### VILAS SCORES A VICTORY

Wisconsin Lawyer Wins Big Suit for Client in District Court.

### FORTY THOUSAND DOLLARS INVOLVED

Jury Decides that Dr. Fox Does Not Have to Pay Tusler Estate Value of Heir of Horses.

Dr. Philip Fox of Madison, Wis., is the winner in the lawsuit in which the heir of Catherine M. Tusler endeavored to hold him for \$40,000. The case has been on trial in Judge Slabaugh's court for the last three weeks, being one of the most bitterly contested suits ever waged in the district court, and yesterday morning the jury brought in a verdict that the estate was indebted to Dr. Fox in the sum of \$440.

case was whether or not Dr. Fox, as executor under the will of Catherine M. Tusler, had fully accounted for the property in Nebraska belonging to the deceased. It was contended by the present administrator of the estate that he was short about \$40,000, the value of a herd of horses, which it was claimed he had not accounted for.

Dr. Fox, as executor, Dr. Fox, knowing that Mrs. Tusler owned a house and lot on Park avenue in Omaha, in which her daughter lived, had himself appointed by the Douglas county court as administrator of the estate in Nebraska.

which were said to have been in Nebraska at the time of Mrs. Tusler's death. Upon hearing in the county court H. P. Stoddard testified that the horses belonging to Mrs. Tusler at her death were in Nebraska, and the court held Dr. Fox responsible for them. Judgment was entered against Dr. Fox for the value of the horses and he was removed from the position of administrator. N. H. Tunniff being appointed in his place.

### Appeal from County Court.

The case that has just been decided by the jury in the district court was an appeal from the judgment of the county court. Dr. Fox produced witnesses in the higher court to show that the horses were in Wyoming at the time of Mrs. Tusler's death and therefore they did not come into his possession as executor in Nebraska. His contention was that he had taken the horses as executor in Wisconsin, had disposed of them and reported their disposition to the Wisconsin court, which had approved his report, claiming that Dr. Fox was concerned, and was discharged of further liability in the matter.

### MUNGER SUSTAINS DEMURRER.

Judge Munger sustained a demurrer in the suit of the government against John and Louis N. Betts of this city, who were charged with having made an untruthful affidavit in support of the application of Mrs. James Betts for a pension. The affidavit was to the effect that Mrs. Betts had never married prior to her marriage to James Betts, and the government expected to prove that she had had a former husband and that her marriage to Betts was surrounded by conditions that would defeat her pension claim. The holding of Judge Munger was practically that the allegations in the indictment, even if true, did not set up a crime. The ruling was a blow to the prosecution, as the indictment was drawn in pursuance of a form supplied by the government which has hitherto been repeatedly declared good.

### HOLDS THE ELLIS WILL INVALID.

Court Decides Witness John P. Finley Judge Vinsonholder yesterday held that the will of Mrs. Martha J. Ellis, by which she bequeathed \$5,000 worth of property to scores of personal friends and to several Masonic lodges, is invalid. The court held that one of the witnesses to the will, John P. Finley, was incompetent, because, as a member of the Masonic lodges, he was a beneficiary. C. W. DeLamater, the other witness, was unable to identify the whole will, having seen only the one sheet he had placed his signature on.

### LOUIS GODOLA OUT ON BAIL.

Six Thousand Dollar Bond to Hold Louis Godola, charged with murder in the first degree, was released from jail on bond in the sum of \$6,000 yesterday morning. Godola, with his attorneys, appeared before the bar of the criminal court, and applied to be admitted to bail, and, after some discussion with the lawyers for the state and for the defendant, the judge granted the application and fixed the amount of bail at \$6,000.

### SUBURBAN ROAD PROMOTERS

Attend Meeting of County Board, but Fail to Get Action on Franchises. J. F. Hanson and M. H. Hinman of Fremont, A. C. Foster, L. C. Lloyd, J. B. Carmichael and T. W. Blackburn, all of the incorporators of the Omaha Suburban Railway and Traction company, and John S. Knox of the Omaha & Fremont Electric Railway company, were present at the meeting of the county commissioners yesterday, but nothing was done with regard to their application for franchises.

### Handley Declines to Retract.

NEW YORK, Conn., May 25.—Among the committee on the Nathan Hale statue for the city of New York, which is to be placed in the city square, is a member of the committee, Mr. Handley, who has declined to retract his statement that the statue is a disgrace to the city.

### Chinese Officials Call on McKinley.

NEW YORK, May 25.—Among the many notable incidents of President McKinley's visit in this city was a visit paid him early last night by Chinese Consul General Ho Yow and the president of the Chinese Chamber of Commerce, Mr. Wang. They were accompanied by a number of Chinese officials, who presented to the president a number of gifts, including a pair of shoes, a watch, and a pair of glasses.

### MORE ROOM IS NEEDED

Several City Schools Must Be Equipped with Additional Space

### SARATOGA AND TRAIN ARE CROWDED

Board of Education Must Make Some Arrangement to Accommodate Increase of Patronage—Action Will Be Taken Soon.

Before the beginning of the next school year more room must be provided at several of the city schools. Saratoga and Train schools are so crowded that the children who belong to them will have no room to accommodate the increase of patronage which next fall is sure to bring. The condition at many of the other schools is almost as bad.

### SCHOOL CHILDREN WILL HELP

Will Take Part in Bellstedt Concert as an Auxiliary Chorus. It is generally understood among the promoters of the June festival by Bellstedt's band that the suggestion of Prof. Bellstedt looking to the establishment of an auxiliary chorus of school children for participation in some of the concerts will be carried out. The suggestion has been taken up by the Board of Education of the city schools, who has been Mr. Hospe's chief lieutenant in the promotion of festival preparations, and he is now in consultation with Miss Fannie Arnold, supervisor of music in the city schools, in the consideration of plans.

### TAKING THE SCHOOL BUSES

Enumerators Receive Instructions and Will Begin Work Monday Morning.

Secretary Burgess of the Board of Education held a school of instruction yesterday morning for enumerators who are to take the school census. His pupils varied in age from 15 to 50, but proved to be quite apt. Among the enumerators were four women. Blanks were given to each of the appointees and the secretary asked questions concerning facts the board desired to know and had the enumerators fill in answers that they might learn how to prepare reports.

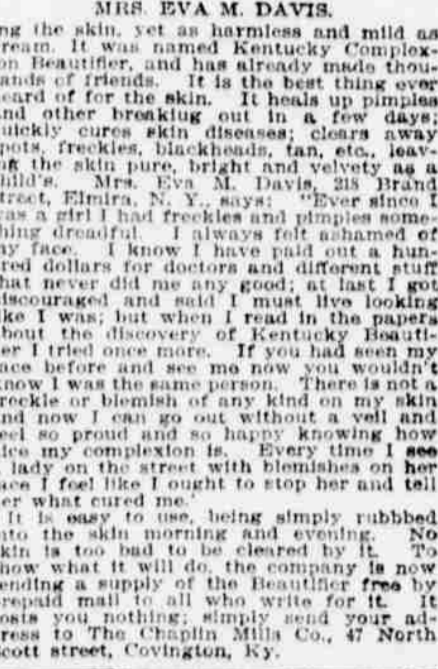

### PROMOTING PACIFIC TRADE

Manager of Siberian Railroad Has Conference with E. H. Harriman. NEW YORK, May 25.—A. Bostelman, superintendent of the Transiberian railroad's Asiatic division and the nineteen steamships connected with the railroad service in and around Port Arthur, has had an important conference with E. H. Harriman. Mr. Bostelman represents the Russian government in a semi-official capacity and his mission in New York is understood to be to promote amicable traffic arrangements with the Union Pacific line and the steamship interest controlled by the Union Pacific. Mr. Bostelman said last night that in his opinion there was little hope for a speedy development of American commerce between San Francisco and Chinese ports until the freight rate of 11 a ton is lowered. It is understood that he and Mr. Harriman went over the subject fully and that Mr. Bostelman told Mr. Harriman that the Russian government desired the most cordial relations to exist between its railroad and steamship lines and the lines leading to the Pacific seaboard. Mr. Bostelman also saw men identified with the Northern Pacific interests and made particular inquiry about the great freight ships being built for that company at New London.

### BEAUTY LIQUID

Remarkable Discovery of a Simple and Harmless Liquid that Clears the Skin of All Imperfections. Sent Free—To Show that No Blemishes Can Remain Where it is Used.

A large manufacturing firm has discovered what is apparently the secret of a perfect skin. It is a simple, harmless liquid that it does not remove. It was found accidentally at the Chaplin Mills, makers of textile supplies, and they certainly have a fortune in it. Before they put it on the market it was in every case cured by physicians and dermatologists pronounced it wonderful in curing, clearing and whitening the skin, yet as harmless and mild as cream. It was named Kentucky Complexion Beautifier, and has already made thousands of friends. It is the best thing ever heard of for the skin. It breaks up pimples and other blemishes in a few days; quickly cures skin diseases; clears away spots, freckles, blackheads, tan, etc., leaving the skin pure, bright and velvety as a child's. Mrs. Eva M. Davis, 215 Grand Street, Elmira, N. Y., says: "Ever since I was a child I had freckles and pimples some of my face. I always felt ashamed of my face. I know I have paid out a hundred dollars for doctors and different stuff that never did me any good; at last I got discouraged and said I must live looking like I was; but when I read in the papers about the discovery of Kentucky Beautifier I tried once more. If you had seen my face before and see me now you would think I was a different person. There is not a freckle or blemish of any kind on my skin and now I can go out without a veil and feel so proud and so happy knowing how new my complexion is. Every time I see a lady on the street with blemishes on her face I feel as if I ought to stop her and tell her what cured me. It is easy to use, being simply rubbed into the skin morning and evening. To know what it will do, the company is now sending a supply of the beautifier free by prepaid mail to all who write for it. It costs nothing, simply send 2c for a trial bottle to The Chaplin Mills Co., 47 North Street, Covington, Ky."

### GOING TO BUFFALO?

If So, See Us. Trunks, Traveling Bags, Cases. Largest and finest line in city. Omaha Trunk Factory 1209 Farnam St., Omaha, Neb.

**BE A MAN**

Throw Away Your Medicine—Our **VACUUM ORGAN DEVELOPER** WILL RESTORE YOU

**NO CURE NO PAY**

**75,000 IN USE, NOT ONE FAILURE**

Our Vacuum Organ Developer should be used by every man. It cures those terrible ailments and restores manly vigor. It gives strength and develops wherever applied. It cures all forms of impotence, weakness, nervousness, and all other ailments of the young and middle aged who are reaping the results of youthful errors, excess or over work are quickly restored to health and strength.

Our marvelous appliance has astonished the entire world. Hundreds of leading physicians in the United States are now recommending our appliance in the severest cases where every other known device has failed.

You will see and feel the benefits from the first day for it is applied directly at the seat of the disorder. It makes no difference how severe the

case or how long standing, it is as sure to yield to our treatment as the sun is to rise. The blood is the life, the fertilizer of the body. Our instrument forces the blood into circulation where most needed, giving strength and development to weak and lifeless parts.

The Vacuum Organ Developer was first introduced in the slandering armies of Europe a few years ago by the specialist, Dr. Bousquet, and its remarkable success in these countries, led the Local Appliance Co., to secure the exclusive control of its sale on the Western Continent, and since its introduction into this country its remarkable cures have astonished the entire medical profession. It has restored thousands of cases pronounced incurable by physicians. It cures quickly, harmlessly, and without detention from business.

Remember there is no exposure, no C.O.D. or any other scheme in our dealing with the public. Write for free catalog and sealed in plain envelope. LOCAL APPLIANCE CO. 205 P. O. BLDG. 137 Thrope Block, Indianapolis, Indiana.
