#### 10 THEIR JOBS IN JEOPARDY MORE MONEY IS IN SIGHT MINISTERS AND CITY MORALS MONUMENT FOR FALLEN HERO GANG KNOWN IN ST. LOUIS Reversed Cannon Marks the Spot Catch Recently Made by Omaha Po-Substantial Addition to the Audi torium Fund is Announced Where Colonel Egbert Was lice is Regarded as Fusionists on County Board Anzious to Union Adopts a Set of Resolutions in by Committee. Killed. Important.

SPRING A GERRYMANDER RESOLUTION Scheme to Rearrange the Commis-

sioner Districts so that the Nomdirectory, were handed around by President ince of the Fusion Forces May Have an Easy Time.

County Commissioners Hoctor and Connolly, with the silent assistance of Hofeidt, came out in the open for the first time yesterday with their scheme for gerrymandering the county. It was at the first session of the June meeting of the county commissioners and Chairman Connelly relinguished the chair to Hoctor and then inof the commissioners' districts. The resolution recites that it is the duty of the board to divide the county into five districts at its first meeting after the date of

Insure Re-Election.

then proceeds to define the districts as fol-First District - Fourth, Seventh and Eighth wards of Omaha.

Second District-First, Second and Third wards of Omaha.

Third District-Chicago, Douglas, Elkhorn, Florence, Jefferson, McArdle, Millard, Union. Valley, Waterloo and West Omaha

precincts. Fourth District-City of South Omaha and Clontarf precinct.

Fifth District-Fifth, Sixth and Ninth wards of Omaha and East Omaha precinct.

### Ostrom Makes Objection.

Connolly moved that the resolution be made a special order of business for 10 a. m., Wednesday, June 19, and the motion was about to be put to a vote, when Mr. Ostrom presented a protest in writing. Mr. Ostrom's protest was against the introduction or consideration of a resolution, or any other action, at the present session looking to or having in view an alteration of the district lines, for the reason that the lines are not subject to change oftener than once in three years, whereas they were changed in July of 1899, and for the further reason that the statutes prov-"that district lines shall not be chang at any session of the board unless all commissioners are present." Commissio Harte was absent.

Mr. Hoctor, as chairman, overruled protest, but allowed Mr. Ostrom's dema that it be spread upon the minutes.

Connolly then renewed his motion to ta a recess until 10 o'clock Wednesday morning and to make the consideration of the who wasn't found. gerrymander resolution a special order of business for that time. The motion prevailed, Commissioner Ostrom voting in the negative and Commissioners Connolly, Hofeldt and Hoctor in the affirmative.

The gerrymander proposed by the resolution introduced today has been in contemplation by the fusion majority of the county board for some months, but, respecting the law which provides that all the immissioners must be present to change the district lines, the fusionists have been waiting in vain for a full meeting. Either Mr. Harte or Mr. Ostrom has been absent from every meeting during the last few months.

## Intent of the Fusionists.

The resolution was presented yesterday morning, because the fusionists pretend to be of the opinion that a redistricting of the county is made mandatory at the first regular meeting of the board after the date of lar meeting of the board after the date of the publication of a federal census. This is one of the questions that will be in-volved in the litigation that is likely to fellow the addition of the gerrymander

At the meeting of the auditorium com mittee yesterday a subscription of \$1,000 by Allen Bros. was reported by J. F. Carpenter and \$250 by the Chicago Lumber com pany was reported by C. H. Pickens. New lists of parties to be canvassed for subscription, compiled from the telephone

Sanborn to the various members of the committee, who were urged to push the canvass during the next two weeks. The list comprised about 240 business men and firms, many of them of considerable magnitude.

An hour was spent in a discussion of the steps to be taken by the committee in view of the editorials in The Bee concerning the as the preachers are concerned by the auditorium project. The matter Was brought up by Rome Miller, who declared troduced a resolution to change the lines that the discussion of the subject in The yesterday morning. It reads: Bee was calculated to embarrass the committee in soliciting subscriptions, and he did not feel like giving his time, money and energy to a project if he had to be put the publication of the federal census, and on the witness stand every time he asked anyone to subscribe.

C. C. Rosewater said that he thought the articles in The Bee were calculated to help the committee to secure funds for an adequate building which would serve not only for the Omaha of today, but for the Omaha of ten, twenty or twenty-five years hence, in that it would teach the public what it is necessary for it to do in the way of contributions.

E. E. Andrews, J. F. Carpenter, W. S. Wright, C. H. Pickens, F. E. Sanborn and Clement Chase spoke in about the same tenor as did Mr. Miller and upon motion of C. S. Elgutter a motion prevailed instructing the secretary to invite the ad-

visory board, of which Mr. Rosewater is a member, to be present at the meeting Thursday afternoon.

A report was submitted showing that the profits of the recent Auditorium exposition were \$4,200. Another report showed book sales to the musical festival to have reached \$9,050, and sales of concessions \$270. The box office sales were \$1,421.25 for the first week and \$1,311.35 for the second, making the total receipts \$12,-052.

COMPROMISE REACHED BY THE FACTIONS Extremists of Both Branches Give

Way to a Moderate Expression of Sentiment on the Vexed Question.

The alleged degeneracy of Omaha's morals and a feasible means of improving themthe problem which has been agitating the clergy of the city for some two months past-was finally settled once for all as far passing of a compromise resolution at the regular meeting of the Ministerial union

yesterday morning. It reads: The Ministerial Union of Omaha declares its conviction that the good name of our city is being injured and the moral wel-fare of our people imperilled by the con-tinual and unrestrained violation of law. Not to speak of other instances, this is especially true of the laws relating to gambling and the sale of liquor. It is a matter of common knowledge that gambling in varied forms is openly carried on through slot machines and games of chance in many places throughout the city. It is a matter of equally common knowledge that the saloons habitually violate many features of the law under which they are licensed, especially under the laws requir-ing their doors to close on Sunday and forbidding the sale of liquor to minors and drunkards.

forbidding the sale of liquor to minors and drunkards. We call upon the mayor, who has re-cently demonstrated his power, to correct at least part of these evils, to observe his official oath in the full and continued en-forcement of all laws and ordinances. We call upon the law-abiding citizens of Omaha to assert themselves in all possible ways against the contempt for law and the consequent injury to the moral welfare of our city.

our city. This expression represents a general mean between the opinions of two factions of the local ministry. It was presented by a special committee of five and was

passed unanimously. Revs. Hatch, Herring, Hirst, Martin and Jenks comprised the committee. There was no discussion. This matter has twice before been considered by the union. At the regular meeting a month ago it came up, and again at

a special meeting called a week later. Neither time was the body able to agree on the resolutions presented by the com-

tee appointed for that purpose, nor were members to any extent unified as to at should be done. The more radical ired to indulge in some bitter censure

the authorities. Others advocated doing says, he had hair all over his head, and I saying nothing at all about it. Bethese two maximums other clergyn ranged themselves along by degrees. The formal expression finally adopted yesterday morning is acknowledged to be a destroy the cause and you remove the concession on the part of both factions. About twenty ministers attended the meet-

ing. Seven Years in Bed. "Will wonders ever cease?" inquire of

he friends of Mrs. L. Pease of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but, "Three bottles of Electric Bitters enabled me to walk." she writes, "and in three months I felt like a new person." Women suffering from hadache, backache, nervousness, sleeplessness, melancholy, fainting and dizzy spells

will find it a priceless blessing. Try it. Satisfaction is guaranteed by Kuhn & Co., only

with you in trifling matters. A "good fellow" is the neutral man. He provokes no opposition; is never the subject of criticism or the object of censure. If you have doubts about our selling you first-class goods at low figures, try a small purchase first, and you shall have no reason to "kick." A cheap article at a low price is no bargain; but a good article for little money is a business secret open with us.

# Some Men Think.

A high-price tailor only can give satisfaction. Others think cheap made-to-order clothes is the only thing.

# More Men Think

Nebraska clothing is better than cheap made-to-order clothes, and cheaper in price than the highprice tailor, so there's where "Ne-

braska clothing" gives better satisfaction both ways.

ollow the adoption of the gerrymander resolution on Wednesday. Other questions to be involved will be

whether the board has a right to change the districts without a full meeting; whether the districts have undergone change within three years, and whether proposed change conforms to the statutory provisions; that each district shall embrace as near as may be an equal number of inbabitants.

That the districts proposed by the Connolly-Hoctor gerrymander do not embrace "as near as may be an equal number of inhabitants" is shown by the following table:

Proposed districts. First Second Third

## Discrepancies Are Marked.

The Second district, in which Mr. Con nolly expects to run for re-election next fall, would have a population of 36,645, just 25,091 more than that of the Third district. The First district would have 5,133 more population than the Fourth, 19,720 more than the Third, 3,696 less than the Fifth and 5.371 less than the Second.

Another important feature of the proposed gerrymander would be the legislation of Commissioner Harte out of his district and out of his office. Mr. Harte lives in the Second ward, which the fusionists propose to take out of the First district and put in the Second district in order to increase Connolly's chances for re-election this fall.

Connolly's present district is the Second including the Third, Eighth and Ninth wards, and it is proposed to take out the republican Eighth and Ninth wards and substitute the democratic Second and the doubtful Third. This charge, so Connolly calculates, will make the First district democratic by about 600 majority.

### Why Connolly Moved.

In contemplation of such a gerrymander Connolly moved out of the Eighth ward to the appeal from the decision of Judge Esthe Dellone hotel in the Third ward about a month ago.

Hoctor is the only other commissioner miss members of the fire department. whose term expires this year, and the gerrymander is arranged so as to make motion to the supreme court his district, the Fourth, more reliably morning. He will ask that the case be addemocratic by taking out Millard, Mc- vanced on account of its great public im-Ardle and Douglas precincts and leaving it portance. Today the supreme court will end with South Omaha and Clontarf precinct its sitting for the present term. It will be

was also made to gain entrance to the home of Fred Youngs. days. ROWE COMPANY BIDS LOW

Certain Clause in Heating Proposi tion Makes Change in the Situation.

A clause in the proposal submitted by John Rowe & Co., for the installation of the heating and ventilating plant at the High school has provoked considerable discussion. The Rowe bid on the work was \$16,900. This was read in an open meeting of the

board. J. J. Hanighen offered to do the work for \$15,800. Upon clover examination Resorts in New England are reached it was found that the Rowe bid contained the following clause, "If eastern contractors daily from Chicago over Pennsylvania Short will be allowed to do galvanized iron work, deduct \$1,350."

Making this deduction, the bid is \$15, 550, or much less than the bid of Hanighen, who was originally supposed to have been

the low man. Upon examining the specifications it is found that there is no provision which would prevent any bidder from having the galvanized iron work done out of the city. A committee from the Metal Workers' union protested against having the galvanized iron work done by nonunion labor. Mr. Rowe has announced that he will have the work done in a union shop in Chicago, in case he gets the contract. Although the local metal workers prefer to have the work done in Omaha, their opposition was less pronounced.
