Marriage and Divorce Are Touched Upon Gingerly, but No Action is Taken-Council Now Stands Adjourned.

The thirty-fourth annual council of the Episcopal diocese of Nebraska, which has been in session in Trinity cathedral, adjourned at 4:30 Thursday afternoon withou having made any alterations in the rules of church government. The committee to which was referred the resolution requiring communicants to partake of communion at least once a year upon penalty of excommunication, reported adversely, and the question of how to define the privileges and duties of a communicant in this respect is still an open one.

The church laws governing marriage and divorce also remain as they were before the council convened. Some of the delegates hoped that this matter would be taken up, and that the laws would be made more rigid, but these were in the minority. The following were elected as delegates to the general conference at San Francisco in

To Increase Endowment.

The insurance endowment committee appointed by Bishop Williams will consider a project for the increase of the endowment fund by the insurance plan. The revenues of the church are not sufficient at the present time to provide for the support of the bishops without imposing a heavy tax on some of the weaker churches and missions and the plan of a life insurance, the interest on the money to be turned into the endowment fund, is being evolved by some of the churchmen. The plan is backed by several prominent insurance societies.
