse when the treatment was left off than when I began. Reddish pimples would break out and fill with yellowish matter; copper-colored splotches of all sizes would appear on my body; my throat was so sere I could scarcely swallow, and my mouth and tongue were seldom free from ulcers; tonsils were swollen, and my hair was comulcers; tonsils were swollen, and my hair was complied, and my appetite good.

S. S. S. is the only guaranteed purely vegetable blood purifier, and the only antidote for this particular virus; it purifies the blood and builds up the constitution. The appetite improves almost from the first dose, the sores soon show signs of healing, and the unsightly, dirty splotches and eruptions are feeling splendid. Every sore on my body has proved and the only antidote for this particular virus; it purifies the blood and builds up the constitution. The appetite improves almost from the first dose, the sores soon show signs of healing, and the unsightly, dirty splotches and eruptions grow paler and paler, and finally disappear.
