

IOWA CADET HAS TO LEAVE

Charles S. Perry One of Two Expelled from West Point.

NAVAL ACADEMY ALSO SETS EXAMPLE

Dismisses Calvin Cressy of California for Standing a Junior on His Head—Candidates Present Themselves.

WEST POINT, N. Y., June 5.—Two cadets, members of the college first class, were summarily dismissed from the United States Military Academy today. They are Stephen Verner of Syracuse and Charles S. Perry of Iowa. They were court-martialed for falsely obtaining permission to leave the post. They were subsequently detected by an army officer drinking at a bar in Newburgh. They were dismissed without travel pay and started for home immediately.

Fifty-six of the fifty-nine young men who were appointed cadets to the military academy since March reported for their entrance examinations today. Private Calvin P. Titus, made famous by scaling the wall at Berlin, has until July 25 to present himself for examination.

The appointees include the following: L. S. Arnold, Arkansas; J. J. Brewer, Missouri; L. R. Brown, Illinois; M. D. Crittenden, Illinois; E. S. Curtis, Missouri; F. A. Gargus, Nevada; B. R. Gibson, Iowa; Clark E. Grove, Colorado; T. H. Lowe, Missouri; G. G. Lucey, Texas; John Lund, Iowa; E. J. Madison, Illinois; P. A. Matthews, Illinois; George Osborne, Missouri; J. C. Peterson, Illinois; W. W. Price, Texas; J. R. Shouse, South Dakota; J. R. Starkey, Illinois; B. Talbot, Jr., Colorado; and E. F. Vaeth, Missouri.

Dismissed from Naval Academy. WASHINGTON, June 5.—Following the example set at West Point, the superintendent of the Naval Academy has caused a cadet to be dismissed for having, in this case, however, that of Calvin Joy Cressy, of the fourth class, of California, the accused was tried by court martial and regularly convicted. The statement in the case, made public at the Navy department is as follows:

"The court martial before which Naval Cadet Calvin Joy Cressy, fourth class, was tried June 3, convened by the superintendent of the Naval Academy, pursuant to the authority invested in him by the act of congress approved June 23, 1875, having found the specification of the charge preferred against him proved, and that he was guilty of the charge, violation of the act of congress approved on the 23rd day of June, 1875, to prevent hazarding at the Naval Academy, and said court having recommended that he be dismissed from the Naval Academy, which recommendation was approved by the superintendent, he was dismissed from the academy accordingly."

South Omaha News

Two ordinances introduced at Monday night's meeting of the city council are now in the hands of the judiciary committee and when the proper time comes these documents will be sent back to the framers for alterations. Reference is made to the ferryboat and the pontoon bridge ordinances. In each of these ordinances the South Omaha Pontoon Bridge and Ferry Company is given the exclusive right to operate a ferry and pontoon bridge with landings anywhere from a street on the north to the limits of the city, for a period of ten years.

Section 174 of the new charter provides that in all cases where a franchise is granted or renewed there must be an annuity paid to the city figured on the basis of the gross receipts of the company or a reasonable amount of money paid per year, to be agreed upon by the mayor and council and the persons desiring the franchise. At the present time the Omaha Gas company pays a royalty of 5 per cent of its receipts and last year this made good sum for the city. Franchise ordinances must be advertised for two weeks in a paper of general circulation published in the city, and if there is a remonstrance against the granting of the same there must be a vote of the people. On account of the provision of annuity being left out of these two ordinances they will be sent back for the purpose of revision.

It is the intention of the city officials to adhere strictly to the requirements of the charter in this respect and a royalty of not less than 5 per cent of the gross receipts of both the ferryboat and the pontoon bridge will be exacted. According to the rates quoted in the ordinance now on file, a tax on a vehicle and one person will be taxed 25 cents, while one horse, a vehicle and one person will be ferried across for 15 cents. Foot passengers, either on ferry or pontoon, will be charged 5 cents. It will cost 10 cents per head to get cattle across the river and 3 cents per head for hogs or sheep. Tickets for workmen and scholars will be sold at the rate of forty for \$1. Freight on the boat will be handled at the rate of 50 cents per ton.

It is reported that the ferryboat will be running in about a month. City Council Proceedings. An adjourned meeting of the city council was held yesterday. There was no business other than the introduction of an ordinance authorizing the issuing of \$50,000 general indebtedness bonds. Another meeting of the council will be held on noon today at which time the ordinance will be read the second and third time by title and passed. As soon as the ordinance is passed and signed City Clerk Shrigley can proceed with the work of preparing the history of the issue, which will be sent east for the approval of municipal bond attorneys. It is the desire of the administration to have this issue signed and delivered before the end of the month.

Child Severely Injured. Georgia, the 8-year-old daughter of Dr. and Mrs. W. M. Davis, was quite badly injured by falling on a picket fence at the family residence, Twelfth and Missouri avenues. While not serious the child's injuries are painful, as she was severely bruised about the face and body.

WABASH MUST RAISE FARES

Restores Its Buffalo Rates to Scale Effective in April.

ARBITRATOR DECIDES AGAINST THE CUP

Martin of the Baltimore & Ohio Decides in Favor of the Opposing Faction in the Differential Fight.

CHICAGO, Ill., June 5.—The expected decision upon the differential rate question between Kansas City to Buffalo, New York, Boston and intermediate points was received today from Arbitrator D. F. Martin, passenger traffic manager of the Baltimore & Ohio railroad.

The arbitrator ruled that the Wabash railroad must advance all classes of its fares from Kansas City and intermediate points on its lines to the same rates quoted by the standard routes in effect prior to April 30, 1901. At the original hearing of this case, George J. Charlton, general passenger agent of the Chicago & Alton railroad, made the argument and conducted the case for the standard route line, namely, Santa Fe, Rock Island, Burlington, Chicago, Milwaukee & St. Paul, Illinois Central and Chicago & Alton.

CHICAGO, Ill., June 5.—The annual meeting of directors and stockholders of the Rock Island was held here today. An amendment to the articles of consolidation was adopted, authorizing an issue of \$10,000,000 additional stock. Stockholders on record at the closing of the books on June 28 have the right to subscribe at par for this additional stock in the proportion of twenty shares for each 100 shares then standing on the books of the company in the name of the subscriber. Payment is to be made on or before July 31.

W. H. Moore and D. S. Reid, both of New York, were elected to the directorate, succeeding respectively Henry M. Flieger and H. A. Parker. These were the only changes made in the board. All the old officers were re-elected. Gross earnings were \$2,364,655; net earnings, \$1,199,602; and the surplus of the year, \$2,097,325. In comparison with the previous year passenger earnings show an increase of \$85,777.43, or 15 1/2 per cent. Freight earnings, \$1,949,303.39, or 11.34 per cent. Gross earnings from operation show an increase of \$2,714,990.21, or 11.88 per cent. Operating expenses show an increase of \$2,146,295.79, or 15.26 per cent. Taxes increased \$423,367, or 4.71 per cent.

Commissioners Ahead of Time. SAN FRANCISCO, Cal., June 5.—A special train of seven Pullman cars, carrying freight earnings of \$1,849,303.39, or 11.34 per cent. Gross earnings from operation show an increase of \$2,714,990.21, or 11.88 per cent. Operating expenses show an increase of \$2,146,295.79, or 15.26 per cent. Taxes increased \$423,367, or 4.71 per cent.

Dividend by the Atchison. Directors at New York Declare Two and a Half Per Cent on Preferred Stock.

NEW YORK, June 5.—The Atchison, Topeka & Santa Fe Railway company has declared the regular semi-annual dividend of 2 1/2 per cent on its preferred stock payable August 1. The directors have voted to abolish the office of chairman of the board and have elected D. L. Gallup permanent vice chairman, with headquarters at New York. Charles F. Steele of the firm of J. P. Morgan & Co. was elected a director in place of the late Aldace E. Walker. He was also placed on the executive committee of the road.

Local Brevities. William H. Hanting of 123 Pierce street reported to the police last evening that a thief had stolen a suit of clothes from his closet.

William H. Hanting of 123 Pierce street reported to the police last evening that a thief had stolen a suit of clothes from his closet.

New Stamp Tax Law

On the list of July next the new internal revenue law goes into effect and the stamp tax to which business has been subjected for more than two years will be greatly modified. Nearly all the documents used in daily business transactions will be exempt from tax after the first of next month.

After July 1 no stamps will be required on telegraph or telephone messages, bank checks, bonds, certificates of deposit, drafts, express receipts, life insurance policies, leases, mortgages, power of attorney, promissory notes, money orders, protests, warehouse receipts. These are the articles the tax upon which has been directly borne by the public.

Many modifications have been made in the revenue law which affect the manufacturer. The tax on beer, cigarettes, tobacco and cigars has been reduced. The tax on theaters, billiard tables, public exhibitions, has been retained, but reduced. There is still a tax of 1 cent on sleeping car tickets and a like tax on bills of lading. It is estimated that the Government receipts will be reduced from \$40,000,000 to \$50,000,000 annually by the revision of the revenue act.

Bank checks with 2-cent stamps imprinted thereon are being received in large numbers for redemption at the internal revenue bureau. On and after July 1 no stamps will be necessary and the banks, which are loaded with stamped checks are endeavoring to get rid of the surplus stock. It looks as if there would be a deluge of stamped checks pouring in upon the revenue bureau, just as there was in 1887, when rooms and corridors were filled with the accumulations, which came every day by express and mail.

It is yet undecided whether the owner of stamped checks will receive them again after he has turned them in for redemption. The stamped checks were punched for cancellation and then given back to their original owners, so that they could be used.

HAWAIIAN EXPOSURES MADE

Railroad Promoter Tells How He Asked Money for Favoring Franchise.

LAWYERS ARE AFTER HUMPHREYS' SCALP

Most of Them at Honolulu Sign a Petition Urging the Judge's Removal from the Bench.

HONOLULU, May 28.—(Via San Francisco, June 5.)—Correspondence of the Associated Press.—The foundation for the reports of bribery in the legislature has suddenly been revealed by Jacob Cooper, who wanted a railroad franchise and who is the client of the late Judge Thurston. Cooper refused to reveal to the grand jury. Thurston was under sentence for contempt for so refusing, but the statement of his client released him. Thurston was not confined, as the supreme court has issued a writ of habeas corpus and had not decided the case. Cooper swears that he was asked by three different members of the house to pay money for their efforts in behalf of his bill to secure a franchise for his railroad. He has been before the grand jury and, it is stated, has told the jury the names of three representatives who solicited bribes and a report of the grand jury is awaited with much interest.

A petition was circulated in Honolulu among lawyers today asking for the removal of Judge Humphreys. It was circulated by L. A. Thurston and received the signatures of most of the members of the local bar. Tomorrow a meeting of the Hawaiian Bar association will be held and a resolution against Humphreys will be presented.

Altogether it is a strange state of affairs that has grown out of the investigations of the grand jury summoned by Circuit Judge Humphreys to investigate the charges of bribery in the legislature. Last Saturday three of the best known lawyers of Honolulu—General A. S. Hartwell, W. A. Kinney and S. M. Ballou—were sentenced to thirty days in jail for contempt of court by Judge Humphreys, but before they reached the prison all were released by pardons by Acting Governor Cooper.
