## GREAT UNDERWRITERS' SALE

We Bought at Auction in Chicago the Choicest Lots From the Stocks of

J. C. Lutz & Co. (Chicago) Tuomey Bros. (Detroit) Fellman & Co. (New Orleans) Williams & McAnulty (Scranton)

MONDAY MORNING AT 8 O'CLOCK the great sale begins. The merchandise is all of a desirable character and made for this season's trade. The stock comprises dry goods, silks and velvets, ribbons, laces and embroideries, carpets, curtains, draperies, etc., etc. The prices we name indicate but a fraction of the worth of the goods. In many instances our selling price is one-fourth and less the actual value. We bought enormous quantities of merchandise at this sale and many lots have been delayed in transit. These will be placed on sale immediately after their arrival. However, you want to be sure and be here early to morrow morning. The benefits to be derived are great and many, as the quotations below indicate. Come feeling assured that you will find every bargain exactly as advertised.

WILL DISCUSS IRRIGATION

Meeting of Senators and Representatives to Be Held in Omaha.

NEBRASKA AND WYOMING INTERESTED

General C. F. Manderson and Senators

Millard and Dietrich Are Prime Movers in Enterprise-Outline of Proposition. Monday, May 27, there will be a meeting ready amounts to something between \$6,000

in Omaha at which will be present the senators and representatives of the states of Nebraska and Wyoming. The meeting was | advance sale for last year's festival. called during the past week by General Charles F. Manderson, at the request of Senators Dietrich and Millard, who desire and appreciative buyers are the persons to consult with their western colleagues who purchased tickets in books last year and the members of the lower bouse on certain matters relating to the west. The chief topic to be discussed is public land in Nebraska and Wyoming, and the

steps necessary to make the laws of the government conform more closely to existing conditions. There are about 11,000,000 not know that they would appreciate the acres of land in western Nebraska which is concerts or that they and their friends the property of the government and possession can be had by anyone who is able to hold it by force of arms. The land consists of what is known as semi-arid land, and is used for pasturage by the cattle and sheep raisers, who, especially in the state of Wy- to spend their evenings and many of them oming, have made bloody history in their attempts to hold the public domain subject to personal control. It is the idea of some of the persons

who will be present at the meeting that the government should take steps to irrigate all of the land which can be brought under ditch and to sell or lease the remainder on satisfactory terms to stock raisers, thus putting at rest for ever all struggles for its possession.

The meeting is called so that the congressmen can act in unison at the coming tent, and the promise is made that in session of congress and by harmonious effort can bring to bear a power impossible to withstand when all representatives and senfamous summer resorts. ators are acting upon individual initiative.

rangements to Haul Big Crowds.

The through cars will be inaugurated Memorial day, May 30, the date of the Chase's office, The Bee business office, opening of Krug's park. The park promises to be a more popular resort than ever this season. For weeks workmen have been remodeling the buildings in the park. Animal SCHOOL COMMITTEE MEETS animals and birds will be exhibited. A merry-go-round has been installed and galleries, baby racks and other amusement features have been installed.

Each week during the summer the management of Krug park will provide some unique entertainment for visitors. Moore Bros.' animal show has been engaged for the opening week. One hundred dogs, thirty ponies and a large number of cats, monkeys and other animals will take part in the performance. Dally concerts will also be given by a band of thirty pieces.

Krug park contains sixteen acres and is seautifully shaded. Swings and summer houses are scattered throughout the park and no effort has been spared to make it an ideal summer resort. Refreshment stands have been provided and meals will be served in the cafe.

Consents to Hold the Baby a Few

Minutes, and the Woman

in Running Yet. W. H. Dunwell, a bashful young man who is employed as a driver by the Thurston hotel stables, kindly consented last evening to hold the baby for a few minutes quarters have been erected and many rare while the pretty, we l-dressed young woman stepped into the store. After holding the mite of humanity for nearly an hour at the DROWNS HIMSELF IN POND more than 1,000 electric lights have been corner of Sixteenth and Howard streets placed in the park. Cane racks, shooting Dunwell became suspicious. He remembered then that he had heard of babies being abandoned in that way. Dunwell took the infant to the police station and reported the happening, saying that he had been well

The child, a 3-weeks-old boy, was taken by the Child Savings institute. When Matron Wells saw it, she recognized the baby as one that had been left there three times previously during the day, though the institute refused to receive it. Back of the refusal there is a strange story.

Nearly a month ago a well-dressed woman having the appearance of wealth and refinement, applied at the Child Saving institute for a baby boy for adoption. Her request, for some reason, was not complied with. A week later she secured a day-old infant from a Seventeenth street lying-in hospital and is said to have regularly adopted it. The woman appears to have tired of the child, for she tried three times yesterday to have it admitted to the Child Saving institute. During the morning she sent an old man with the infant, in the afternoon three boys took it and later in the day another man. All three requests met with refusal.

Baffled in that method of ridding herself of the child, the woman determined to leave it with the first easy mark she saw, and Dunwell was that one. The name of the woman is known to the officers of the institute but they refused to make it public. What action, if any, will be taken to compel the woman to provide for the support of the child is not known at the present time.

FARMERS FIGHT WITH DIRKS

Young Men Start to End Feud, but Speciator Stops the Fight. SUPERIOR, Neb., May 18 .- (Special Tel-

egram.)-Al McDaniels and George Higer, young farmers from Kansas, between whom there has been a feud, met in town today and renewed the quarrel. With about fifteen friends they drove to the state line. where they fought with dirks. McDaniels was stabbed through the arm and in the side, but not seriously hurt. A spectator drew a revolver and stopped the fight.

CATARRH A Constitutional Affection.

Sprays, washes, powders, salves, medicated tobacco and cigarettes, however long and persistently used, do not cure Catarrh. They relieve temporarily the inflammation in the throat and nose, and enable you to breathe more easily and freely, but the continual rush of impure blood to these parts keeps up the irritation and ultimately produces ulceration of the glands, when the breath becomes exceedingly offensive and the soft bones of the nose are frequently destroyed. The catarrhal inflammation extends over

the entire surface of the mucous membrane, or inner skin; the stomach, kidneys and lungs are often involved; the whole system soon becomes affected by the rapid absorption of poisonous matter into the blood, and the disease that you had hoped to cure with simple local remedies, assumes a dangerous form.

I had Catarrh about 15 years, and tried during the time everything I could hear of, but nothing did me any good. At last I came to the conclusion that Catarrh must be a blood disease, and decided to give S. S. a trial. I could see a little improvement from the first bottle, and continued it three or four months, or until I was cured. Have not taken anything for six years, and am just as well as I ever was.—E. MAT-SON, Lapser, Mich.

I had Catarrh so bad was entirely deaf in one ear, and all the inside of my nose and part of the bone sloughed off. The physicians gave me up as incurable. I determined to try S. S. S., and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks!

The Catarrh so bad was entirely deaf in one ear, and all the inside of my nose and part of the bone sloughed off. The physicians gave me up as incurable. I determined to try S. S. S., and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks!

SON, Lapser, Mich.

Catarrh is a constitutional disease—a blood disease which is frequently inherited, and only a blood medicine, such as S. S. S., can remove the hereditary taint, destroy the poisons that have been accumulating in the system for years perhaps, and restore the blood to a healthy and pure condition. The inflamed membranes and diseased glands are healed by the rich, pure blood which is carried to them, and the offensive discharges from the nose, and the terrible headache and neuralgic pains cease. Chronic cases of the most desperate character and apparently hopeless, have been cured completely and permanently by the use of S. S. Write our physicians fully about your case and they will cheerfully assist you by their advice. We charge nothing whatever for this service. Book free on application.
