In all candor let me say that words are inadequate for me to expres to you my profound gratitude for the blessing you sent me. I used it according to directions, and though have been a sufferer from an exhuberance of dandruff for more than ten years, accompanied with a disagreeable itching, yet it was not ten days from the date of the first application until every particle of dandruff had completely disappeared. I have had this trouble, as before stated for more than ten years, in the face of the fact that my head has been regularly shampooed fifty-two times each year, for not less than fifteen years. Refer anybody to me, when I will take pleasure in answering them personally. Gratefully yours.

PATCHES.

Why Brown Ones Come on Paces.

When a woman can get rid of brown atches on her face by changing ber dist t is worth while for other women who care for their complexions to know something of the method

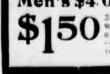

A lady in Michigan City, Ind., who does not want her name mentioned, says that coffee caused the brown patches on her face by first giving her stomach trouble,

then putting her perves out of order, and the result was shown in her complexion. She quit coffee and began using Postum Food Coffee and in less than a month the stomach trouble disappeared and within

two months her complexion cleared up and is now fine and rosy. She speaks of a Mr. Knight and Gideon Hunt of Westfield, Ind., who have both

been improved in health by leaving off coffee and taking in its place Postum Food Coffee, also a Mr. and Mrs. Jesse Stanley of the same place, who were in poor health and suffered from stomach trouble. They quit coffee and after using Postum a short time the result was natural sleep, return of appetite and a gain in strength as fast as nature will rebuild.

She gives the names of a number of other persons who have been helped by leaving off coffee and taking Postum Food Coffee. It is a safe proposition that if any coffee user has stomach or nervous trouble, or bad complexion, he or she can get rid of the trouble by discontinuing coffee and taking Postum Pood Coffee. It is easy enough to prove the truth of this by making trial. Every first-class grocer sells
