WIN BY A SCORE OF FIVE TO THREE

Locals Start the Contest with a Rush and Keep Up Their Lick-Denver Makes First Tally in the Fifth.

The Rourke family reversed the usual order of things yesterday afternoon and won the second game from Denver easily. The score was 5 to 3. Splendid fielding on the part of the locals and frequent connection with the benders which McNeeley twirled over the pan tell the story of the

Graham occupied the slab for the Rourke family. He pitched winning ball, although his control was not as good as it might have been. In the first six innings he was touched but twice and until the fifth the visitors were blanked each inning.

The locals started off with a rush. Car-

ter strated off by trotting down to first on four wide ones, advanced to second on Stewart's single and went up another notch on Buckley's sacrifice. Letcher banged a speedy one down to Hickey and the shortstop tried to throw Carter out at home, but the little Tennesseean crossed the pan safely. Calhoun knocked an easy one down to McNeeley and Stewart was thrown out at home. Letcher, who had meantime stelen second, advanced to third on Calhoun's play and in a double steal managed to get home with the second tally. Reid retired the side on a long fly to center field. Denver got its first tally in the fifth. Preston went out at first via Stewart, Jack Sullivan was given free transportation to the initial bag and McNeeley got a hit, on which Sullivan scooted around to third. Mohler banged an easy one down to Graham and Sullivan was cut off at the home plate. Radeliffe poked his bat into the ball and sent it whizzing down close to first base. Buckley went after it and threw wildly to Graham, who was covering the bag. Before the ball was recovered McNeeley succeeded in scoring.

In our half of the fifth an error by Radcliffe, two bases on balls and Buckley's hit brought in a couple of more runs and

# I'S MALADIES MASTERED

I made up my mind, soon after graduating from college, that no one man was great enough to master the entire field of medicine and surgery. Many physicians have tried to do this, but they have met with results usually disappointing to themselves and often disastrous to their patients. For this reason I determined early in my professional career to confine my practice strictly to a single line of disease, and to originating and perfecting cures for them. I therefore treat only what I am absolutely certain that I can positively cure to stay cured—VARICOCELE, STRICTURE, CONTAGIOUS BLOOD POISON, NERVO-SEX-UAL DEBILITY and all reflex compilications and associate diseases and weaknesses of men. To these maladies alone many of the best years of my life have been earnestly devoted and on them all my faculties are concentrated. Our consultation and operating rooms are thoroughly equipped with every scientific apparatus, instrument and device essential to the most medern methods of practice, and our references, both professional and financial, are among the best citizens of this vicinty, who have been cured by us and made happy. I want every afflicted man to freely and fully investigate our treatment. Each case is treated separately, scientifically, closely watching it and carefully following its symptoms with remedies varied through every stage. The diseases that constitute my specialty are more fully commented on below and are well worthy the careful perusai of all men in need of medical attention.

#### Varicocele

Whatever may be the cause of varicocele, its injurious effect is well known. It depresses the mind, weakens the body, racks the nervous system and ultimately leads to a complete loss of sexual power. If you are now reaping the positively cured hundreds of treating it. You will then not wonder why I have positively cured hundreds of cases of varicocele during the past twelve months. Under my treatment the pattern improves from the very beginning All pain instantly ceases. Soreness and swellandly subside. The pools of stage, allays all inflammation, reduces the prostate gland when enlarged, cleanses and blood are forced from the dilated veins, which rapidly assume their normal size, strength and soundness. All indications of disease and weakness vanish completely and in their stead come the pride, the power and the pleasure of perfect health and restored manhood.

I do not treat all diseases, but cure all I treat. I treat men enly, and cure them to stay cured.

Cure them to stay cured.

Cure them to stay cured.

Either you must master it or it will master you and fill your whole future with misery and indescribable wee. I have treated so many cases of this kind that I am as familiar with them as you are now postruction from the urinary passage. It stops every unnatural discharge, allays all inflammation, reduces the prostate gland when enlarged, cleanses and heals the bladder and kidneys when any health and congested, invigorates the prostate gland when enlarged, cleanses and heals the bladder and kidneys when any health and congested, invigorates the prostate gland when enlarged, cleanses and heals the bladder and kidneys when any health and congested, invigorates the prostate gland when enlarged, cleanses and heals the bladder and kidneys when any health and congested, invigorates the prostate gland when enlarged, cleanses the prostate gland when enlarged, cleanses and heals the bladder and kidneys when any health and congested, invigorates the prostate gland when enlarged cleanses and weakness, value of the co

MASTER SPECIALIST.

I do not treat all diseases, but cure all I treat. I treat men enly, and

eczema, rheumatic pains, stiff or swellen feints, eruptions or copper-colored spots on the face or body, little ulcers in the mouth or on the tongue, sore throat, swellen tonsils, falling out of the hair or eyebrows and finally a leprous-like decay of the flesh and bone. If you have any of these or similar symptoms you are cordially invited to consult us immediately. If find your fears are unfounded I will quickly unburden your mind. But if your constitution is infected with syphilitic virus I will tell you so frankly and show you how to get rid of it. Our special treatment for contagious blood poison is pratically the result of our life work and is endersed by the best physicians of America and Europe. It contains no injurious drugs or dangerous medicines of any kind. It goes to the very bottom of the disease and forces cut every particle of impurity. Soon every sign and symptom of blood poison disappears completely and forever. The blood, the tissue, the flesh, the bones and the whole system are cleaned, purified and tentored to perfect health and the patient prepared for the duties and pleasures of life.

#### Associate Diseases

In caring an ailment of any kind we never fall to remove all reflex complications or associate diseases. If the case is variencele, the weakness caused by it disappears. If it is stricture and has developed into prostate, bladder or kidney affections, the injured organs are all restored to a perfectly healthful condition. If it is contagious blood poison, any and all skin, blood and bone diseases arising from the taint are entirely and permanently eliminated from the system. If it is impotency, the many distressing symptoms following in its train and indicating a premature decline of physical, mental and sexual power are totally removed and rapidly replaced by the youthful energy of robust manhood. Hence all resulting ills and reflex complications, which may be properly termed associate diseases, and which, in fact, are often more serious than the original attents that give rise to them—all, we say, disappear completely and forever with the cure of the main malady.
