crowd was not as large at the morning same of Des Moines with Omaha as expected, largely because of the poor showing which the Dea Moines club has been making. The day was perfect and there should have been better playing all around. Omaha won by one run, and it was largely by superior batting and better field work. harder than usual and made the game long and \_ateresting. Coons putched a fine same. He was batted freely in one or two innings, but had the best of support. Des Moines was not able to bunch the hits as well as Omaha and 'n fact Omaha came near winning the game in the first inning on a fine line of batting. Every one of the nine Omaha men haded safety at first in this initial inning of the game. Carter and Stewart got to fire; on four balls each; Calboun. Reid and Toman got singles and Buckley and McAndrews knocked out twobaggers. In the second Omaha continued running streak, McAndrews going to Des Moines first on being hit, stole a page and moved up on slow fielding. Held got a single and NATIONAL LEAGUE'S SPLITS stole a base. Both men came home on Buckley's good single. In the fifth Omaha Brooklyn and Pittsburg Take a Game took another good streak and made the score safe, Stewart starting off with a twohaze bit. McAndrews brought him in with a single, stole second and late; slipped perosa the plate when a long fly was taken

Des Moines got a run in the first, when Thiel was hit by the pitcher and moved around on sacrifices. McVicker in the fourth took bases on balls and was sent to third on Hines' two-bagger, and Seisler brought the two men in. In the fifth Coons was batted pretty hard, as Warn r. McVicker and O'Connell all made two-baggers, and Kennedy and Seisler made singles. The runs in the seventh were made when Warner and McVicker made hits and were advanced on flies by Hines and O'Connell. Seisler again made a timely hit and brought in the two men. The feature was the snappy playing of Omaha all through and the hard hitting of Buckley. Scores: OMAHA.

Afternoon Game. The second game was won by Des Moines Vicker scored Kennedy with a two-bagger. Warner was forced out at the plate and Hines flew out. Carter led for Omaha with a single, Stewart sacrificed, McAndrews went out at first. Letcher got a single and Calhoun brought him home with a hit. In the second Des Moines made another on O'Connell's two barger, followed by Se'sler's two-banger, but further runs were batting. Warner got balls and was followed by McVicker's single and Hines scored Warner with a single. O'Cennell hit the bail and McVicker was thrown out. Seisler hit for a single and scored Hines and O'Connell. Cete and Pollchow followed with two baggers each, but Thiel failed to score then. Des Moines got another score in the fifth on a double by leisler, balls to Cote and stopped by a druble play. Des Moines made Seisler, balls to Cote and a single by Pollchow. This ended Des Moines' run getting. though in the eighth Thiel was caught at the plate after he had got around on his single and one by Kennedy. Stewart led with a two-bagger in the third inning, but was cut short by a clever double play. In the fourth Tomen's twobagger was followed by two strike-outs. A double play in the sixth also stopped a possible run by Letcher. In the eighth Omaha took a spurt. Stewart led with a two-bag-

ger. McAndrews got four balls, Letcher flew and Calhoun scored two with good ingle. In the ninth it looked like a chance to win, for Pollchow had weakened. Buckley got first on Thiel's bad throw. Graham got in a two-bagger over the fence and Carter made a long drive to center and made the two scores. But Stewart went out at first, McAndrews struck out and Letcher flew out to deep cenerfield. The attendance was good. Score; DES MOINES.

Bad Circulation is the cause of 1 rost of the ills that come with old age. With advancing years there is a decline of strength and vigor — the machinery of the body moves with less speed and accuracy. Because of the weak and irregular action of the heart the blood moves more slowly, becomes impure and loses much of its life-sustaining properties, and muscles, tissues and nerves literally starve for lack of nourishment. A sluggish and polluted circulation is followed by a long train of bodily ailments. Cold feet, chilly sensations up and down the spine, poor appetite and digestion, soreness of the muscles, rheumatic pains, hard and fissured skin, face sores, chronic running ulcers on the lower limbs and other parts of the body—these and many other diseases peculiar to old people are due to a lack of healthy blood and imperfect circulation. Restoration to health must come through the building up and purification of the blood, thus adding strength and tone to the vital organs and quick, healthy action to the circulation.

S. S. S. being strictly a vegetable blood remedy and the best tonic, makes it the most valuable and efficacious of all medicine for old people. It is free from all mineral ingredients, and mild and pleasant in its action. It cures blood diseases of every character, even those inherited or contracted in early life. As the system of every character, even those inherited or contracted in early life. As the system gets under the influence of S. S. S. there is a marked improvement in the general health, and as richer and purer blood begins to circulate through the body the appetite improves, and there is a softness and elasticity about the skin that you have not noticed for years; sores begin to heal, pains in muscles and joints gradually cease, and you find that it is possible to be happy and healthy even in old age.

Our medical department is in charge of physicians who make a study of blood and skin diseases. If you would like to have their opinion and advice in your

case, write them all about it and you shall receive such information and advice as you want. This will cost you nothing. Others have found our medical depart ment of great benefit to them - their cure being much more rapid as the result of some special directions received from our physicians.

Don't be your own doctor when you can get medical advice free. Book on Blood and Skin Diseases mailed to all who desire it.
